

Party Leader in Korea Quits Under Growing Pressure

Park Accepts Resignation in Attempt to Ease Discontent

BY ROBERT LIU

SEOUL, Korea (AP) — Kim Chong-pil, a chief target of the mounting student demonstrations in South Korea, resigned today as chairman of President Chung Hee Park's ruling Democratic Republic party.

Park accepted Kim's resignation in an effort to quiet the swelling public discontent. He had rejected a resignation from Kim over the weekend.

Kim, 37, was Park's right-hand man, former head of the secret police and a key plotter in the 1961 military coup that brought Park into power.

Colleges Closed
Park also ordered all colleges and universities in the country closed until July 4, a day before the start of the two-month summer vacation. Eighty-five schools with a total enrollment of 125,000 are affected. Leading universities had been the breeding ground for the riotous demonstrations which this week have raised the gravest challenge so far to Park's regime.

As a leader in recent negotiations to restore normal relations with Japan, Korea's old enemy, Kim was a particular object of student wrath. The current wave of student unrest began last March to protest the talks with Japan.

Marital Law in Seoul
A spokesman said Park expressed appreciation for Kim's work as party chairman when he called at the presidential mansion this afternoon to offer his resignation.

Seoul remained quiet under martial law. But despite a government threat to extend martial law over the whole country, students demonstrated in five cities today. The worst outbreak occurred in Pusan, South Korea's second largest city. Police resorted to tear gas for the first time in Pusan to break up a gathering of students at Donga University.

Later, 1,000 rock-throwing students laid siege to a police station until reinforcements arrived. A total of 2,500 high school students staged antigovernment demonstrations in Kimchon, Chongju and Kwangju.

In Taegu, 17 law students continued a hunger strike they began Thursday demanding the end of military rule in Seoul and the release of students arrested in earlier demonstrations.

Calm Restored As Talks Start At West Allis

College Students Walk From Plant Without Incident

MILWAUKEE (AP) — Peace returned to the picket lines at the Pressed Steel Tank Co. in suburban West Allis Thursday as company and United Steel Workers Union representatives held their first meeting with the Wisconsin Employment Relations Board and agreed to resume negotiations today.

Altogether, 30 arrests were made since the firm opened the plant to college student workers on Monday when they began summer vacations. One picket and a student were arrested early Thursday.

But in the afternoon, after conference had begun, 38 of the students walked without incident from the plant, some of them smiling at the 10 pickets who were on duty. About 200 spectators watched from the other side of the street.

Dispute Over Contract
Earlier as many as 150 pickets had marched at the gates. Local 1569 of the steelworkers, with about 650 members, has been on strike since April 1 in a contract dispute. A major issue apparently was the company offer of a three-year contract and the union request for a one-year pact.

The setback in picketing was announced by W.O. Sonnemann, counsel for District 32 of the steel workers. He said it was made "to create a climate of good will" for the conference table meetings.

Sonnemann denied the reduced picketing was a concession to the firm. After Thursday's eight-hour conference, a spokesman said an "agreement was reached by the union and company regarding picketing and student employment." Details were refused.

Negotiations, which were broken off a week ago, were scheduled to resume this afternoon before Eugene Mlynec of the Federal Mediation and Conciliation Service.

Disturbance May Grow Into Tropical Storm

MIAMI, Fla. (AP) — The Weather Bureau said a weak tropical depression moving into the south Gulf of Mexico about 400 miles southwest of Miami could become a tropical storm by tonight.

An Air Force reconnaissance plane from Hunter Air Force Base, Savannah, Ga., was scheduled to probe the disturbance today, the weather bureau said.

Peak winds in a band of rain were clocked at 35 miles an hour, according to the Weather Bureau's 11 p.m. advisory Thursday. That was less than the 39 m.p.h. required to classify the disturbance a tropical storm.

The depression's center then was moving slowly in a northeasterly direction.

Byrnes Wants Opinion On Freeing Delegates

William Kerek Poses with his spelling teacher, Estella Swearngi, after the 12-year-old seventh grader won the 37th annual National Spelling Bee in Washington Thursday. He spelled correctly 'geophagy' in the 30th round of the two-day competition. (AP Wirephoto)

N. Viet Nam Journal Hits At Khrushchev

Charges Sacrifice Of Revolution to Help Soviet Policy

TOKYO (AP) — Communist North Viet Nam accused Soviet Premier Khrushchev today of sacrificing world revolution to the needs of Moscow policy and of trying to bludgeon Red-ruled nations into doing his bidding.

An article in Hoc Tap, theoretical journal of the North Vietnamese Communist party, also blasted Khrushchev's attempt to marshal all Communist nations' economies under Soviet leadership in what he calls "Socialist division of labor."

Summarized by Peking
The article was written by Deputy Premier Pham Hung and distributed by Peking's New China News Agency in summary form.

The article implied that Khrushchev was interested primarily in the needs of the Soviet Union, and building up Soviet forces while withholding military help from other Communist nations. The article criticized the idea that world revolution can be achieved short of armed struggle.

Speaking of Khrushchev's "international division of labor" program, the article accused him of opposing the aspirations of other Red nations, such as Romania, for "self-reliance and building an independent economy for themselves."

Khrushchev—using the Council for Mutual Economic Assistance—Comecon—has attempted to assign Romania the task of concentrating on agriculture and its oil industry. Romania has resisted this, seeking greater industrialization.

Ball Talks With French Leaders

PARIS (AP)—US Undersecretary of State George W. Ball met for more than an hour today with Foreign Minister Maurice Couve de Murville of France for a review of the Southeast Asia situation.

Their meeting, in Couve de Murville's office, was a prelude to the discussion Ball is to have on the same subject with President Charles de Gaulle later in the day.

Ball and Couve de Murville chatted amiably and posed for photographers as they emerged from their meeting, but neither would say much.

May Clarify Convention Procedure

MILWAUKEE (AP) — Rep. John W. Byrnes, the favorite son presidential candidate, Wisconsin's Republicans, say he feels state law would allow him to release the state's 30 national convention delegates before the first nomination ballot.

Byrnes, reached in Washington, said Thursday night he was glad a ruling had been sought from the state attorney general's office "so there won't be any question about it."

Asked if he felt he could release the delegates prior to the first ballot, he said, "There always the potential that it could be done. If the candidate releases the delegates, they are released."

First Ballot Pledge

Delegates on the Byrnes slate elected in the April primary were required to sign a pledge saying they would vote for him on the first ballot or until received less than 10 per cent of the total vote on a single ballot.

Leo Fahey, supervisor of elections in the secretary of state's office, said he has asked the attorney general for a formal ruling on the statute covering the situation. Atty. Gen. George Thompson said the opinion would be prepared as soon as possible. The GOP national convention is set for next month.

Some backers of Sen. Barry Goldwater have suggested the delegation be released before the voting starts.

Practical Procedure

Wayne Hood of La Crosse, Midwest campaign director for Goldwater, said he felt the delegates could be released before the first ballot but would not be "As a practical matter," he said, "the delegation would not do it until the first roll call at any convention, the first roll call is informal until the chairman announces, after the roll has been called, that the roll going to be made formal. At that point, states can switch their vote."

Dodge County Man Convicted of Arson

WEST BEND (AP)—Laurel Schilling, 25, of Woodland Dodge County was convicted Thursday of two counts of arson in the \$60,000 fire at the Thrift mill in Slinger in April.

Traffic Patrol Will Use More Unmarked Cars

MADISON (AP) — Increased numbers of unmarked cars, airplanes and radar will be used by the State Motor Vehicle Department in a drive to slow the death rate on Wisconsin highways.

"Even though the death toll has seen some leveling off, we cannot help but exceed the 1962 record when 956 persons died," Dan F. Schulz, the department's director of safety said in announcing the campaign Thursday.

The state has recorded 377 highway deaths, compared with 301 on this date a year ago.

Schulz said the number of State Traffic Patrol officers on duty was "totally inadequate" to patrol major highways. He urged "every arm of the law to stop the mounting traffic death toll" and to exercise proper authority in correcting the mistakes of "every erring motorist."

Tuscaloosa Negroes Continue Protests in Business District

TUSCALOOSA, Ala. (AP) — Negro demonstrations were staged again today in downtown Tuscaloosa where at least 40 persons, mostly Negro teenagers, have been slightly burned when squirted with oil of mustard and other ingredients.

It was reported Thursday that nine Negroes and three policemen were treated for minor, irritating burns received when they were squirted with the liquid during a demonstration.

The Rev. T. Y. Rogers, a spokesman for the group, said they are protesting alleged segregated lunch counters and discriminatory hiring tactics.

Some persons, apparently in crowds which gather near the demonstrators, have been squirting them with oil of mustard and mixtures of lemon juice and water. They use small containers and slip away undetected, police said.

Youth Confesses Guilt in 5 Killings

Tip on Teacher's Slayer Leads to Other Admissions

KALAMAZOO, Mich. (AP)—A gasoline station at Battle Creek, Mich., last April 6. Five killings were admitted today, police said, by a youth arrested Thursday night on a tip in the slaying of a school teacher.

It was a tip in the hitchhiker slaying of teacher Gary Albert Smock of Plymouth, Mich., that led authorities to slightly built Larry Ranes, 19, of Kalamazoo.

State Police Sgt. Karl Outz said Ranes readily admitted killing Smock, then volunteered he'd also slain Charles Edward Snyder, 33, in holding up an Elkhart, Ind., gasoline station last Saturday while Smock's body still was stuffed in the trunk of the car he had taken from him.

Then came, the sergeant said, admissions in three other slayings.

Lutz quoted Ranes as saying he shot and killed Vernon Labenne, 23, in the \$200 holdup of

Cuban Flight Denial Laid To Coercion

MIAMI, Fla. (AP)—An anti-Castro group says government investigators coerced a member of their organization to deny he made a flight from Florida to Cuba.

Stung by a Pentagon statement that branded reports of the flight a "complete and utter hoax," the International Anti-Communist Brigade insisted the flight was made.

A statement said the plane took off from Florida on a flight plan to the Bahamas, landed at a base "outside U.S. territory" and then flew to Cuba.

The group said the plane returned to Florida, again on a flight plan, after dropping a field hospital to guerrillas and leaflets on Santiago de Cuba.

Faced Possible Penalty
The statement said that Frank Fiorini, a member of the group, denied only that he personally made the flight.

"The reason for that denial is that he and six other Americans are under an executive order to cease and desist any action against the Cuban Communist government or be faced with a two-year prison sentence and a \$25,000 fine for each offense."

Wallace Drive Plans Reported

BALTIMORE, Md. (AP) — A television station has quoted an aide to Alabama Gov. George C. Wallace as saying the governor will campaign for the presidency in at least eight Southern states.

Station WJZ said Thursday night that Bill Jones, Wallace's press aide, told a reporter the governor will run in Arkansas, Florida, Georgia, Louisiana, Mississippi, South Carolina, Texas and Alabama.

Jones also said Wallace may campaign in North Carolina and Maryland in addition to the eight other states, the Baltimore station said.

"Wallace says he does not expect to win the election, but wants a block of electors to bargain with both Republican and Democratic presidential nominees," WJZ said.

'Missing' Tot Took Lone Ride on Train

Salute Living, Honor Dead

Allies of World War II Observe Normandy Invasion Anniversary

BY HARVEY HUDSON

OMAHA BEACH, France (AP) — The Allied nations of World War II start two days of ceremonies today to salute the living and honor the dead of the Normandy invasion on the 20th anniversary of the assault.

Hundreds of D-Day veterans were assembling in the invasion area where American, British, Canadian and French soldiers stormed the beaches on June 6, 1944. Most were on private pil- house Thursday and rode it six miles to Steamboat Rock, where he got off.

Then the train took off again and left him, stranded and in tears, in the strange Iowa town.

Everything came out all right but David gave an anxious time to his mother, Mrs. Russell Larson of Lancaster, Calif., and Hardin County Sheriff Lowell McCormick before he was found.

Elderly Man Accused Of Possessing Still

MARINETTE (AP) — John Kurovski, 75, of the town of Porterfield in Marinette County was arrested Thursday by Treasury agents on charges of possession of an illegal still.

staying haughtily aloof—just as he did on D-Day. Premier Georges Pompidou had promised to attend, but canceled his acceptance.

Gen. Dwight D. Eisenhower, the supreme Allied commander of the invasion forces, wanted De Gaulle to participate in a D-Day address to the French people in 1944. But De Gaulle wanted to be recognized as ruler of France.

President Franklin D. Roosevelt said the United States had no intention of imposing any government on the French people. Without the recognition, De Gaulle refused to help with the broadcast, and ever since has been cool to Allied commemorations of the event.

It is also well known that De Gaulle was offended because the United States and Britain did not tell him invasion was imminent until two days before it took place.

De Gaulle will go on Sunday, however, to the Mont Valerien Cemetery outside Paris to place that has any claim to strategic importance in the assault that liberated France wants to pay tribute, the observances have been spread over two days.

Retail Group Opposed to Parking Test

Appleton Business
Unit Says Study
Would Hurt Stores

The Appleton Downtown Retail Association is opposed to the city's proposal to conduct a parallel parking test on two blocks of the College Avenue business district.

A letter citing the action taken by the merchants at a meeting Wednesday has been sent to Mayor Clarence Mitchell and the city council.

City officials have been considering a test which would try front-to-back parallel parking on the north side of the Avenue from Memorial Drive to Walnut Street.

Oppose Location
They feel the test would show whether or not the improvised type of parallel parking would be an advantage or disadvantage over the present angle parking.

When the test was first proposed last year, Chamber of Commerce spokesmen said it should be made on a side street where there is already parallel parking. However, city officials claim this would prove nothing.

The letter of objection to the city's plan was sent to the mayor and council by Giles R. Flanagan, the Retail Association's assistant secretary.

Serious Inconvenience
"At the June 3 meeting of the Appleton Downtown Retail Association, the merchants voted to go on record as being opposed to the city's proposal to use parallel parking on College Avenue in the area from Memorial Drive to Walnut Street, or any other part of College Avenue," Flanagan wrote.

"The merchants do not feel that this action is necessary or warranted at this time and that it would be a serious inconvenience not only to area shoppers, but a serious loss to places of business located on this street," Flanagan added.

Flanagan said the merchants were willing to meet with the appropriate city committee to discuss the matter further.

Hurt Business
When the council's public safety committee first discussed the parking test several merchants registered opposition in a petition filed with the council. They said it would hurt business.

City officials are investigating various types of parking as a guideline for eventually making recommendations when plans are drawn for reconstructing College Avenue.

Mrs. George Munro, Appleton Board of Education president, presents a surprise award to Herbert H. Helble, retiring after 39 years as Appleton High School principal, during commencement exercises Thursday evening. Helble Gets Standing Hand At Appleton Graduation

Mrs. George Munro Gives Plaque To School's Retiring Principal

(Other pictures on page A-8)
A standing ovation for Herbert H. Helble, retiring after 39 years as Appleton High School principal, highlighted the school's commencement Thursday evening.

Graduates and the audience rose in a spontaneous tribute to the longtime principal after Mrs. George C. Munro, board of education president, made a surprise presentation of a plaque to hang in the school "so future students and parents may be reminded of Herbert Helble and his devotion to this school." The plaque, which will hang in the Early American Room, reads "Herbert H. Helble, 1925-1964, in recognition of dedicated service to Appleton High School, from the Appleton Board of Education."

"Tonight he too is graduating," Mrs. Munro said of Helble. "For most people in Appleton there never has been any other high school principal. Few men in their professional careers have exerted such profound influence on so many people."

Helble Commended
She commended Helble for his "devotion to duty, pride in his school and its excellence, loyalty to his country and sacrificial service to education."

Through Education" and Dr. Leonard Haas, president of Wisconsin State College-Eau Claire, gave the commencement address.

Dr. Haas told the graduates they are entering "a world in which there is a premium on knowledge and skill which we have never known before, a time when there is a supreme demand for those who have professional skill and knowledge."

Graduation from high school has become a minimum in the kind of world in which we live, he said. "We are confronted with the necessity of continuing the learning process as long as we live."

He offered four words to guide the graduates: purpose, persevere, persevere and participate. "Let every man become all that he is capable of being," he said.

'Room at Top'
"When there is no room at the bottom and always room at the top, are you going to accept the poverty and paralysis of the bottom or will you find purpose, perseverance, perspiration and participation in order to make the best of yourself and your talents?" he asked.

534 Graduated
At the school's 60th annual commencement, about 534 students whom Helble presented as "a class that has been gifted in many ways, more than the average," received diplomas. The five top students presented a symposium on "Understanding

fields. It provides a social background to enable one to know people.

She termed these activities as "testing places" where good students and good citizens are formed. Here a person builds a background for future years when one meets new and different challenges. Miss Van Helvoirt said. She spoke briefly on the enjoyment found in outside activities.

The final talk, "Crossroads," was given by Marilyn Kuborn. She told graduates they "stand at the crossroads in life." She urged students to pick a station that suits them as individuals and learn from the mistakes of those who have gone before.

"Be individuals, not afraid to face up to challenges," he said. Kuborn said. She told graduates to fulfill their responsibility to

Airline Commended for Boardings in Outagamie

Appleton Swim Pools Spring Leaks, May be Open on Monday

Cracks Blamed on Heavy Water Pressure, Winter Weather

Appleton's two municipal pools—at Erb and Mead parks—which forced its closing for a week during mid-summer.

—have sprung leaks. The learn-to-swim program again will be conducted this year for youngsters six years of age and older.

Crews were expediting repairs today in hopes of having both outdoor swimming facilities ready for Monday. City Recreation Director E. W. Grover said cracks in the pools were discovered earlier in the week when they were being filled with water.

Heavy Pressure
Grover said the heavy water pressure, combined with the effects of the past winter weather, apparently accounted for the cracking.

The repairs at Erb Park pool were not major, Grover said, and the pool is being filled and will open on schedule.

However, there is some doubt as to whether the Mead pool repairs will be completed in time.

The leak in the Erb pool was discovered when it was three-quarters full of water. It takes 380,000 gallons to fill the pool.

Takes Less Time
Capacity of the Mead pool is 400,000 gallons but because of more modern pumping equipment there it takes less time to fill.

Grover explained that Mead pool is surrounded by tunnels four foot in height. Pipes and other equipment is located there.

When the pool was being filled, the water started to leak into the tunnels and at one point submerged a sump pump.

Grover said he did not think a car being driven by Mrs. Gretchen A. Gygil, 28, 832 E. College Ave. Mrs. Gardner received a neck injury and was developed at the Erb Park pool to see a doctor.

North Central Officials Cite County Port for Six Consecutive Months of Record Operations

Six consecutive months of record-breaking passenger boarding at the Outagamie County Airport has earned special commendation from North Central Airlines officials.

In addition, it has prompted the airline to assign the Appleton airport a June passenger quota which is 23.13 per cent higher than the actual number of boardings last June.

Winnebago County Airport, on the other hand, was assigned on

recommended the local office for surpassing monthly quotas each month from January to April. In January passenger boardings exceeded the quota by 12.91 per cent. In February it was over by 18.06 per cent; March, 3.33 per cent, and April, 9.33 per cent.

Jolitz said of the nearly 100 cities and airports served by the North Central system, Appleton is showing the biggest percentage gains in passenger boardings, and as a result is receiving proportionately higher monthly passenger boarding quotas.

Asks Reason
The high quotas to the Outagamie Airport for May and June prompted Jolitz to ask North Central officials in Minneapolis, "Why?"

The answer to Jolitz indicated airline officials feel the Appleton airport is only beginning to meet its potential as a source of airline customers. Jolitz was commended for the increase in business and was told Appleton's Fox Cities terminal is proportionately one of the biggest gainers in the system.

In June of 1963, 536 passengers boarded airline flights in Appleton. The quota assigned for June of this year is 660, 124 or 23.13 per cent higher than last year.

The Oshkosh airport, which is competing with Outagamie for

'Motor Pool' May Result From Study

Outagamie Unit Considers Leasing Cars for County

A "motor pool" of cars for Outagamie County employees may be the result of a continuing study by the county civil service and salary committee.

Thursday the committee agreed to carry its self-appointed study into the county transportation problem one step further to see if money would be saved by leasing cars for police and sheriff authorities as well as county employees who use their own cars and receive mileage.

Members heard chairman
John Schreiter estimate that "several thousands" of dollars would be saved in mileage alone if the county went into leased car programs. Maintenance of the vehicles would be done by the county highway department.

Money Savings
Schreiter said that money saved in the leasing program would be returned to the county in the form of higher salaries for law enforcement personnel. County police and sheriff authorities own their own cars and are paid mileage for their monthly use.

A survey on the possible use of county-owned cars by other than the sheriff and police departments will be undertaken by the committee. Schreiter said the information will be turned over to the police and traffic committee.

Man Pleads Innocent Of Disorderly Conduct
Ronald Schomisch, 60, a welfare resident at the Appleton City Home, Thursday pleaded innocent to a charge of disorderly conduct. Schomisch is being held in Outagamie County jail for trial Wednesday.

He was arrested and held by police Wednesday night after it was reported he came to the city home and became belligerent with a nurse on duty. He has failed to post bond of \$100.

Boy Injured When Struck by Auto at Appleton Crossing

David Richter, 10, son of Mr. and Mrs. D. T. Richter, 925 W. Bell Ave., was taken to Appleton Memorial Hospital about noon today for treatment of injuries he received when struck by a car at County Trunk and Mason Street.

The youth received fractures of the leg and elbow and bruises. He was crossing the street when the accident occurred.

Angle Parking Factor In Appleton Mishap
West College Avenue's angle parking may have been responsible for a minor two car accident in the 100 block Thursday. One person was slightly injured.

Police said Mrs. Barbara A. Gardiner, 31, 1519 S. Kernan Ave., stopped her car in traffic to let a car back from a stall.

Her car was hit in the rear by a car being driven by Mrs. Gretchen A. Gygil, 28, 832 E. College Ave. Mrs. Gardner received a neck injury and was developed at the Erb Park pool to see a doctor.

KHS Seniors Told to Face Changes in World to Grow

Speaker Says Graduates Enter Life Filled With Uncertainty

KAUKAUNA — "When your life's work presents itself, be willing to give of yourself," a hometown boy told 240 Kaukauna High School seniors at commencement exercises here Thursday.

David Derus, a son of Mrs. Joseph Derus, was graduated from Kaukauna High School in 1948, winner of the Thilman award and a member of various honorary organizations.

He now holds degrees from St. Norbert College, St. Lawrence College, Lawrence College, the University of Chicago and Yale University.

Dr. Derus is a member of the English department at the University of Illinois.

"Time of Transition"
He told the students they face a "time of transition."

"There have been massive changes in the world, whether you willed it or helped to build it," Derus said.

Among these changes, he said, are burgeoning population, scientific development and drift toward bigger government.

"Big government affects you more now than it ever has," he said. "But I don't want you to think this is a sermon against big government. It may be the only alternative to chaos."

Uncertain Times
Graduation speakers, he said, must talk of the wide opportunities which graduates faced, but that time is gone.

"We live in a world of expanding opportunities, but it is threatened by uncertainty," the former Kaukauna student said.

He listed these three responses students could make to graduation:

—No response from the student who doesn't want to change, to grow.

Have "Authentic" Motive
—Ride along with the tide. The student who "looks out for No. 1, whose goal is to be a cog, and who is affected by an anonymous public opinion."

—I am myself with authentic motives," which Derus said was the response each of the students should make.

Janice Mitchell, co-valedictorian and president of the class, gave the welcome address. Class speakers were Thomas Kiffe, co-valedictorian, and Sharon Chambers.

Both Kiffe and Miss Chambers urged their classmates to "broaden your perspectives beyond those you have acquired in the Fox Cities."

Musical Selections
Principal W. G. Schmidt presented the class, and Marshall Bayorgeon, president of the board of education, awarded the diplomas. Supt. Julian Bichler introduced Derus.

Musical selections were given by the Kaukauna High School band, directed by Stephen Schultz, and by the mixed chorus, directed by Robert Lamont.

The Rev. Joseph Bauschka gave the invocation and benediction.

This graduation, held in the school gymnasium to accommodate the 1,500 persons there, was the first held in the new building.

Seniors at Kimberly High Give Commencement Talks

Importance of Being Individual Stressed by Four Graduates

KIMBERLY — Graduates of Kimberly High School Thursday night heard fellow classmates deliver commencement addresses and learned the importance of being an individual.

City officials are investigating various types of parking as a guideline for eventually making recommendations when plans are drawn for reconstructing College Avenue.

Awakening
Margaret Weyers talked on "Awakening," stating graduates were awakening to life and its responsibilities. She told students they would discover the problems that lay ahead and the last 12 years was merely only they as individuals could a foundation for future years, solve these problems.

She stressed the importance of each individual in society and his necessity to do his part "are a foundation for what follows, and the record established in school will determine what will do in the future." Goals boldized extra curricular activities in school. Through these friendship, responsibility and ob-

activities, she said, a student discovers abilities in various

fields. It provides a social background to enable one to know people.

She termed these activities as "testing places" where good students and good citizens are formed. Here a person builds a background for future years when one meets new and different challenges. Miss Van Helvoirt said. She spoke briefly on the enjoyment found in outside activities.

The final talk, "Crossroads," was given by Marilyn Kuborn. She told graduates they "stand at the crossroads in life." She urged students to pick a station that suits them as individuals and learn from the mistakes of those who have gone before.

"Be individuals, not afraid to face up to challenges," he said. Kuborn said. She told graduates to fulfill their responsibility to

Return of Bridge Survey Cards Near 80,000 Mark Today

Per Cent Mailed Back May Break National Record

MENASHA — The return of cards distributed in a bridge traffic survey in five Fox Cities Tuesday is rapidly approaching the 80,000 mark. A check with seven post offices this morning revealed that an estimated 78,447 cards have been mailed so far.

The return of cards may surpass any other survey of this type at any other time not only in Wisconsin but in the United States, according to some engineers.

Cards continued to pass through post offices this morning, although the number is diminishing.

64 Per Cent Return

A 12 per cent return on this type survey is considered to contain workable information. No

Fox Bridge Clearance Policy Is Considered

U. S. Army Corps of Engineers is considering setting a formal bridge clearance policy on the Fox River between Lake Winnebago and De Pere, in view of proposed new bridges by the State Highway Commission.

The new policy being considered would establish a minimum vertical clearance of 25 feet above standard low water.

Deadline for filing objections, comments and suggestions with the engineers' Chicago office is June 30.

survey of this type in Wisconsin has ever had more than an 18 per cent return. The Fox Cities survey will have a return of approximately 64 per cent.

Leroy Empey, district engineer for the state highway commission, this morning could think of no appropriate words to describe the return.

"It is so far beyond our past experience. . . all I can say is that it demonstrates the territory we are in."

Empey said he will check other surveys for a comparison on returns but he was certain none have been as successful as this.

Flow Continues

Returns continued to rise at all post offices this morning. Appleton, with the largest volume so far, reported 28,482 mailed there; others were Menasha, 16,

1498; Neenah, 20,592; Kaukauna, 11,500; Little Chute, 2,000; Kimberly, 2,000 and Combined Locks, 225. An estimated 500 cards have been mailed in other towns and cities. Oshkosh reported many being mailed there.

\$5,273 in Golfing Equipment Stolen At Country Club

An estimated \$5,273 in golf equipment was the loot taken from the Butte des Morts Country Club, 3600 W. Prospect Ave. early Wednesday morning. The burglary was discovered Wednesday and a day-long inventory to determine what was missing was conducted by club officials.

Sheriff authorities said the burglars may have been the same as those who broke into pro shops in Racine County and in Winona, Minn., early this year. All clubs have been notified to be alert for the burglars. Lt. Jack Zuelzke said.

The burglars apparently filled a lawn cart with equipment, shoes, clothing, golf balls and carted it from the pro shop to a vehicle parked at a nearby nightclub. The Club Terrace on U.S. 41. The cart and tracks leading to the area were found by authorities Tuesday.

Taken were seven golf bags, several hundred golf balls and three dozen golf club sets, candy and cigarettes and \$161 in cash. Entry was made by forcing the door of the pro shop.

Funeral Services Set For Lawrence Trustee

Funeral services for Alan C. Hackworthy, 63, Madison, alumnus and trustee of Lawrence College who died at his home Thursday, will be in Madison Saturday.

Services are set for 10 a.m. at Grace Episcopal church, where he served as junior and senior warden. Friends may call at Frautschi West Funeral Home, Madison, until time of services.

Hackworthy is survived by the widow, two sons and a sister, Mrs. Elmer Root, Appleton.

Convention Plans

NEENAH — Plans for the convention at Ashland will be discussed when members of Barracks 2318, World War I Veterans, meet at 2 p.m. Monday in the community room of the First National Bank, according to P. N. Rice, commander.

On Official Paper

Injunction Against Neenah Is Dismissed

OSHKOSH — The motion of Daniel J. Goggin, Neenah, to dismiss his two injunctions prohibiting the Neenah Common Council from entering into a contractual agreement with the Twin City News-Record for the publishing of the city's legal notices and council proceedings was granted this morning by Circuit Judge Arnold J. Cane. The Neenah Council has voted the contract for publication of official proceedings to the Oshkosh Daily Northwestern.

The motion was made by Goggin at the May 18 court hearing on the injunctions.

The injunction brought by the TCNR prohibiting the Neenah council from awarding the official newspaper contract to the Northwestern until such time as the Goggin injunctions were resolved was automatically dropped, Judge Cane said.

Menasha Case Pending

The injunction brought by Thomas Fink, Menasha, prohibiting the City of Menasha from entering into a contractual agreement with the TCNR is still pending, and will be set down for prompt trial, Judge Cane said.

He emphasized that a meeting will be called of the councils involved in the entire matter with both cities, the TCNR and the Northwestern for Monday, June 15, in an attempt to see how to best expedite the matter of the real merits of the case.

Judge Cane said he was basing his action dismissing the Goggin complaint on a state supreme court case out of Waukesha County. In that case it was determined a writ of certiorari rather than an injunction was the proper legal procedure

Stolen Car Abandoned Near Black Creek

A car reported stolen in Chicago Thursday was found abandoned near Black Creek Thursday night. There were no ignition keys in the car when Outagamie County police discovered it.

The car is being stored in a Black Creek garage awaiting the arrival of its owner.

Better Than Late Show

Serious City Council Meeting Has Its Light Moments, Too

BY WILLIAM C. CAREY
Post-Crescent Staff Writer

Ye ol' town meeting at the Appleton City Hall Wednesday night was a rip-snorter.

Better yet than the late, late show.

Longer, too, when you consider that aldermen warmed their chairs for close to six hours.

In fact, it was the first time in quite a few moons that a council meeting started on one day and ended the next.

It produced a few humorous tidbits although for the most part the subject matter of the evening . . . and early morning . . . was serious.

There were these sidelights, highlights and quoteable quotes:

For the first time in recent years, according to some of the old-timers, it was the first time the council had three "breaks" during one meeting. Adjournment finally came at 12:42 a.m. Thursday.

During the intermission spectators went across the street to a restaurant for "coffee breaks" and the bubbler on the first floor of the city hall won the popularity contest. You had to wait in line to quench your thirst.

Four women spectators—apparently not used to the rigors of council meetings—were observed gulping down aspirins and tranquilizers. "I don't know why I'm so excited," commented one of the gals. "I just came here to watch."

One Appleton resident appearing before the council on

"Pearls From Paris" Was the Theme of Hilbert High School's annual style show presented by the home economics department. "Pearls" around the shell are, from left, Marjorie Kees, Gloria Heimerl, Vicky and William Pitch, son and daughter of Mr. and Mrs. Arthur Pitch, Oshkosh, who modeled junior clothes made by Pat Kuepper and Vivian Haltinner. (Thiel Photo)

A. J. Thelen to Speak

County Officers Unit Will Hear Wisconsin Boards Secretary Talk

OSHKOSH — "Legislation Affecting County Officers" will be discussed by A. J. Thelen, executive secretary of the Wisconsin County Boards Association, as the joint convention of county treasurers, registers of deeds and clerks of court opens here Sunday afternoon.

Thelen will speak at a 4:30 p.m. joint meeting of the groups Sunday in the Cypress Room of the Hotel Rauff. Registration will be from 2 to 4:30 p.m.

Also on this afternoon's joint meeting program will be welcome addresses by Winnebago County Board Chairman Joseph F. Drexler and City Manager Ray E. Harbaugh of Oshkosh and the response by Max A. Barczak of Milwaukee County, vice president of the Wisconsin County Officers Association.

A business meeting and committee appointments will complete the afternoon session which precedes a buffet supper at the Legion-on-the-Lake at 7 p.m. Sunday.

Individual meetings of the three groups of county officers will be held during the day Monday through Wednesday. The joint banquet will be at 6:30 p.m. Tuesday at the Hotel Rauff with Circuit Judge Arnold J. Cane as the toastmaster and entertainment by the Kimberlares under the direction of Mrs. Ray G. Doell. Dancing will complete the banquet evening program.

Speakers for the clerks of courts will be Judge Cane, Court Administrator John E. Martin, a retired state Supreme Court chief justice. Atty. Gen. George Thompson, Ass't Atty. Gen. Warren H. Resh, Henry A. Hilleman, judicial council

executive secretary, John W. Thompson, director of the state Motor Vehicle Department's driver control division and Prof. Robert F. Boden of Marquette University Law School.

State Treas. Dena Smith will headline the speakers to the county treasurers with other speakers including Atty. Gen. Thompson, Thelen, Harold Persons, an assistant attorney general, Richard Williams, director of inheritance and gift taxation of the Wisconsin Department of Taxation and Raymond S. Malow, former supervisor of municipal audits for the Department of State Audit.

KAUKAUNA — James C. Hartjes, 39, State St., Combined Locks, pleaded not guilty to a charge of driving while under the influence of an intoxicant and posted bond of \$220 before Oscar T. Jahns, municipal justice.

Hartjes was arrested Sunday after a vehicle he was driving crossed the center line of the road and struck an oncoming car. Trial was set for Aug. 3.

Appleton Man Denies Tippy Driving Charge

Thomas J. Van Dyke, 29, 823 W. Commercial St., pleaded innocent today to a charge of driving while under the influence of alcohol. He appeared in Outagamie County Court Branch Court Administrator John E. Martin, a retired state Supreme Court chief justice. Atty. Gen. George Thompson, Ass't Atty. Gen. Warren H. Resh, Henry A. Hilleman, judicial council

Special speakers for the clerks of courts will be Judge Cane, Court Administrator John E. Martin, a retired state Supreme Court chief justice. Atty. Gen. George Thompson, Ass't Atty. Gen. Warren H. Resh, Henry A. Hilleman, judicial council

he should not be subject to "double indemnity" for the street.

While a multitude of questions popped up during the street hearings, several went unanswered . . . such as: "What's the exact life expectancy of the Fox River Bridge?"

As the hours waned, one alderman decided to sneak a smoke shortly after midnight but was informed by Mayor Clarence Mitchell that the council had a "no smoking" rule.

"That's only on the Wednesday nights when we meet," quipped a non-smoker from across the room, "Today's Thursday."

Mitchell ruled that smoking would be taboo in the chambers while the council was in session.

He put across the point that

LEGAL NOTICES

The Circuit Court of Outagamie County, dated May 20, 1964, and hereinafter referred to as the Circuit Court of Outagamie County, has hereby notified that the filing of such list of tax liens in the Office of the Clerk of the Circuit Court of Outagamie County, commencing on the 27th day of July, 1964, a special proceeding in the Circuit Court for Outagamie County to foreclose the tax liens therein described by foreclosure proceedings in rem and that a notice of the pendency of such proceeding against each piece or parcel of land therein described was filed in the Office of the Clerk of the Circuit Court on May 20, 1964. Such proceeding is brought against the real property herein described only and is to foreclose the tax liens described in such list. No personal judgment will be entered herein for such taxes, assessments or other legal charges or any part thereof.

TAKE FURTHER NOTICE that all persons having or claiming to have any right, title, or interest in or lien upon the real property described in said list of tax liens are hereby notified that the filing of such list of tax liens has been posted in the office of the County Treasurer of Outagamie County and will remain posted for public inspection in the Office of the County Treasurer, in the County of Outagamie, Wisconsin, on or before said 27th day of July, 1964, redeem such delinquent tax liens, payable to the County Treasurer of Outagamie County, the amount of all such unpaid tax liens and in addition thereto, all interest and penalties which have accrued on said taxes, assessments or other legal charges or any part thereof, and including the date of redemption.

TAKE FURTHER NOTICE that any person claiming to have any right, title, or interest in or lien upon any such parcel, may on or before said 27th day of July, 1964, redeem such delinquent tax liens, payable to the County Treasurer of Outagamie County, the amount of all such unpaid tax liens and in addition thereto, all interest and penalties which have accrued on said taxes, assessments or other legal charges or any part thereof, and including the date of redemption.

Now comes the County, a political subdivision of the State of Wisconsin by R. A. Bentz, its county treasurer, by A. W. Ponath, Corporation Counsel for said county, and by Lucille M. Lyons, Secretary of Outagamie County for taxes of 1955 and 1962 inclusive, sales of 1956 through 1963, and alleges and shows the Court:

1. That each of the following described parcels of land have been sold to Outagamie County for delinquent taxes and three or more years have elapsed since the date of such sale, to-wit: being the sales for the years indicated below.

2. That Outagamie County is now the owner and holder of tax liens for the years indicated above as evidenced by the tax sales certificates numbered as follows:

3. That Outagamie County has by ordinance adopted and by resolution adopted, and by the Board of Supervisors of said County, December 9, 1947, elected to proceed under section 75.521 of Wisconsin Statutes for the purpose of the sale of such tax liens, commencing on adoption of the ordinance.

4. That said list, made and filed in the Office of the County Treasurer, is a true and correct list of the 75.521 of the Wisconsin Statutes, is as follows:

Parcel No. & Description
1. 200 Acres of the North 50.82 acres of the West 73.85 acres of the Northwest Fractional 1/4 of Section 31, T22N, R16E, Town of Ellington.

Appleton Production Credit Association, Nye, Wisconsin, and Lucille M. Lyons, Secretary of said County, December 9, 1947, elected to proceed under section 75.521 of Wisconsin Statutes for the purpose of the sale of such tax liens, commencing on adoption of the ordinance.

Praise Airline For Record High Boardings

Continued from page 1

North Central service, boarded 2,895 passengers in June of 1963. That airport's quota for this June is 2,900, or only 0.173 higher than a year ago.

The present Outagamie airport northeast of Appleton will be abandoned this fall and the county's new airport in Town of Greenville will go into operation. Jolitz today released traffic figures for May at the Appleton airport, and comparisons with last year.

More Than 1963
Outgoing passenger and air express figures far exceeded a year ago. Passenger boardings totaled 646 compared to 526 last year, while air express was 2,302 pounds compared to last year's 1,641 pounds.

Decreases were shown in air mail and air freight figures. Mail was down from 2,546 pounds to 1,365 pounds, and freight fell to 6,930 pounds from 8,885 pounds.

Passengers terminating flights in Appleton for June was up from 452 to 506. Increases also were made in express and air freight. Express was up from 3,039 to 3,962 pounds, freight arrivals climbed from 4,950 to 15,466 pounds. The only decrease in terminating figures was 879 pounds of mail, compared to 1963's 952.

Jolitz said since 600 passengers is no longer a "magic mark," 700 passenger boardings is becoming "a more realistic goal."

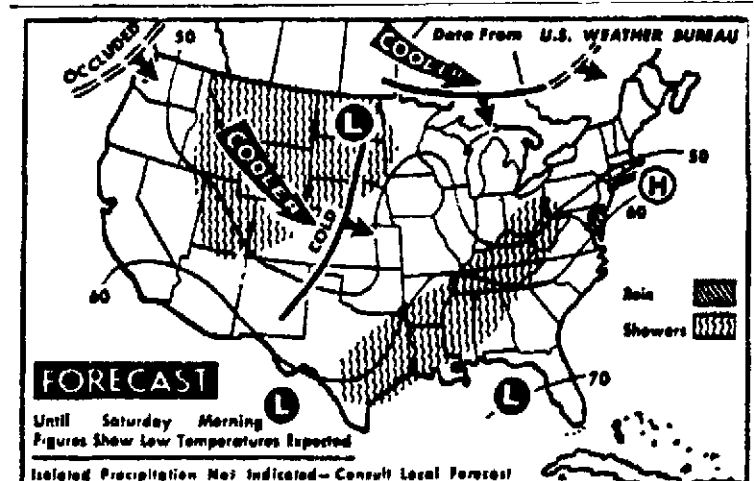

Marriage Licenses

Monastery Will Have First Open House Since Built in 1918
MARATHON — The Capuchin Friars of St. Anthony will open the doors of their monastery here to men and women of all faiths for the first time since it was constructed in 1918 Sunday, June 14, from noon to 5 p.m.

According to Catholic Church law, women are not allowed in the cloistered section of a monastery, but because of completion of a new addition, the Vatican has granted the friars permission to conduct an open house.

The friars, cloistered Roman Catholic priests living a community life, are extending special invitations to non-Catholic observers.

Correction
Clifford Barth, 40, a Waupun State Prison inmate, who Tuesday was granted a re-hearing in Outagamie County Court Branch 2, is a former resident of 716 W. Elsie St. The Post-Crescent Thursday indicated the man still lived at that address.

Showers Are Due tonight in parts of the northern and central Rockies and northern plains and from the western Gulf coast region eastward through the lower Mississippi valley into the Ohio and Tennessee valleys. It will be cooler in the Pacific northwest and central plains and milder in the lower Great Lakes region and parts of the southern Gulf coast. (AP Wirephoto Map)

"For Water Where You Want It"

Brother Isidore Herriges, O. F. M. Cap., who will leave St. Joseph Catholic Parish, Appleton, soon for the Capuchin mission in Nicaragua, looks over some of the pieces he has carved from wood. He began his hobby of "whittling" about 10 years ago, and has had no art training. (Post-Crescent Photo)

Appleton Brother to Receive Mission Cross in Service Sunday

Capuchin Stationed at St. Joseph To Serve Three Years in Nicaragua

Brother Isidore Herriges, O.F.M. at the Capuchin mission in Nicaragua, who has been stationed at St. Joseph Catholic Church, about 30 priests. One of the Appleton, for two years, will receive his mission cross in a special service Sunday and leave June 21 to serve in the Capuchin mission in Nicaragua.

The Capuchin mission serves the Vicariate of Bluefields, made up of the eastern half of Nicaragua in an area bounded by the Caribbean Sea, Honduras and Costa Rica. The 100,000 people of the area, of Spanish, Indian and Negro descent, suffer from extreme poverty and much sickness, he said.

Hot Spot
The mission is located in one of the hottest areas of the earth Sunday evening, following a church service at 7:30 p.m. in which he will receive his mission cross. The services will include a sermon and Benediction of the Blessed Sacrament.

13 Years
Brother Isidore, a native of Kewaskum, has been a Capuchin for 13 years, serving in Michigan, Indiana and other parts of Wisconsin before coming to St. Joseph two years ago. He has served as porter and worked in the church sacristy, kitchen and laundry at St. Joseph.

He will be the second brother to receive the cross in the parish ("kids flock around me, I don't know why," Brother Isidore believes the best way to win vocations to the religious life is through "silence and example."

Five Judges for Miss Wisconsin Listed; Three Served Last Year

National Panelist Among Those Named To Select 1964 Queen at Oshkosh Event

OSHKOSH—The five judges—School of Photography and Fine Arts in Berlin and as a degree at the national contest—who will choose the 1964 Miss Wisconsin was announced today by Jack Erkilli, state executive director of the Miss Wisconsin pageant here June 18-20.

Serving as judges will be Mr. and Mrs. Rod Mitchell, Ron Williams, Anthony Orozco and Kurt Jafay. Three of the judges judged here last year.

Gloria Mitchell, Minneapolis, was a judge at the 1963 pageant. After acting as chairman of the visiting queens committee of the Minneapolis Aquatennial for three years, she served with her husband as chaperone for Miss Minnesota for four years.

Judge Other Contest
Mrs. Mitchell has judged many local and district pageants in Minnesota and state pageants in North and South Dakota, Wisconsin and Iowa. In addition to her appearance in Oshkosh, she will also judge the Miss Illinois and Miss Wyoming pageants this year.

Gloria's husband, Rod, serves with her to make a husband and wife judging team that has become well known in pageant activity. Rod Mitchell was business manager for the Miss Minnesota pageant for two years.

Working with his wife, he has judged Iowa, North and South Dakota, Wisconsin and Wyoming pageants. He operates a personnel consultant service in Minneapolis.

Insurance Agent
Ron Williams, who owns an insurance agency in North St. Paul, was state chairman of the Miss Minnesota Pageant in 1956-60 and executive director in 1961-62. He was named as "outstanding director" by the Minnesota Jaycees in 1961. He has judged many local and district pageants and also the Miss Minnesota finals.

Williams served as business manager for two Miss Minnesota contests, attended the Miss America pageant for two years and was selected to teach classes in judging.

Anthony Orozco is owner of the Flair Salon, Minneapolis. He has won many trophies in the field of hair styling and was judge in the 1963 Miss Wisconsin pageant.

Photographer
Rounding out the judging panel is Kurt Jafay, a native of Berlin, Germany. He was graduated from the Contemporary

man by developing their talents and closed with a quotation of Socrates. "In order to accomplish your goal, make every step you take go in the direction of that goal."

Band Processional
The program opened with a processional by the Kimberly High School band under the direction of Gordon Kotkosky. After the "Pledge of Allegiance," led by Sharon Van Zeeland, Jerry Schultz, master of ceremonies, took over the program. Mark Seidel spoke on behalf of the Honor Society and John Rooyackers spoke on awards. Gerald Wyngaard gave the introduction to the theme and Mary Mantei read the class poem, "Les Memoirs." She repeated the poem after the main talks.

After a selection by the Mixed Chorus under the direction of Allen Leicht, Principal Darrell Larson introduced the class. Ray Hamann, superintendent of schools, accepted the class and Harold Wentzel, president of the board of education, presented diplomas to 106 graduates.

Marilyn Kuborn, valedictorian, received a scholarship award. Alice Van Helvoirt was introduced as salutatorian. The leadership award went to Stephen Meyer, and the science award to Jerry Schultz.

Winners of the athletic awards were Lee Levknecht and Gerald Wyngaard while Mary Mantei took the forensics award. Mark Seidel the Kimberly Education Association Scholarship and Joan Ketels the John Gerrits Memorial Award.

Helble Given Standing Hand At Graduation

is the best deterrent to hate based in fear."

"Education will continue in everything we do," said Ann Brummund. "Education is a living, changing thing. There is so much to learn everywhere."

'Discover Uniqueness'
"If we can understand, maybe we will discover the uniqueness of others and ourselves," she said.

The program included three musical presentations by the graduates. Kathryn McMahon on the flute and Christine Grupe on the French horn played "Sous le Ruy" by Doppler. Christopher Dahl and Alice Ruth played the "Bach Double Violin Concerto." Both selections were accompanied by Paul Emmons.

A vocal trio of Nancy Eckes, Sarah Ogne and Pattie Thibodeau sang "The Halls of Ivy" by Russell-Knight, accompanied by Fredrika Van Ryzin.

Mrs. Munro presented diplomas to the graduates. The Rev. John Seidler gave the invocation and benediction.

Have you ever seen 7,000 grown men cry? You'd think success would make them happy, but ever since Mustang came out, seven thousand Ford Dealers all over the country have been weeping and wringing their hands. They can't get as many Mustangs as they would like. All this would upset us, too, except it's happened to us before. You see, this was the hottest sales year in Ford Division history even before Mustang came out. At the beginning of the model-year, dealers couldn't get enough of our big, hot Super Torque Ford Hardtops (sales up 54%)...or luxurious Thunderbirds (sales up 68%). Falcon sales are almost as big as Chevy II and Valiant combined. Fairlane continues to be a leader in its field. So, even though some people would like us to put all our plants to work on Mustang, we can't let down our hundreds of thousands of Ford, Thunderbird, Falcon and Fairlane lovers. Why don't you come see what all the shouting's about? Ask your Ford Dealer for a test drive. (You might even get him to smile.)

Koufax Stops Phillies With Third No-Hitter of Career

Sandy Koufax, left, and Frank Howard of the Los Angeles Dodgers scuttled Philadelphia Thursday night from the mound and at the plate. Koufax hurled his third major league no-hitter and Howard drove in the game's only runs with a seventh-inning 3-run home run. (AP Wirephoto)

Issues Only One Walk in 3-0 Victory

BY MIKE RATHET
Associated Press Sports Writer

Sandy Koufax has finished practicing. He finished about halfway through the third no-hitter of his major league career, allowing only one walk in a 3-0 victory over Philadelphia Thursday night and joining Bob Feller as the only triple no-hit hurlers in modern baseball history.

Minutes later, in the Los Angeles Dodgers' dressing room, the unshaven Koufax made a startling revelation—in the first few innings he was just trying to adjust his motion.

"I have been studying pictures in magazines of my form," Koufax explained, "and suddenly realized that I had been stepping too far to the left with the right foot across my body."

Made Adjustment
"So in the first few innings I concentrated on making an adjustment, stepping more to the right. It felt fine. I had the old pitching rhythm back."

No one knew it was missing. Koufax had not been the sensational pitcher he was last year when he won Most Valuable Player honors and the Cy Young Award as the best pitcher in the majors. But everyone presumed he was still shaking off an early season injury.

Against the Phillies, it was difficult to tell where Koufax corrected his mistake. Only four balls were hit to the outfield and the closest thing to a hit was Richie Allen's slow grounder in the seventh inning, scooped up by third baseman Jim Gilliam, who quickly fired to first for the out.

Allen also was the lone Phillies' baserunner but was thrown out attempting to steal after walking on a 3-2 pitch in the fourth inning.

Koufax said the fourth ball to Allen—the only thing that stood

John Bizzarro, Frank Narvaez Meet in TV Go

NEW YORK (AP) — After 55 pro fights, Johnny Bizzarro of Erie, Pa., finally gets a main event in Madison Square Garden tonight only to bump into a red hot fighter, Frankie Narvaez, with a 13-bout winning streak.

Both are aiming high. Bizzarro, rated No. 1 or No. 2 in the junior lightweight—130 pounds—class by the various rankings, is anxious for another shot at Flash Elorde's title. Narvaez, No. 7 or No. 8 in the rankings among Carlos Ortiz' contenders in the lightweight class, hopes to graduate to a championship bout.

Bizzarro has a 46-7-2 record dating back to 1958. In two 1964 starts he lost a decision to Kenney Lane and stopped Ricky Palmieri.

Narvaez, unbeaten since Dec. 16, 1961, stopped Tony LaBarbara and outpointed Luis Molina and Vincent Derado this year. His record is 19-11-1.

The 10-round match will be carried on network (ABC) television at 9 p.m., EST.

MINNESOTA SIGNS College Pitcher

To Bonus Contract

SANTA CLARA, Calif. (AP)—Pete Magrini, right-handed pitching ace of the Santa Clara University Broncos, was signed Thursday to a bonus contract by the Minnesota Twins of the American League, and assigned to Charlotte, N.C., of the Class AA Southern Association.

Amount of the bonus was not disclosed. Magrini would say only that the contract was "very good."

Magrini, 21, became the third Santa Clara senior to be signed to major league contracts in the past week. Left-handed pitcher Larry Laughlin signed with the Philadelphia Phillies last Sunday and third baseman Tim Cullen was signed Monday by the Boston Red Sox of the American League.

Tim Sommer Hurls Foxes to Sixth Straight Victory

Fox Cities in Second Place; John Matias, Huntz Homer

WISCONSIN RAPIDS — Tim Sommer twirled a 5-hitter and five appearances at the plate. John Matias and Steve Huntz provided the power as the Fox Cities Foxes increased their victory string to six straight with a 9-1 decision over Wisconsin Rapids here Thursday night.

The Foxes moved into second place in the Midwest League ranks with the victory.

Sommer, who boosted his season log to 6-0, pitched masterfully, striking out 11 and walking just two.

Sommer gave up a sixth-inning homer to Twins' rightfielder Pat Kelly. He was in trouble in the fifth and seventh innings, but managed to escape unscathed.

Out of Jams

The first two men reached base in the fifth and runners were on second and third in the seventh with none out, but the bespectacled righthander hurled his way out of both jams.

John Matias and Steve Huntz poled circuit clouts in the 5-run fourth inning. Matias' homer, C. Rapids 000 000 002—2 7 2

followed John Burrows' single Clinton 001 100 00x—4 8 1

and John Sepich's survival on Huber and Owenby: Rodgers, an error. Dave May followed Humay (9) and Wood.

Burlington '9' Falls to Third In 'Midwest'

Joe McKirahan hurled a 3-hit shutout at the Burlington Bees notched a 3-0 Midwest League victory Thursday night.

Burlington's loss enabled the Fox Cities Foxes to move up to second place in ML standings.

Clinton retained its 3 1/2-game edge with a 4-2 win over Cedar Rapids.

Al Montreuil led Waterloo to a 8-5 win over Dubuque with a pair of home runs.

Burlington 000 000 000—0 3 1

Decatur 012 00 00x—3 6 1

Rodriguez and Lachemann; McKirahan and Francis.

Ellsworth Feels Back in Groove With 5 Wins in Row

BY JERRY LISKA

CHICAGO (AP) — Lefty Dick Ellsworth of the Chicago Cubs is making comebacks a way of baseball life.

Ellsworth, named the National League Comeback of the Year by The Associated Press last season, now has bounced back from an early 2-4 record this season with five successive triumphs.

The gangling 24-year-old Ellsworth tamed the St. Louis Cardinals 2-1 Thursday with a six-hit job sewed up by roommate Ron Santo's two-run homer.

Ellsworth posted a brilliant 22-10 record last season after a 1962 campaign in which he plodded a long march to pitching nowhere with 9-20.

Good Fast Ball
Ellsworth, now in his fifth Cub season, said his victory Thursday may have put him back in his 1963 pitching groove.

"It was the first day this season I had my typical fast ball," said Ellsworth, a bonus signee by the Cubs in 1958 after a spectacular prep career at Fresno, Calif., High School.

"While I was losing four of my first six decisions, I was throwing my fast ball too straight. Maybe I was short-arming the ball."

"At any rate, yesterday against the Cardinals it was

sinking and tailing off like it did most of last season.

"I'm no strikeout artist, but if my fast ball is right, it keeps getting hit into the ground and keeps me out of trouble."

Ellsworth has hurled eight complete games in fashioning his 7-4 record. He only struck out three Cardinals, but one was a really big whiff—that of pinch hitter Jeff Long with the tying Card run on third base and only one hit in the ninth.

Santo, whose two-run homer in the fourth gave Ellsworth the only scoring he needed, told his 6-foot-4 roommate:

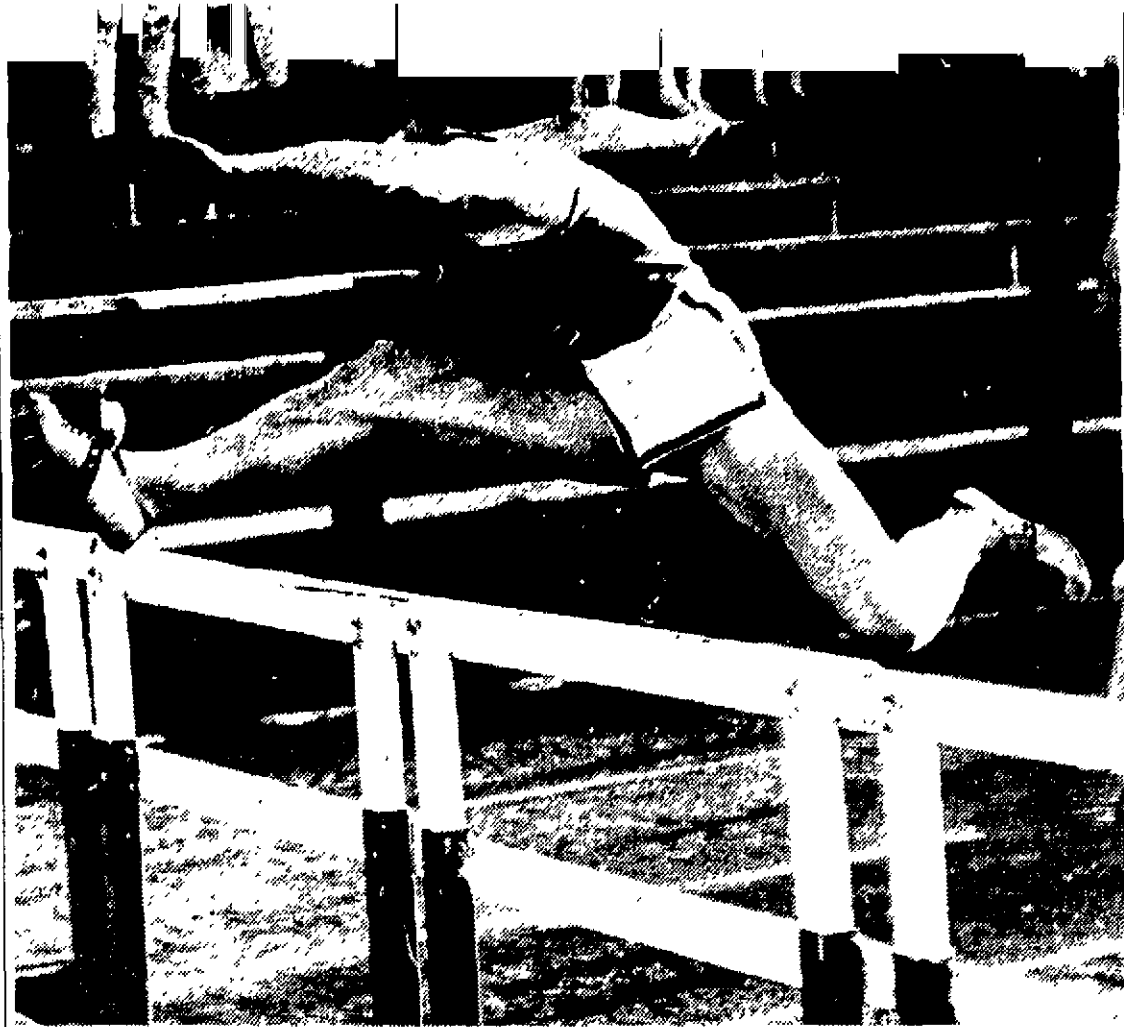

"You just keep pitching fair ball. Roomie, and I'll keep wrapping up wins for you."

Santo has slugged three of his seven homers in the last three Cub games.

3-Run Homer By Robinson Beats Braves

Schneider's Fine Relieving Wasted In 6-3 Decision

MILWAUKEE (AP) — "We'll slaughter Slaughter."

That was Milwaukee Manager Bobby Bragan's hopeful forecast as his Braves prepared to face right-hander Sterling Slaughter and the Chicago Cubs tonight in the opener of a three-game series at County Stadium.

Slaughter, a rookie who held the Braves to one hit in seven innings before giving way to reliever Lindy McDaniel in a 2-0 triumph at Chicago Memorial Day, is due to be opposed on the mound by Milwaukee right-hander Hank Fischer. Slaughter has a 1-0 record, while Fischer is 5-2.

3-Run Uprising
Bragan attempted to maintain an optimistic outlook although gloomy—and puzzled—after the Braves dropped a 6-3 decision

Fox Cities Area Sends 34 Individuals, 5 Relay Units to State A, B Track Meets

AHS' McKee Entered in 3 Events

Fox Cities area high schools will be represented by 34 contestants in individual events and five relay teams in the annual WIAA State Class A and Class B track meet at Monona Grove Saturday.

Appleton's Chuck McKee heads the list of area representatives. McKee will seek the low and high hurdles titles and the broad jump crown. The versatile Terror is listed among the state's best in each event.

Other representatives of Coach Keith Kohlman's Terrors will be Gary McIntyre, shot put; Dennis Brinkman, 880 and the 880-yard relay team.

Members of the relay team are Gary Hietpas, Pat Gendron, Jim Dunsirn and Brinkman. Dunsirn competed in the 1963 meet in the high jump. McKee also tasted state competition in 1963.

Rocket Entries

Coach Ben Meixl's Neenah Rockets qualified Jim Hammill, Hollis Bliss, Pete Cuisinier, Bruce Rasmussen and the medley relay team. Members of the

Hadley Opens Defense Of Adler Brau Tourney Crown Saturday

100 Players Have Signed for 10th Annual Meet

Tom Hadley will defend his Adler Brau golf tournament championship this weekend at Neenah Bridgwood.

The first 18 holes of the amateur tourney will be played Saturday, with the final 18 set for Sunday.

At least 100 players will compete in the 10th annual meet. Late entries will be accepted at the tee Saturday, according to Laymon (Doc) Wonsler, tourney director.

Hadley is due to tee off at 9:40 a.m. Saturday. Others in his foursome are Don Jabas, Russ Rothelbach and Ray Doell.

Winners in the other flights last year were: Bob Telpner, "A"; John Nabbeled, "B"; Rich O'Brien, senior championship; and Gene Sorenson, Senior "A."

Listed below are Saturday tee

times. (Sunday's times will be posted at the club house).

9:00—Bill Tordger, Duane Winger, Jim Hulsinger, Dwight DePattay.

9:08—Ed Hoffman, Geo. Nabbeled, Norm Jocks, Frank Wetzel.

9:16—Roger Gruska, Ron Dunn, Pete Kuehl, Mike Lynch.

9:24—Elmer Vandenberg, John Young, P. Rock, Larry Booth.

9:32—H. L. Powell, Bob Bohman, Dick Koeppke.

9:40—Don Jabas, Russ Rothelbach, Ray Doell, Tom Hadley.

9:48—Pete Zanzig, Wm. Brandenburg, Terry Galvin, Jim Schultz.

9:56—Carl Graves, Wayne Schroeder, Bob Palm, Dick Roesser.

10:04—Bob Ramuth, Ed Mylton, Mike Boyd, Russ Lakey.

10:12—M. E. Cammack, Howard Wake-man, Bill Jeselou, Dave Rondou.

10:20—Bill Marline, Don Strutz, "Fuzzy" Thurston, Paul Horning.

10:34—Don Christensen, Don Nielsen, Syl Zielski.

10:42—Mel Aul, Tom Goodrich, Ed Ver-brick, John Steudel.

10:48—Dick Spangenberg, Tom Zeuthen, Jim Rusckl, Ron Dunn.

10:56—Gene Sorenson, James Vogel, Tony Dequardo, Ralph Sell, Jr.

11:04—Bob Schommer, Nick Hackstock, John Mayner, John Lindberg.

11:12—Tom Murphy, Clyde Abba, Bill Dowling Jr., Bob Mithaupl.

11:20—Ralph Hartley Jr., Thomas Wirth, Dave Parker, Chris Grodz.

11:28—Herb Stinski, Wayne Hull, Earl Schuler, Elmer Selig.

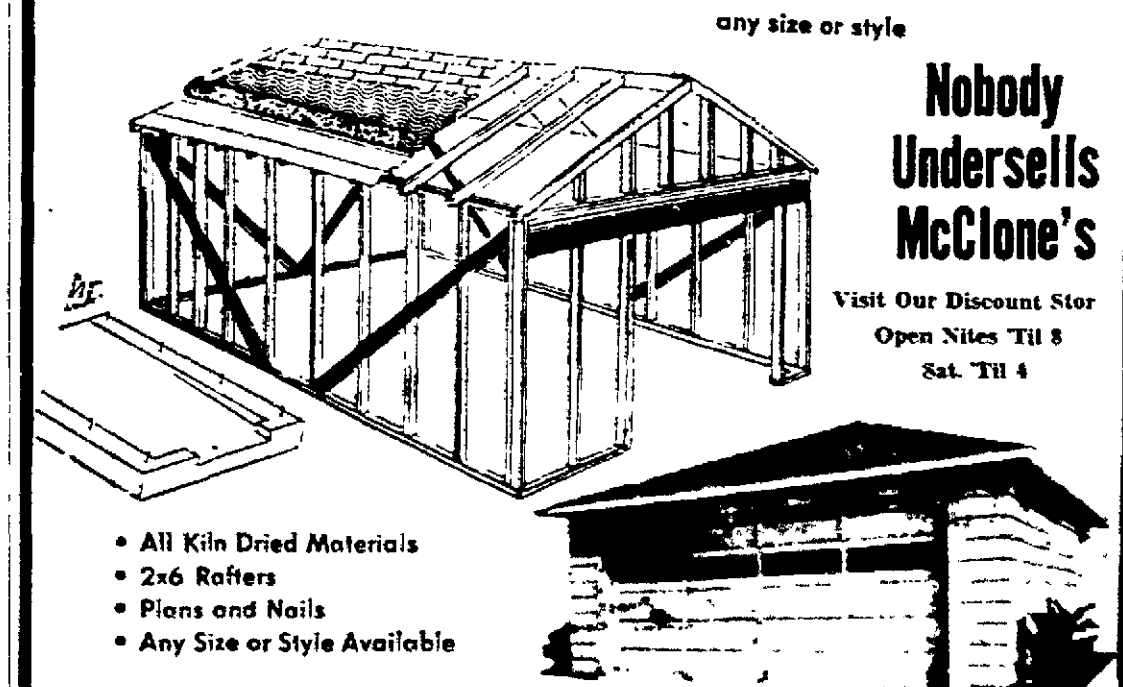

12:30—Jim Powers, Darrell Schultz, Don Parker, Chris Grodz.

12:46—Bill Kuehl, Bob Krasney, Jack Sturges, M. J. State.

12:54—Mike Reiwert, Tim Carew, Ben Kluba.

1:00—Ray O. Fischer, Dr. Z. Brusky, Ernie Paulowski.

Yankees Outlast Minnesota, 9-7

Richardson Gets Five Hits; White Sox Beat Indians, 5-1

BY MURRAY CHASS

Bobby Richardson is hitting more and striking out less.

Actually, if he would strike out any less, he wouldn't. Richardson, who has fanned only twice in 184 times at bat this season, struck five hits for the second time this season as the New York Yankees outlasted Minnesota 9-7 Thursday.

The perfect performance boosted the second baseman's batting average to .310. Only three games ago Richardson was hitting .282.

Only three other players in the majors have belted five hits in a game this season. Richardson was the first to do it, banging out five singles in the first game of a doubleheader against Cleveland May 10.

Scored 2 Runs

His hits Thursday consisted of four singles and a double. He also scored twice and drove in a run.

"It can't be explained," Richardson said of his feat. "Frequently you hit three or four good balls during a game, but they will be right at somebody. For a day like this, they have to all go to the right spot, mine did."

Richardson's strike out rate, or near lack of it, is even more phenomenal than his five-hit production. He always has been among the league leaders in fewest strikeouts, but there may not even be a contest this season.

For the past three years, Richardson has fanned an average of 23 times in 661 plate appearances, or once every 29 times at bat. If he maintains his present rate for the same number of at bats, he would fan only seven times.

Only one other game was played in the American League Thursday. Chicago defeated Cleveland in that one 5-1. Rain washed out the Baltimore-Kansas City game.

Even with Richardson's hitting, the Yankees needed three-run homers by Joe Pepitone and Roger Maris for their victory. Pepitone connected in the four-run first while Maris' blow gave New York a 9-5 lead in the fourth.

Wins 4th Game

Reliever Pete Mikkelsen won his fourth game against one defeat, pitching his way out of jams in the last three innings.

Ray Herbert and Frank Kreutzer limited the Indians to five hits. Kreutzer didn't give up anything after relieving Herbert in the sixth. The White Sox

Home Cement Jobs have that PROFESSIONAL LOOK with SAKRETE

Anyone can build an outdoor grill, patio or curbing...repair walls or walks...or any cement project with SAKRETE. Just add water to SAKRETE...then follow easy steps in SAKRETE's Free 32-Page Illustrated Booklet. Come in and pick up your copy today!

RE 3-1525

Sundahl's 510 West Wisconsin Ave

There's a big difference... always use SAKRETE for home repair jobs!

Insist on SAKRETE for all your home cement jobs. It's ideal for fixing walks, setting posts, patching, as well as for outdoor barbecues and patios.

SAKRETE is really economical because it stores indefinitely until you add water. There is a special SAKRETE ready-to-use cement mix for every job. Get the one you need from your lumber and building material dealer.

Sandy Koufax, Los Angeles Dodger pitcher, shut out the Phillies Thursday night in Philadelphia, when he pitched a no-hitter and struck out 12 batters. He is shown here in the fifth inning. Frank Howard supplied the margin of victory, 3-0, when he clouted a home run with two mates aboard in the seventh inning. (AP Wire-photo)

Sandy Joins Select Circle of Hurlers

Koufax Shook Off Catcher's Call On Pitch That Gave Allen Walk

BY RALPH BERNSTEIN

PHILADELPHIA (AP) — Sandy Koufax pitched a no-hitter against the Philadelphia Phillies Thursday night, the third of his career, and might have had a perfect game if he had given in to a second thought.

The 28-year-old Koufax walked one batter—Richie Allen in the fourth inning—as he hurled the Los Angeles Dodgers to a 3-0 victory.

Talking with newsmen in the clubhouse after the masterpiece that made him the fourth pitcher in major league history to toss three no-hitters, Koufax lamented about the fourth ball he served to Allen.

Called for Curve

"It's a funny thing," he related. "Doug (Dodgers' catcher Doug Camilli) called for a curve on the 3-2 pitch and I shook him off for the fast ball. "Then, while I was winding up I thought to myself, 'Doug's right, a curve would be better.' But I didn't think fast enough and instead of stepping off the rubber as I should have, I went through with the fast ball. "It was low, no doubt of that," confessed the southpaw. Why hadn't he simply

changed the pitch while going for a home run against the league-leading Phillies was the result of a careful study he has been making of his pitching form that revealed a fault in his delivery. He explained:

"I have been studying pictures in magazines of my form and suddenly realized that I had been stepping too far to the left, with the right foot across my body, sort of blocking myself out."

Tonight (Thursday) in the first few innings I concentrated on making an adjustment, stepping more to the right. It felt fine. I had my old pitching rhythm back.

"As a matter of fact by the fifth inning I forgot all about it. Everything was coming natural again. I was throwing the way I wanted to for the first time this season."

In hurting his no-hitter and boosting his record to 6-4, Koufax joined the select circle of triple no-hit pitchers—Lawrence Corcoran, Chicago National, 1880, 1882, 1884; Cy Young, Boston American and National, 1897, 1904, 1908, and Bob Feller, Cleveland American, 1940, 1946, 1951.

As if all this wasn't enough, the handsome 200-pounder from Studio City, Calif., via Brooklyn, N.Y., also joined Rube Waddell of the old Philadelphia A's and Feller as the only pitcher to be Southern California, the defending champion, and Mississippi at 7 p.m. Missouri and a game 54 times. He fanned 12 Arizona State are set for 9:30 Thursday night.

Petcka fanned nine and walked only one. Tom Radtke got two of Weyauwega's hits. Wohlt and Lou Knoke pitched for Weyauwega.

Clintonville '9' Blanks 'Wega In BABA Duel

Petcka Pitches 3-Hitter; Winners Score in Bunches

Sunday's Games: Weyauwega at Wauwega, New London at Greenville, Mortonville at Clintonville.

MARION — Jim Petcka pitched Clintonville to a 3-hit 7-0 win over Weyauwega in the Southern division of the Badger Amateur Baseball Association Tuesday night.

Clintonville bunched its runs in the middle innings, scoring three in the fourth and adding a pair each in the fifth and sixth.

In the fourth inning, Don Jirschele opened with Clintonville's first hit—a single—and scored on successive hits by Keith Heiman and Jack Korb. A squeeze bunt by Don Bohman and an error scored two more runs.

Guy Grignon and Jirschele hit back-to-back doubles in the fifth to drive in a run each. In the sixth, Wally McIntyre singled home two runners.

Petcka fanned nine and walked only one. Tom Radtke got two of Weyauwega's hits. Wohlt and Lou Knoke pitched for Weyauwega.

Bleier's remained undefeated in the Classic softball league after beating Northeast Advance-ment, 7-2, Wednesday.

Bob Diener yielded seven hits for Bleier's and drove in four runs with a double and a triple off losing hurler Elmer Vander Berg. The winners scored four times in the second inning and capped their scoring with three in the seventh.

Subway pounded out nine hits and accrued 12 walks by two Park 'N' Market pitchers to win, 16-8. Al Harke hit safely three times and drove in three runs for Subway, which was led on the mound by Dwayne Nickasch. Griel took the loss for Park 'N' Market.

Dag's scored at least two runs in every inning in defeating Sacred Heart, 18-8.

Gary Hietpas hit a home run for Dag's while Bob Hietpas drove in four runs. Glen Kielgas and Marv Hietpas each blasted a triple and drove in three runs off losing pitcher Ed Steenis. Jerry Schmidt got the win for Dag's.

Arizona State Gains 'Series'

Eight Teams Vie For Title Won Last Year by USC

OMAHA (AP) — The eight team field for the college baseball world series was filled out Thursday night when Arizona Academy 7-6 to gain the District 7 spot.

Missouri qualified without having to play Thursday afternoon. The Tigers, who have a 22-game winning streak, were rained out of their scheduled game with St. Louis University. It had been agreed that if the game was rained out, Missouri, winner 2-1 over St. Louis Wednesday, would represent District 5.

Arizona State and Missouri will oppose each other in the final game of the opening round 1880, 1882, 1884; Cy Young, Boston American and National, 1897, 1904, 1908, and Bob Feller, Cleveland American, 1940, 1946, 1951.

As if all this wasn't enough, the handsome 200-pounder from Studio City, Calif., via Brooklyn, N.Y., also joined Rube Waddell of the old Philadelphia A's and Feller as the only pitcher to be Southern California, the defending champion, and Mississippi at 7 p.m. Missouri and a game 54 times. Northern Dancer Favored at Belmont

Bids for Elusive Triple Crown of Racing Saturday

NEW YORK (AP)—Northern Dancer puts his bid for the elusive Triple Crown on the line Saturday against seven other 3-year-olds.

And it's 3-to-5 that the Kentucky Derby and Preakness winner will accomplish the feat by winning the 96th running of the \$125,000-added Belmont Stakes before an Aqueduct crowd of some 65,000 and a national television and radio audience.

Only eight horses have put together the triple in the 90 years in which the Kentucky Derby, Preakness and Belmont have been run. The last was Citation in 1948. Since then just two colts, Tim Tam and Carry Back, have come up to the 1½ miles of the Belmont with a chance for a sweep. Outsiders ruined both—for Tim Tam in 1958 and Carry Back in 1961.

In addition to Northern Dancer,

Post time is 3:45 p.m., EST with television (CBS) scheduled for 3:30-4 p.m. and radio (CBS) from 3:40-4 p.m.

Won by Neck

From the position of the second choice to Hill Rise in the Kentucky Derby and Preakness the Dancer has established himself as the short-priced favorite. He won the Derby by a neck over Hill Rise and beat the Scoundrel, now sidelined by an injury, by 2½ lengths in the Preakness. Hill Rise was a nose back in third.

Roman Brother ran fourth in the Derby and a dismal fifth in the Preakness but came back to take last Saturday's Jersey Derby by over 1½ miles. Quadrangle was fifth in the Derby and fourth in the Preakness and then turned in a top effort for runner-up honors behind the 5-year-old Olden Times in the Metropolitan Handicap last Saturday.

Bill Hartack and Willie Shoemaker will occupy their familiar seats atop Northern Dancer and Hill Rise, respectively.

St. Bernadette, CAC Triumph

Boost Co-Lead To 2 Games in 'National' Loop

CAC and St. Bernadette No. 2 remained unbeaten and widened their margin over the rest of the league as a result of softball contests in the National Church league of the Appleton Recreation Department Wednesday night.

CAC overpowered St. John, 20-15, behind the hitting of William Busch and pitching of William Mitchell and Tom Schouten. Busch had a 4-for-4 performance at the plate and scored four runs. James Delhouse and Schouten also each scored four times for the winners.

St. Bernadette won, 6-5, over First English on the steady pitching of Bob DeShaney, who gave up six hits. Ken Brandt and loser Kuhn yielded five hits combined. Two of the losers' hits were by Carl Milliren.

St. Therese dropped a 12-7 decision to Grace Lutheran. The winners tallied five runs in the opening frame and added two in the second, three in the third and two more in the sixth. Hayes paced the losers with three hits.

Our Saviour's won its first league game against Zion No. 2, gaining a 7-3 win on the 3-hit pitching of Dave Schuster. Chuck Deeg was the loser.

Koufax Hurls Third No-Hit Tilt of Career
(Continued from Page 5)
In the way of a perfect game—was a low fast ball thrown after he shook off a sign from catcher Doug Camilli.
Went Through
“He called for a curve,” said Koufax. “I shook him off for the fast ball. Then while I was winding up I thought to myself, ‘Doug’s right, a curve ball would be better.’ But I didn’t think fast enough and I went through with the fast ball, and it was low, no doubt of that.”
Feller, the only other pitcher to hurl three no-hitters, in post-1900 action, was in Cleveland Thursday night as the Indians played the Chicago White Sox. He wasn’t at all surprised that Koufax had matched his three no-hitters.
“Why, the way this guy’s going,” said Feller, “he may get three more of them before he’s through.”
In other National League action, Pittsburgh whipped San Francisco 4-2, the Chicago Cubs edged St. Louis 2-1, Cincinnati downed Milwaukee 6-3 and Houston beat the New York Mets 7-3.
Koufax, bringing his record to 6-4 with the 99th victory of his career, struck out 12 Phillies, and thus set another record. It was the 54th time in his career he had struck out 10 or more batters, bettering the mark previously shared by Feller and Ruben Waddell.
Howard Homers
Koufax got the only runs he needed when Frank Howard hit his 14th homer in the seventh inning off Chris Short following singles by Gilliam and Tommy Davis.
Rookie Steve Blass checked the Giants on five hits while the Pirates struck for four runs in the fourth and put it away. Willie Stargell singled home the first run in the uprising, Bill Mazeroski singled home two more and Bob Bolin forced in the final run with a bases-loaded walk.
The Cubs and Cardinals played the season’s fastest game in the NL, Ron Santo’s two-run homer in the fourth providing Chicago’s runs while Charley James homered for St. Louis. It was Santo’s third homer in three games and gave Dick Ellsworth, 7-4, the edge against Bob Gibson, 5-2, in a battle of six-hitters.
Dick Farrell brought his record to 8-1 against the Mets with 2-3 innings of no-hit relief work by Don Larsen. The Colts, meanwhile, collected 15 hits—four each by Bob Lillis and Edie Kasko—and were aided by four New York errors.

3-Run Homer By Robinson Beats Braves
(Continued from Page 5)
to the Cincinnati Reds on Frank Robinson's three-run homer in the ninth inning Thursday before a paid crowd of 4,964 and 1,860 Ladies' Day and 60-plus Club members.
Things appeared going well for the Braves after they pulled off a triple play in the second inning and had rallied to tie the count with a three-run uprising in the fourth, when starter Tony Cloninger gave way to a pinch-hitter.
Southpaw Dan Schneider allowed only a harmless single in 4 1-3 innings before he walked Vada Pinson with one out in the top of the ninth. Then he ran the count to 3-2 before walking Deron Johnson.
With Schneider hanging his curve ball and Frank Robinson the next batter, strategy dictated a change. Bragan summoned Bob Sadowski from the bullpen in what appeared a wise move.
However, Sadowski tried to blaze a high inside fast ball which past Robinson on the first pitch. The big slugger was waiting for a drive far over the wall in left and he belted a tremendous home run for his second homer of the game and 11th of the season.
“Became Wild”
“If Robinson was going to hit one, I wanted him to earn it,” Bragan said in explaining why he brought in the seasoned Sadowski to replace young pitcher, Schneider. “The kid did a great job, but he became a little wild and I had to go with the right-handed experience. Robinson is as tough as one as there is in the league and he proved it. The Reds scored three runs on two errors by Felipe Alou on the second hit, a sacrifice fly to and Robinson's homer in the fourth. The Braves tied the count in their half on a single by Alou, a walk, a single by Mike de la Hoz and Rico Carlini's double.
Sharon Frehler pitched the win for Viking, giving up only six hits. The winners were paced by Dolores Pilgreen and Terri Peterson at the plate, with four and three hits, respectively.

State Track Meets to be Held Saturday
(Continued from Page 5)
Homestead is rated a strong favorite to successfully defend its Class B championship and has qualified men in 12 positions to replace young classic Berlin, Schneider. “The kid did a great job, but he became a little wild and I had to go with the right-handed experience. Robinson is as tough as one as there is in the league and he proved it. The Reds scored three runs on two errors by Felipe Alou on the second hit, a sacrifice fly to and Robinson's homer in the fourth. The Braves tied the count in their half on a single by Alou, a walk, a single by Mike de la Hoz and Rico Carlini's double.
Sharon Frehler pitched the win for Viking, giving up only six hits. The winners were paced by Dolores Pilgreen and Terri Peterson at the plate, with four and three hits, respectively.

Peters' Upsets Gertz' to Tie For Loop Lead
KAUKAUNA — Peter's Bar handed Gertz' Tavern (4-1) its first defeat of the season in the Tavern softball league, scoring a 5-2 win, thus creating a 4-way tie for the lead.
The game went into an extra inning before the winners tallied three runs on two singles and two errors. Bob LaPlante, losing hurler, permitted eight hits while “Tug” Gerow, the winner, allowed only four safeties.
Jerry and Dee's Bar edged Verbeten's 3-2 behind the hurrying of Myron Kerkoff. The winners scored a run in the second on a single and three errors and added two in the sixth on a triple by Duane Moehl, two singles and an error. Roland Geurts, the losing hurler, allowed 11 hits.

Yesterday's Stars
PITCHING — Sandy Koufax, Dodgers, hurled the third no-hitter of his major league career, allowing only one walk in a 3-0 victory over Philadelphia. Koufax joined Bob Feller as the only pitchers with three no-hitters in post-1900 action.
BATTING — Frank Howard, Dodgers, provided the runs Koufax needed with his 14th homer, a three-run shot in the seventh inning.

Pair of Aces Recorded on Area Courses
Arthur Jury and Ron Merkley scored aces on Fox Cities area courses Thursday.
Jury, of Menasha, recorded his hole-in-1 on the fourth hole at Reid Municipal Course. He used a 6-iron. He was playing in a threesome that included Mr. and Mrs. David Babcock.
Merkley, Neenah, aced the 11th hole at Bridgewood Golf Course. Ron was competing in the Marathon League. His foursome consisted of Hal Johnson, Bob Hogan and Ron Hanstadter.

Viking Sewing Team Downs KRA, 16 to 5
Viking Sewing Machine defeated KRA, 16-5, in an Appleton Recreation Department Women's Fast-pitch softball game Wednesday.
Sharon Frehler pitched the win for Viking, giving up only six hits. The winners were paced by Dolores Pilgreen and Terri Peterson at the plate, with four and three hits, respectively.

relay team are Dan Haertl, Wayne Peotter, Dan Melzer and Clyde Rasmussen.
Hammill will be one of the top runners in the mile with Bliss having a shot at the 100 and 220-yard titles. Cuisinier qualified in the high jump and Rasmussen made the grade in the 880.
Myles Strasser heads an Oshkosh entry that includes Rich Fuhs, Rob Retz, Bob Wegener and Bill Oaks. Strasser could place in the shot put and discus.
Retz is entered in the mile, with Oaks competing in the pole vault. Wegener, at 6-5, is a high jumper. Fuhs holds the state's third-best mark in the discus this season with a toss of 161 feet, 1 inch.
Oshkosh's medley relay squad also qualified.
Clintonville heads the area list in the Class B meet with qualifiers in four individual events and relay and medley relay teams.

Goldwater Drive Appears Building

Nixon and Scranton Deny They Will Participate in Blocking Arizona Senator

WASHINGTON (AP) — Two potential challengers of Sen. Barry Goldwater for the Republican presidential nomination—Richard M. Nixon and Gov. William W. Scranton of Pennsylvania—have announced they will have no part of any stop-Goldwater drive.

Some Republican leaders who oppose Goldwater's candidacy have hoped that one or the other would leap into the GOP race, become the rallying point for a coalition and take the play from the Arizona conservative at the national convention.

But as Goldwater rested away from the political storm and strife and his bandwagon appeared to be taking on more steam, Nixon, the party's standard bearer in 1960, said on Long Island Thursday night he would not take part in any stop-Goldwater movement.

Split Party

The former vice president said such a move "would so badly split the party that who-

Heart Attack Rate in Town Is Puzzling

Italian-American People Are Fat, Healthy and Happy

ROSETO, Pa. (AP) — "We have peace of mind."

That's the answer Mayor George Giaquinto, 50, of Roseto has for medical experts who are somewhat puzzled by the low incidence of heart attacks in this little Italian-American community of fat, yet healthy and happy people.

A seven-year medical study conducted in the northeastern Pennsylvania community made up of 1,630 has shown a death rate from heart attacks that is strikingly low—despite a passionate love for fattening foods and wine.

Published Report

Medical researchers, who Thursday published their report on the eating habits and social behavior of the residents of Roseto, said the most striking feature of the community "was the way in which people seemed to enjoy life. They were gay, boisterous and unpretentious."

"Whether or not their sensible way of life contributed to their good health is still to be determined," the report added. Roseto's mayor tends to agree with the tentative conclusions of the report.

"We're a cultural people. The main thing is that we have peace of mind. I guess there's a little bit of heredity in it, too," said the mayor.

Italian Customs

In Roseto, 95 per cent of the residents are first, second or third generation Italians who have maintained many of their traditional Italian customs.

Yet the incidence of death due to heart attacks among these people overweight by medical standards, was considerably less than ethnically-different neighboring towns — Bangor, Nazareth, Stroudsburg, and East Stroudsburg.

It's a puzzle to scientists who have been pointing at America's rich diet as a prime factor in arterial diseases and heart attacks.

UW Academic Degrees to be Awarded 3,700

Largest Graduating Class in 115-Year History of School

MADISON (AP)—The largest graduating class in the 115-year history of the University of Wisconsin will leave campuses in Milwaukee and Madison Sunday and Monday.

More than 3,700 young men and women will receive academic degrees—600 in Milwaukee Sunday and 3,100 in Madison Monday.

Bachelor Degrees

Of the total, 2,750 will receive bachelor's degrees, 700 will get master's degrees, 165 will be awarded doctor of philosophy degrees and 170 will receive law and medical degrees.

The UW-M commencement is planned at the new Field Stadium and the Madison campus event will take place in historic Camp Randall Stadium. Provisions have been made for indoor ceremonies if weather necessitates.

Events on both campuses will include receptions, reunions, luncheons and similar activities.

147,000 Total

Conferring of degrees will bring the university's total to more than 147,000 during the 110 years since its first commencement in 1854 when the graduating class consisted of two men.

Graduates will include 2,100 from Wisconsin, 1,000 from 45 other states and the District of Columbia, and 40 from foreign countries.

A highlight of the Madison commencement will be the awarding of honorary degrees to five outstanding members in education, journalism, business, science and law.

Recipients Named

Recipients will be Lloyd K. Garrison, New York lawyer and former dean of the UW law school; Irwin Maier, publisher of the Milwaukee Journal and president of the American Newspaper Publishers' Association; Alexander Meiklejohn, who set up the university's experimental college in 1927; Don C. Slichter, president of Northwestern Mutual Life Insurance Co. of Milwaukee; and Edward T. Tatum, co-winner of the Nobel prize in 1958 for medicine and physiology.

A total of 127 graduates will receive commissions in the armed forces.

More Red Technicians Move From Mongolia

TOKYO (AP)—Red China reported today that another group of Chinese technicians have left Mongolia for home, bringing the total departures to 3,500. At one time about 12,000 were in Mongolia.

The report by the New China News Agency gave no indication the departure was the result of a worsening of Chinese-Mongolian relations.

Mongolia supports Soviet Premier Khrushchev's peaceful co-existence policy and opposes Peking's policy of violent revolution.

Chorus of Protests

Amos 'n' Andy Hit By Negro Spokesman

CHICAGO (AP) — Amos 'n' Andy returned to Chicago television Thursday night with an off-screen chorus of protest from Negro civil rights spokesmen.

"Tonight inaugurates the long, hot summer," snapped Chuck Stone, editor of The Defender, a Negro daily newspaper. But as much as civil rights leaders deplored it, some said they wished there were more indignation among average Negroes.

Begins Troubles

Stone, whose paper largely serves Chicago's 900,000 Negroes, said he thinks the program introduced "the long, hot summer" of troubled race relations for two reasons: "First, white people all like it. Amos 'n' Andy really is funny. No doubt about it."

"But I doubt that most white people can watch that show and say to themselves that all Negroes aren't like that. They can't. And first thing you know one of them is going to be calling some Negro, 'Hey, Amos.'"

No Up roar

But, he conceded, there hasn't been an uproar in the Negro community. Most Negroes are just going to watch it and enjoy it."

John Weigel, president of WCUI-TV, defended the show on his station as "an all-time classic."

"I think it in no way degrades or stereotypes the Negro. The people in the show live on a high level. They don't live in poverty."

Edwin Berry, director of the Chicago Urban League, said "Weigel represents the shallow kind of understanding that unsophisticated people have of race relations."

There were no demonstrators at the station when the evening show went on the air. The reruns of the television show started in 1951 will be shown twice a week.

Shrieking girls tried to storm the stage as the Beatles went into their act. Ushers had to drag the girls back to their seats.

Police brought dogs to subdue screamers who milled about outside the concert hall. Youthful enthusiasm was not lessened by the absence of all-drummer Ringo Starr. Starr, 23, is being treated for tonsillitis and laryngitis. A substitute drummer accompanied the Beatles.

Robert Kennedy To be Honored At Marquette

MILWAUKEE (AP) — The visit of Atty. Gen. Robert Kennedy to Milwaukee Sunday to receive an honorary degree from Marquette University will be short, according to indications Wednesday.

He will fly to Chicago Sunday morning and then make the trip to Milwaukee in a chartered plane and, if there is time, hold an airport news conference.

At 12:30 p.m. he is scheduled to attend a private luncheon at the Wisconsin Club as the guest of Father William J. Kelley, president of Marquette.

Kennedy will deliver the commencement address at Marquette's graduation exercises, set to begin at 3 p.m. in the Arena. The attorney general will receive an honorary doctor of laws degree.

He is scheduled to leave Milwaukee immediately after the program, flying to the West Coast.

British Rocket Partial Success

ADELAIDE, Australia (AP)—After four launch failures in two weeks, Britain's Blue Streak rocket was sent up for the first time today at the Woomera Range but fell 200 miles short of its 1,000-mile target.

The 90-ton rocket, which Britain abandoned as a strategic weapon in 1960, is being developed to supply the first stage of a rocket to send aloft satellites in 1967 or 1968 for the nine-nation European Space Research Organization.

New Canal Routes Outlined for House Marine Committee

New Sea-Level Waterway May Cross Panama or Columbia

WASHINGTON (AP)—In the news from Washington: NEW CANAL: The likely routes of a new sea-level isthmian canal are across Panama, 110 miles east of the Panama Canal, or across Colombia.

This became apparent Thursday when in testimony to the House Merchant Marine Committee, Secretary of the Army Stephen Ailes did not mention proposed routes in Mexico and just 40 miles east of the present canal in Panama.

And Ailes specifically ruled out a proposed Nicaraguan route telling the committee it is not being considered because it would be "a great deal longer and a great deal more expensive."

The committee is considering a bill to authorize a study of construction sites for a new canal. Ailes estimated it would cost \$17.5 million to survey the Panama and Colombia routes, and he recommended about \$300,000 more to examine the possibility of making the present canal a sea-level one.

LBJ: President Johnson's committee on employment of the handicapped will present its distinguished service award to Washington's Gallaudet College Saturday and that evening the President will address a centennial banquet at this oldest college for the deaf in the United States.

Lawrence Says
Goldwater Vote
Dismaying to
Europe's Press

Indicates People
Tired of Bearing
Enormous Expense

BY DAVID LAWRENCE

Washington — News dispatches say that many European newspapers reacted with dismay over the victory of Senator Goldwater in the California presidential election. Why was there such a sharp reaction in Europe? The answer to the question may reveal some unpleasant truths about the world situation, particularly the rise of commercialism and the decline of idealism in Europe. For appearances are nowadays in the ascendancy abroad.

Many Europeans are afraid that if Senator Goldwater is elected president, he might have a courageous secretary of state like John Foster Dulles. Also, Europeans do not understand the deep-seated feeling of voters in many parts of America over the fact that a prospering western Europe is paying so little of the bill to maintain peace in the world.

Impression Abroad
Most European newspapers have a way of accepting as gospel what the so-called "liberals" in America say on national and international affairs. The impression abroad is that the United States will continue to bear by itself the brunt of every international problem and that the financial and commercial assistance now given by European countries to the Communist regimes is gradually but surely being adopted as American policy as well.

One of the British papers calls Senator Goldwater an "eighteenth century individualist" and "a sort of Rip Van Winkle who has been sleeping since 1776."

But the truth is that many Americans have not forgotten 1776 and the tyrannies imposed by the British autocracy, and they feel a deep sympathy for the oppressed peoples of eastern Europe who today want to achieve their independence, too, but are getting little moral support from various spokesmen of the British press.

Moscow Press
It is natural for the Moscow press to be dismayed over the Goldwater victory because the Soviets know that Senator Goldwater is a realist who will, if elected president, deal with facts as they are and not attempt to gloss them over, and that he will pick a secretary of state of like mind.

The Arizona senator's strength is not merely the result of the support of the professional politicians but of "grassroots" sentiment as well. His total vote thus far in the primaries far exceeds that which John F. Kennedy had received in his pre-convention campaign of 1960, and this is due largely to the resentment prevalent in this country about the war in southeast Asia. Americans are wondering why their sons must make the sacrifices in Viet Nam while the rest of the free world stands idly by.

The European press might have studied carefully, too, why the "foreign aid" program has had such a hard time in Congress. It might have been noted that, ever since World War II ended, the United States has consistently furnished billions and billions of dollars for the rebuilding of Europe. Now that prosperity has been achieved there, resentment is growing in America that the Europeans do not seem inclined to pay their share, either in money or in lives, to maintain peace in the world.

Watch Campaign
European statesmen would do well also to watch the campaign carefully, because, irrespective of whether Senator Goldwater wins the nomination or the election, the reaction of the American people to foreign policy will have much to do with the result and its aftermath. For the American people are getting tired of carrying the burden alone in world affairs. Many citizens do not approve of the wheat deal for instance, where the United States succumbed to European appeasement policies and authorized the sale of wheat to the Russians. There is talk today also that the administration here is beginning to play footsie with some of the Communist-bloc countries in eastern Europe, and this, too, will become a campaign issue because many Americans do not believe this is a proper way to protect the United States against Communist encroachments.

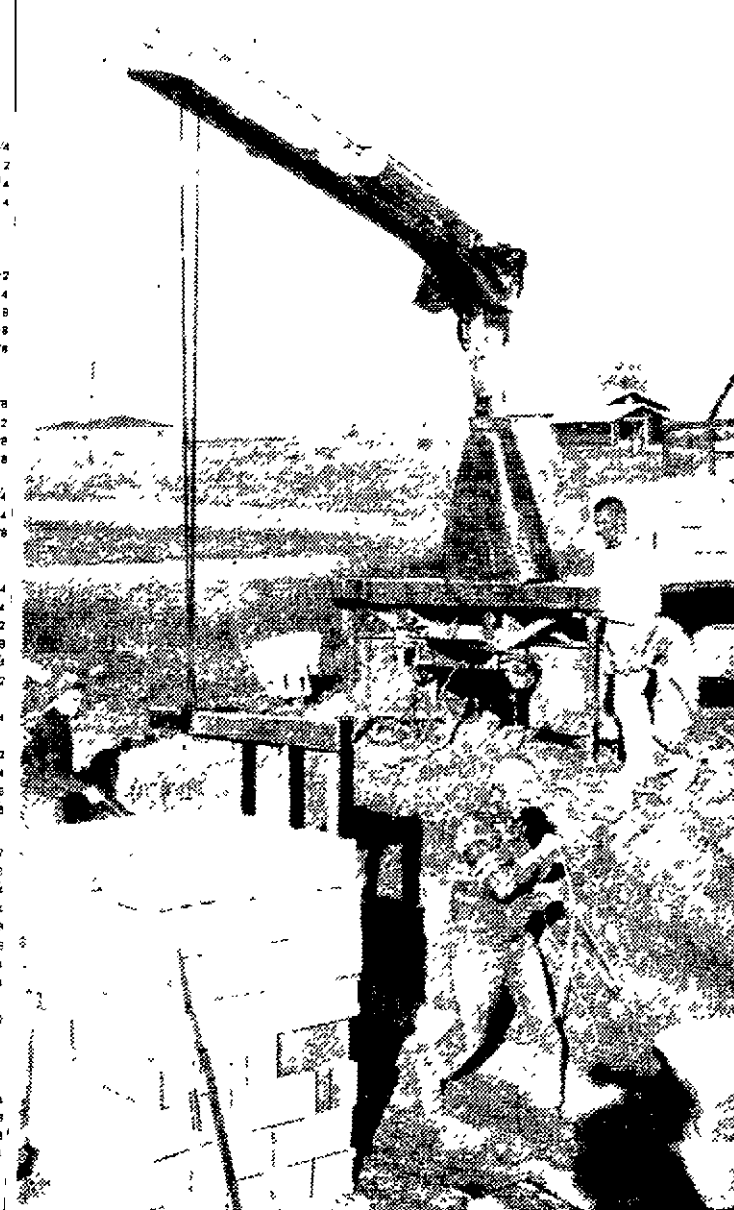

It is absurd to suggest, as some European papers have done, that Senator Goldwater or any other prominent American

IT MUST MEET RIGID SPECIFICATIONS. Before any fire unit can be put into service by any industry or municipality, it must undergo a series of demanding tests put to it by fire underwriters. Only then can it be officially delivered Melroy Metal Fabricators of Hortonville have long years of experience in this specialized field. ON THE JOB, ON TIME, WITH THE BEST. Soon, another Fox Cities family will be living in a sparkling new home. Modern equipment, such as that pictured above helps construction men do a better job in less time. It is only one of the techniques employed by Schulz Concrete Products, Inc. to aid home owners and home builders.

Homeowners today want and need more space, for larger families, for more leisure in the home activities, for more livable homes. Basements, they are discovering, usually offer the most economical and practical solution.

According to the Schulz Concrete Products Inc., a basement can double the size of a house for just a fraction of the above-ground building costs. There are savings, too, in putting the heating unit, laundry, utility and storage areas below deck in-porement of using valuable space upstairs.

Consumer surveys reveal that most people prefer homes with basements. Therefore, a home with a basement is easier to finance and easier to sell.

A concrete basement, with a

reservoir of cool air, helps keep a house more comfortable in summer. During winter, on the other hand, it is easier to heat because the added space under the first floor provides enough insulation to keep the floors warmer.

Given light, ventilation and an outdoor entrance, a concrete basement will serve any purpose you wish. It can be converted into a den, workshop, office, darkroom or greenhouse. Game room possibilities run from darts and shuffleboard to even bowling. And if the basement is 50 per cent above grade you can also fix up another bedroom.

A masonry concrete basement is both weather-tight and easy to clean. Those made of concrete block can be laid up in all kinds of attractive patterns. Three-dimensional units with built-in designs, for example, will dress up monotonous surfaces by producing a textured, sculptured look. A coat of masonry paint, available in many bright colors, also enhances appearance.

For further information call Schulz Concrete Products. 4-7733.

LEGAL NOTICES

CITY OF APPLETON
RESOLUTION REQUIRING AND ORDERING INSTALLATION OF WATER AND SEWER LATERALS AND SERVICE PIPES AND PROVIDING FOR ASSESSMENT OF COST UNDER S. 44.425
RESOLVED, by the Common Council of the City of Appleton, Wisconsin:
1. That in order to improve the following named streets, it is hereby ordered that all persons owning lands, lots or fractional parts thereof fronting or abutting on the following described streets to cause the necessary water and sewer lateral to be installed from the main to the property line within twenty days from the date of this notice:
a. S. Main Street from Lourdes Drive to 10th Street
b. Northwesterly side of John Street from Matthias Street to Buchanan Street
2. The Board of Public Works is directed and authorized to advertise for bids and then to let the construction of such laterals and service pipes to be done by city contract at the lowest responsible bid to have same done.
3. Upon completion of the work authorized by this resolution, the Board of Public Works shall file with the City Clerk a record of the cost of such construction for work done in front of each lot or parcel.
4. The cost of construction of the laterals and service pipes shall be paid by the owner of the lot or parcel on which the same are installed, and the cost of construction of the main shall be paid by the City.
5. The City Clerk is directed to give notice of this resolution to every property owner whose name appears on the assessment roll whose property is included in the work authorized by this resolution.
6. Adopted June 3, 1964.
LAWRENCE A. MITCHELL
Mayor
ALBERT E. J. BRODIE
City Clerk

Suits Aimed
At Removal
Of Billboards

MADISON (AP)—Atty. Gen. George Thompson started suit today in the Wisconsin Supreme Court to force removal of 13 billboards along Interstate 94 in Waukesha County for violation of the state law regulating outdoor advertising.
The court issued an order for two outdoor advertising companies to show cause on June 25 why the court should not take the original jurisdiction in the case to decide whether the law is valid and the signs should be removed.

2 Firms Named
Named in the attorney general's petition are the Naegele Outdoor Advertising Co. of Wisconsin, Inc., of Milwaukee, and ABC Outdoor Advertising Inc. of Waukesha.

Thompson said the 13 billboards violate the law which restricts outdoor advertising signs within 660 feet of an interstate highway.
The State Highway Commission has demanded removal of the signs, and both companies have answered that they will resist any attempt to take down the billboards.

Naegele contends there is no legal authority for removal of the signs and that Highway Commission personnel who attempt to take down the billboards will be held responsible for damages.

Seymour Livestock

Cattle 50 cents lower, canners and cutters 12-14 1/2, utility 14 1/2-15 1/2, heifers 14-16 1/2, bulls 15-19. Calves, heavy calves \$1 lower, light calves, steady, choice to prime 25-29, good to choice 22-26, standard to good 17-22, throw outs 16 down.
Hogs private treaty, no yardage or commission. Butchers 190-240 lbs., 15-15 1/2, sows 11-13, boars 9-10 1/2.
Today favors a reversion to earlier American policies of isolation. No prominent American today supports such a doctrine because it is recognized how interrelated world affairs have become. There is instead a distinct feeling in the United States that America is involuntarily being isolated by European policy-makers and that the new isolation results in this country carrying the load.

Wounded Ambassador
Recovering in Sweden

STOCKHOLM, Sweden (AP)—Ethiopian Ambassador Abate Agede, who was shot twice by his chauffeur Thursday, was reported out of danger today.

Agede, 40, underwent eight hours of surgery for wounds in the shoulder and abdomen. Police held the chauffeur, Polish-born Vincent Krupsky, 61, on suspicion of attempted manslaughter. But the case may raise complications because the shooting during an argument occurred inside the embassy, which technically is foreign territory.

Cheese Summary

MADISON (AP)—Cheddar cheese markets were steady on all natural styles this week, the Agricultural Marketing Service reported today. Demand at Wisconsin assembling points was fair to good with supplies of all current styles ample to more than ample.
Cheese production in the week ending May 28 increased 4 per cent in both the nation and Wisconsin.

Swiss cheese prices were unchanged. Demand for Swiss improved as orders increased for June promotion features, the service said. Offerings of A and B grades ranged about adequate to adequate.
Demand in major cities showed improvement with most of the increased interest centered on cuts for slicing purposes. Supplies were generally ample.

Wisconsin Produce

MILWAUKEE (AP)—Produce:
Potatoes: Idaho Burbanks, russets 7.50-7.75, Minnesota and California long whites 7.25-7.50, California reds, 50 lbs 7.00-7.25.
Cabbage: home grown 1.75-2.00, Florida, Texas crates, 2.25-2.50.
Onions: Texas new sweet whites, 50 lb sacks, 2.50-3.00; Texas jumbo grands 2.50-2.75, Texas yellow, 50 lbs 2.00-2.25.

Certification Plan Response 'Disappointing'

Premeasured Feed Grain Acreage Not Being Registered

Response to the certification plan for feed grain program acreage has been termed "disappointing" in Outagamie and surrounding counties.

Only about 50 per cent of the eligible farmers in the county took advantage of the opportunity to have their planted and diverted acreage certified at the county Agricultural Stabilization and Conservation Service, (ASCS) office at midweek, Joseph Rickert, office manager said.

Milo Singler, Shiocton, a state ASCS committeeman, said this was not unusual. Response has been less than expected in many of the county offices he has visited.

Deadline for signing up for the program was today and results should be tabulated soon.

Plan Spot Check

Only farms with premeasured acreage or farms intending to divert their entire feed grain base as established during one of the past three years are eligible to certify their acreage.

Purpose of the plan was to cut down on the cost of checking acreage by field reporters hired by the ASCS. Instead of visiting each farm to verify acreage, fields which were premeasured, could be certified at the ASCS office. A 25 per cent spot check of certified land is being planned.

The 100 Outagamie farmers with their total base premeasured will not be required to appear at the office to certify. They will be asked to return signed postcards to the office to effect the certification. Rickert said.

Shiocton FFA Picks Officers

SHIOCTON — Future Farmers of America Chapter officers were elected at the organization's recent meeting.

New officers for the coming year are Ed Kennedy, president; Bill Helser, vice president; Bob Bentle, secretary; Neal Schlitz, treasurer; Don Drath, reporter; Alvin Bodoh, sentinel, and Dennis Strack, student council representative. The first summer meeting is scheduled June 12.

FFA convention delegates selected are Neal Schlitz and Bill Helser.

Outagamie County's June Dairy Month dinner Tuesday at Hotel Seymour took on the nature of a farm-city event. It was sponsored by the Seymour Kiwanis Club. Chatting at the head table in the top photo are, from the left, Kenneth Piessig, Shawano, Badger Breeders Cooperative, guest speaker; William Johnson, state American Dairy Association manager; Mrs. Hilmer Mueller, Seymour, northeast Wisconsin dairy promotion chairman, and Tom Landwehr, Seymour Kiwanis agriculture committee chairman. In the lower photo, from the left, are Ed Tierney, Seymour Consolidated Badger Cooperative manager; Russell Luckow, county farm management agent; Judy Stellwagen, home agent; Johanna Brown, New London, and Marianne Formiller, Omro, both Alice in Dairyland finalists, and Ken Zeitler, a Seymour business man and Kiwanian. (Duffey Photos)

Lifetime Output

Cows Set Production Marks

Lifetime milk and butterfat production achievements for 68 registered Holstein cows in Wisconsin have been reported from official records of The Holstein-Friesian Association of America. This current information brings their lifetime output totals to more than 100,000 pounds of milk, since they reached two years of age.

Listed in the Holstein report from the Fox Valley area are:

Meriwether Reburke Rose, Both are owned by Hilmer G. Mueller and Son, Seymour. 116,968 pounds of milk and 4,851 pounds of butterfat in 2,838 days on official test. She is owned by John H. Bartlett, Oshkosh.

Meadowsweet Burke Comet Jo, 107,303 pounds of milk and 4,368 pounds of butterfat in 3,265 days; Meadowsweet Fobes Burke Ann 103,387 pounds of milk and 3,814 pounds of butterfat in 2,930 days on official test.

Stress Flavor, Price Not Health, Dairy Fete Speaker Urges

Kenneth Piessig Gives Talk at Outagamie Promotion Kickoff

SEYMOUR — The dairy industry is missing an important point in its advertising promotions, Kenneth Piessig, general manager of Badger Breeders Cooperative, Shawano, charged here Tuesday night.

Featured speaker at the Outagamie County June Dairy Month Kickoff dinner, Piessig said the ads should put less emphasis on the health aspects of dairy products and stress instead their flavor and low prices.

Medical claims against dairy products were out of proportion, he said.

Lauds Industry

Piessig lauded the local dairy industry for the quality of its products.

Farm and city dairy interests joined hands at the kick-off and two county women who played leading roles in dairy promotion were cited for their efforts.

One was Mrs. Hilmer Mueller, rural Seymour, who with her husband has long been associated with county dairy promotions. The other was Miss Elizabeth Graf, an adopted daughter of the county who is Seymour's first foreign exchange student. Miss Graf has been getting a first hand education on Norman Maass' dairy farm.

Mrs. Mueller was praised by a number of dairy industry lead-

ers. William Johnson, general manager of the state American Dairy Association, termed her one of the hardest working women in the dairy promotion field.

Miss Graf, who will return to her native Zurich, Switzerland, this summer, said the Swiss dairy industry although not large, is best represented by Swiss cheese.

Fewer Herds

Mrs. Mueller explained the extent of promotion being planned through 4-H and older youth groups.

Russell Luckow, Outagamie County farm management agent,

Older Youths Set Plans for Open House

An open house at the Robert Paltzer farm, rural Appleton, is being planned June 24 by the Outagamie County Older Youth organization.

The open house date is a Sunday and the program will be during the afternoon.

A County Fair booth will be sponsored by the group, members decided.

June Dairy Month promotion activities, displaying different breeds of dairy cattle in front of the Appleton State Bank and dairy displays in the bank and the Kaukauna Chamber of Commerce office window, were reviewed.

Fourteen members attended the dairy month dinner at Seymour Tuesday. The group's float took a first in the Kaukauna Regional Alice in Dairyland parade and was entered in a parade at Freedom.

Calumet Studies Dairy Queen Contest Plans

CHILTON — Preliminary plans are being formulated for the annual Calumet County Dairy Queen Contest July 4-5.

Events leading up to the contest, sponsored by the county junior 4-H leaders, will be to promote the June Dairy Month program.

Margie Brantmeier, Sherwood, is the reigning queen and has appeared at many county-wide events.

Queen candidates ranged in age from 17 to 25 last year. Qualifications for the honor are a farm background and previous membership in a youth organization such as church, farm organizations, schools, Scouting, 4-H or similar activity.

Final plans for the contest must be ready for approval by June 25. Charles Nikolai, county 4-H agent, said this week.

Calumet Swine Raisers Slate Annual Meeting At County Park June 10

CHILTON — Calumet County Swine Breeders Association will hold its annual meeting and bratwurst fry at the County Park June 10.

Featured speaker Ed Bruns, University of Wisconsin Agricultural engineer, will show slides and discuss swine housing.

Bruns also will be in the county during the day to advise local farmers on buildings.

Bowed in Modesty Despite being the mother of a rare set of Shetland Pony twins, the mare on the Jasper Sells farm, route 1, New London, poses with her frisky offspring. The twin foals were born 20 days apart and the one on the left is considerably larger than her twin sister. (Post-Crescent Photo)

At New London

Rare Twins Born to Shetland Mare

NEW LONDON — A rarity in the equestrian world, twin Shetland pony foals, occurred re-

cently at the Jasper Sells farm, route 1, New London.

The tiny females were born 20 days apart. The first-born is considerably larger than its twin sister. The Shetland mare gave birth to the first colt May 5. Sells said he did not suspect

the mare was to have twins until the second colt arrived.

Sells said he has never heard of a Shetland mare giving birth to twins.

He raises and sells colts and ponies and has about 22 on his farm at the present time.

Dairy Judging Candidates Listed

CHILTON — Finalist candidates for Calumet County's junior and senior dairy judging teams have been selected.

Junior candidates are Connie Wink, Ronda Hacker, James Coffeen, Joe Brantmeier and Gordon Gasch. Senior hopefuls are Doris Aebischer, Don Pfister, Rueben Ott, Pat Wagner, Donnett Schnell and Connie Hacker.

Four will be selected for each

team to compete in district judging competition July 1 at Fond du Lac. Over 40 counties will participate in the district contest.

Coaches working with the 4-H members are Leonard Scybold, Ross Hacker, Eldon Schnell, Leslie Schnell and Earl Lintner.

KUALA LUMPUR, Malaysia (AP)—Malaysia announced today 12,000 to 15,000 men and women will be called up immediately for military service and civil defense in the first phase of a nationwide draft.

Guernsey Show Likely to Have Record Entry

Tri-County Event Will be Monday at Oshkosh Fairgrounds

BY VERNON W. PEROUTKY

OSHKOSH — Prospects are good for a record number of registered Guernseys being entered in annual Tri-County Guernsey Show to be held Monday, June 8, at the Winnebago County Fairgrounds here.

This is the 15th consecutive year that registered Guernsey breeders have competitively shown their cattle in the three county area. Show locations have been fairgrounds of Fond du Lac, Outagamie and Winnebago counties.

Phil Cowan, Oshkosh, presi-

dent of the Winnebago County Guernsey Breeders Association and 1964 show chairman, said 91 registered Guernseys. The largest entry is Outagamie's with 43 cows from 11 exhibitors; then comes Winnebago with 27 cows from 10 exhibitors, and Fond du Lac with 21 cows from nine exhibitors.

Animals are due at the Winnebago County Fairgrounds by 10 a.m. at which time they will be checked for health records, and registration. All animals must be registered as purebreds with the Guernsey Cattle Club. Exhibitors and their families will eat a potluck lunch at noon in the junior dormitory building at the fairgrounds.

Judging starts at 1 p.m. The official judge is William McKerrrow, a prominent Guernsey breeder from Pewaukee. Two classes of animals will be judged by the public for educational experience.

A total of 24 classes are listed for the show. Male animals are to be judged first in their various age groups with trophy awards to junior and senior champion males. A special junior class is listed for 4-H and vocational agricultural students with judging based on animal type, showmanship and fitting.

The largest percentage of classes in the judging ring will be females with trophy awards going to the senior and junior champion females and to the best uddered cow.

A traveling trophy goes to the

20 Youth Conference Delegates to Meet Sunday at Chilton

CHILTON—Twenty representatives from seven counties of the Wisconsin Youth Conference will meet Sunday at the Courthouse.

Heading the agenda is a State Fair exhibit by District Four and selection of a site for the 1964-65 district meeting.

Calumet County representatives are Arlys Reif, route 1, Chilton, and Mary Beth Brantmeier, Sherwood.

North Star Club to Plant Shrubs, Flowers

Given a plot of ground by Jake Hahn, members of the North Star 4-H Club have decided to launch a community beautification project. They will plant shrubs and flowers on the plot.

The club also decided to sponsor an Outagamie County Fair booth and will fill out fair entry blanks at the June 22 meeting.

A public chili supper is scheduled June 24 at the Nichols Church.

county whose total winnings on a score basis is highest. Fond du Lac County Guernsey breeders won the trophy at last year's show in Fond du Lac. The public is invited and there is no admission charge.

Plan Better Promotion for Wisconsin-Produced Apples

Wisconsin apple producers can agencies which will promote apple forward to an active apple promotion program to aid them. In Madison, a radio station in marketing their crop this has consented to carry on an fall, says Marlon Schwier, marketing specialist. Wisconsin State Department of Agriculture. Each day a "favorite State teacher" will be awarded a sufficient supply of apples to treat the class. The station plans to make daily announcements to the board of directors about "Wisconsin Apple Time". Plans call for development well-rounded program will be and distribution of point of sale followed which is designed to material, and advertising lay-sell Wisconsin apples.

Plans call for declaring and tail outlets. Recipe books and publicizing "Wisconsin Apple information for food editors also Time" Sept. 1-Oct. 31. During this period, a well-developed publicity program through radio, television, and newspaper the growers. Bumper stickers will call attention to Wisconsin apples. The committee has solicited the cooperation of several prints.

Thirty billboards publicizing the event will be available to dio, television, and newspaper the growers. Bumper stickers will call attention to Wisconsin apples. The committee has solicited the cooperation of several prints.

Single Grain Price Scaled Is Postponed

BRUSSELS, Belgium (AP)—Under West German pressure, the decision setting a single grain price scale for the European Common Market has been postponed until Dec. 15.

The West German delegation told the other five Common Market nations the Bonn Parliament would not approve the proposed scale since it would mean lowering the high German prices.

GEHL Chop-All

Offer Positively Ends June 30th

Free camera? Free bike? Choose finer chopping with a Gehl Chop-All... then take your pick.*

More reasons to go with Gehl: New Select-A-Cut transmission changes forage length — short, medium or long — with the push of a lever. New Easy-Swing drawbar features fingertip adjustment right from the tractor seat. And . . . famous Gehl fine chopping! Six flywheel-mounted knives cut forage from inside to outside (like scissors) against the long-lasting tungsten-carbide cutter bar. Knives are chrome-edged to stay sharp longer.

Stop in soon. Look over the new Chop-All and get details about the free bike or camera kit. You'll like both your Gehl and your gift.

*Free gift offer begins February 1, 1964 and ends June 30, 1964. Valid only in continental U.S.A.

Dairymen Urged To Stress Flavor

CONTINUED FROM PAGE 1

said this was the ADA's 26th annual dairy month promotion. He said there are 1,888 dairy herds in Outagamie County which represents a decrease of 185 herds since 1959, a five year span.

Luckow said, however, that with 15,000 dairy cows in production in the county, the industry was still strong.

Judy Stellwagen, county home economics agent, outlined the dairy salad contest rules.

Special guests at the dinner were Alice in Dairyland finalists Johanna Brown, New London, and Marianne Formiller, Omro.

Always Onward Club May Sponsor Booth

Sponsoring a booth at the Outagamie County Fair this year is being considered by the Always Onward 4-H Club during the group's May meeting.

Club projects affected by the new uniform premium list were discussed.

Demonstrations and talks were given by Kathy Baumann, Charles Schwalen, Diane Van Handel and Mary Klaner.

NEARLY ¼ MILLION WANT ADS APPEARED IN POST-CRESCENT IN LAST 12-MONTH PERIOD

Yes, that's right! In the last year nearly ¼ million want ads have appeared in the Appleton Post-Crescent. That's nearly 5,000 want ads every week in the Fox Cities' "Busiest Market" place—the Post-Crescent Classified Section.

Why so many ads?

People using want ads have long ago recognized the power of the "Little Giant" when they want to sell or buy.

Only a few cents a day brings results.

Results Count! . . . Look at these

cattle breeding, fodder production and management. His education consists of four years of primary school, seven years of secondary school and two years at the Indian Dairy Research Institute of Dairy Technology and Dairy Farming. He received a degree in dairying.

Parikh belongs to the Young Farmers Association and the Farmers Union.

He is sponsored by the International Minerals and Chemical Corporation and the Ministry of Food and Agriculture.

Valley Club Members Collected More Than Three Tons of Paper

More than three tons of paper, 6,622 pounds in all, was collected by members of the Valley 4-H Club during a recent drive.

The report was given at the club's May meeting. Judy Stellwagen, Outagamie County Home Economics agent, spoke on table manners and the foods menu.

The June meeting will be a family picnic June 14 at Appleton's Erb Park.

New London Mosquito Equipment Is Working

NEW LONDON — Mosquito fogging equipment is back in operation, and relief from the mosquitoes plaguing the city is in sight. Mrs. Elroy Stern, chairman of the board of health, reported.

The fogging equipment was temporarily out of commission while the city was waiting for parts for the machine.

Waupaca 4-H Members Will Give 147 Demonstrations

WAUPACA — The annual demonstration contest for Waupaca County 4-H Club members will be at Manawa High School, starting at 9 a.m., Monday.

Some 147 demonstrations or illustrated talks will be given. Fifty-five demonstrations will be in the category of agriculture, 62 in foods and 30 in clothing and general subjects.

Demonstrators will be grouped according to age. The youth group consists of members between 9 and 13, and the older group is for those 14 to 19.

Top Demonstrations

Top demonstrations will be repeated at the county fair. Philip Jeske, county club agent, said planning a demonstration or illustrated talks designed to teach others helps members learn to select and organize facts and ideas. Presenting it will give them practice in

New Problems Cause Losses For Farmers

New types of livestock disease problems are causing increased trouble and losses for modern farmers, authorities have reported.

The American Foundation for Animal Health said that one cause for concern was the increasing number of non-infectious diseases developing in our livestock population. These may be brought on by greater stress being placed upon animals, nutritional imbalances, new chemicals, and steady depletion of the trace minerals from the soil.

In view of this, farmers should keep alert for any signs of animals which do not look or act normally, so that a prompt check can be made before the trouble becomes too serious.

In other cases, says the foundation, a common disease may appear in a slightly different form, or may affect a different species.

If suspicious symptoms develop, the best first step for the farmer to take is to have his veterinarian make a diagnosis, according to authorities. Prompt and early detection of the problem generally offers the best prospect for preventing losses. To keep these "new disease" problems under control, there is need for the cooperative effort of livestock men, veterinarians, diagnostic laboratories, producers of medicines, and regulatory agencies, the foundation says.

thinking and speaking before a group, Jeske said.

Judges will be Don Schoedel, Shawano County 4-H Club agent, and Ken Johnson, Waushara County 4-H Club agent, agriculture division. Miss Georgene Wolterstorff, Marquette County home economics agent; Miss Darlene Breheim, Shawano County home economics agent; Miss Judy Stellwagen, Outagamie County home economics agent, and Patricia Spielman, Waushara County home economics agent, will judge other subjects.

Shortage of Money Hurts Menominees

Housing, Nutrition of Indians Reported Better Than Expected

NEOPIT, Wis. (AP)— "Housing, that's my ax to grind ... They lost the paternal image ... A hospital was a status symbol ... Crime and school dropout rates are too high ... No new loan account to a Menominee for a year."

These are the statements of nurses, social workers and educators hired to help the Menominee Indians find a better way of life, and of individuals sometimes asked for help.

Menominee County Nurse Mrs. Elaine W. Neta said housing

jected reports there was starvation among the Menominees.

"No such cases that I know of," she said. "In fact, the Menominees are healthier than they have a right to be, considering the low incomes and the effect of diets."

'Lost Face'

Mrs. Neta said the Menominees "lost face" when their hospital was closed with termination. Since then the county has been without a resident doctor.

The hospital - health situation is being investigated for the Wisconsin State Medical Society by Martha Jenny, a public health nurse formerly on the University of Wisconsin faculty.

Miss Jenny, who is making a family by family survey, has classified housing and nutritional habits, with the results "better than we anticipated."

In one sampling of 55 homes, she listed 26 as good, 16 as fair and 13 as poor.

"I begged them to tell me about their diets," said said. On the basis of the answers, nutrition was listed as inadequate for eight of the 55 families.

Health Program

She said a major health problem, in addition to tuberculosis, is the stock of bills unpaid by the Menominees for care at the hospital in Shawano. Unpaid bills totaled \$89,000 at the time of termination, and climbed to \$149,000 by the end of 1963.

The tuberculosis load has diminished from 32 hospital cases in April of 1963 to 14. A program of free x-rays has helped check the spread of the disease.

The county welfare department is handling 250 cases. And spokesmen said that aid cases would reach 600 by including loans granted by the state under a \$1 million program begun in January, when the Indians could transfer or sell their Menominee Enterprise bonds for the first time. The program authorizes loans or the assignment of relief funds.

Welfare Load

Eugene C. Raddatz, welfare department director, said the load included 68 aid to dependent children cases, which involve 248 individuals.

Raddatz also said records showed 24 illegitimate children were born in the county in the 12 months ending last March. State Department of Public Welfare figures placed the illegitimate birth rate for the state in 1962 at 3.2 per cent of live births, but said the figures for Menominee County that year was 18 per cent, or 20 of 111 births.

The figures, the latest available, do not take into consideration, however, tribal and common law marriages, which are not recognized by the state.

Abrupt Termination

Forrest Gregg, a case supervisor, said the abrupt termination "took security—paternalism—away from the Menominees."

Cited was the instance of parents saying they were "fearful" of their ability to make the now required decisions for and about the future of their children.

The welfare spokesman estimated it would be at least 20 years before all the Menominees are ready to accept parental and community responsibilities.

While the Menominee high school students must go to Shawano and Gresham for classes, the county has four elementary schools. Neopit and Keshena each have one public and one Roman Catholic school.

Keshena School

There are 619 Menominee County pupils attending classes in Joint School District No. 8, which includes Shawano County.

Menominee County Nurse Mrs. Elaine W. Neta reads the X-ray machine that sees heavy service in a drive to check tuberculosis among Wisconsin's Menominee Indians. After working hours, Mrs. Neta carries on her own campaign to improve housing for the Indians. (AP Wirephoto)

The Catholic schools have about 165 pupils each.

Everett Jensen, principal of the Keshena public school, said attendance was not a problem. But this was probably so, he said, because a school representative checked every absence.

School Superintendent Kenneth Hub said the absenteeism rate among Menominee children at Shawano High School was 3 to 4 times that of other students. He also said that while Menominees made up about 20 per cent of the high school enrollment, they accounted for 24 of the 32 dropouts in the school year starting Sept. 1, 1962.

Hub said a remedial reading program for Menominee pupils was started two years ago but abandoned in favor of smaller classes.

While Hub said that "our school, like all others, hasn't succeeded in reaching all the children," he was especially pleased that one of the Menominees who attended Shawano High School would be joining the staff in the fall.

Menominee Teacher

He said that Jerilyn Grigon, who will be graduated from La Crosse State College this summer, has been hired as a physical education teacher.

Hub joined other spokesmen saying that the growth of Menominee County and the future of its residents is restricted by the failure of its young people who do get an education, to return. "But there are almost no job prospects for them," he said.

At Shawano, where the Me-

nominees make nearly all of their purchases, the manager of a finance company said his firm had not opened new accounts for Menominees for a year.

Money Shortage

He said "a shortage of money in the area and the lack of experience by the Menominees with loans" contributed to the decision. He said new loans were made to old accounts.

Carl F. Wilke, vice president of the Shawano National Bank, called Menominee County and its people "a great asset to the Shawano business community."

He said, "We help the Menominees where we can."

Menominee County Sheriff Wilmer Peters said that while the county has had few major crimes, the crime rate among his people "has been very high." Most cases involve family trouble, assault, intoxication, breaking and entering and vanities.

442 Arrests

He said that in 1963 there were 442 arrests, exclusive of who will be graduated from La Crosse State College this summer, who is a Menominee, said, "We bend over backwards to try and help our people."

A steady rise in arrests began with termination began to taper off in the spring, Peters said.

Termination, he said, "has not worked too well, but about 75 per cent of our people are learning to live with it, and we are struggling to make it work."

LEGAL NOTICES

STATE OF WISCONSIN, OUTAGAMIE COUNTY COURT—IN PROBATE

In the Matter of the Estate of JUDSON HANKS, a.k.a. JUDSON F. HANKS, Deceased.

A petition for probate of the estate of Judson Hanks, deceased, late of the City of Appleton, Outagamie County, Wisconsin, and for determination and adjudication of heirship, having been filed, IT IS ORDERED:

That the time within which all creditors of said deceased shall present claims against such estate for examination and allowance is hereby fixed and limited up to and including the 8th day of September, 1964.

That proofs of heirship be taken and all claims and demands against the said deceased be examined and adjusted by the Court on the 15th day of September, 1964, at the opening of the Court on that day, or as soon thereafter as the matter can be heard.

Dated June 4, 1964.

CITY OF APPLETON
PROPOSED ORDINANCE

Notice is hereby given that the following proposed Ordinance will be considered for passage by the Common Council at a meeting to be held in the Council Chambers in the City Hall on the 17th day of June, 1964, at 7:30 o'clock in the evening.

AN ORDINANCE AMENDING SECTION 15.37 (a) OF CHAPTER XV OF THE GENERAL ORDINANCES OF THE CITY OF APPLETON BY MAKING CERTAIN ADDITIONS THERETO RELATING TO THE JURISDICTION OF THE BOARD OF APPEALS.

The Common Council of the City of Appleton do ordain as follows:

Section 1 That Section 15.37 (a) of Chapter XV of the General Ordinances of the City of Appleton relating to the Jurisdiction of the Board of Appeals be amended by adding thereto the following:

(a) An off street parking facility in residential zones to provide for employee or customer parking. Provided that the following conditions are complied with:

(1) That the property is posted with placards readable from the sidewalk and specifying the time and the place where the public hearing will be held. Such placards shall be posted not less than seven days prior to the public hearing before the Board of Appeals.

(b) That the Alderman of the Ward in which the exception for parking

CITY OF APPLETON
PROPOSED ORDINANCE

Notice is hereby given that the following proposed Ordinance will be considered for passage by the Common Council, at a meeting to be held in the Council Chambers in the City Hall on the 1st day of July, 1964, at 9:30 o'clock in the evening.

AN ORDINANCE TO RECODIFY CERTAIN GENERAL ORDINANCES OF THE CITY OF APPLETON, WISCONSIN, AS THEY HAVE EXISTED UP TO AND INCLUDING THE 6th DAY OF MAY, 1964.

WHEREAS, it is deemed expedient and necessary that certain general ordinances of the City of Appleton be revised and recodified and arranged in appropriate chapters, sections and subsections; that certain ordinances be amended and new ordinances be enacted and that the same be published in book form to make the whole thereof concise, intelligible and convenient; and WHEREAS, on December 5, 1962, the City Council authorized the preparation of a recodification of general ordinances for the City of Appleton, and

WHEREAS, a copy of such recodified ordinances has been on file and open for public inspection in the office of the City Clerk for not less than two weeks, as required by S. 65.035 of the Wisconsin Statutes.

NOW, THEREFORE, The City Council of the City of Appleton do ordain as follows:

That the following Chapters of the General Ordinances of the City of Appleton, as recodified by Robert D. Sundby, Municipal Ordinance Service, Inc., be considered for passage by the Common Council, at a meeting to be held in the Council Chambers in the City Hall on the 17th day of June, 1964, at 7:30 o'clock in the evening.

AN ORDINANCE AMENDING SECTION 10.04 OF CHAPTER 10 OF THE 1964 RECODIFIED ORDINANCES OF THE CITY OF APPLETON, RELATING TO PARKING LIMITATIONS.

The Common Council of the City of Appleton do ordain as follows:

Section 1 That Section 10.04 of Chapter 10 of the 1964 Recodified Ordinances of the City of Appleton, relating to parking limitations, be amended as follows:

Parking on both sides of Laws Street between College Avenue and the Laws Street Bridge over the Fox River is prohibited.

Section 2 This ordinance shall be in full force and effect from and after its passage and publication.

Dated this 4th day of June, 1964.

Triune Lashbrook Reburke Pat, 102,393 pounds of milk and 4,780 pounds of butterfat in 3,143 days on official test. She is owned by Robert N. Paltzer, Appleton.

Nearly 18,000 registered Holsteins have exceeded this food production milestone while enrolled in the official test breed improvement programs of the Holstein Association. Still more have achieved similar goals in unofficial testing programs.

Production levels of this magnitude can be attributed to scientific advances in feeding and management practices coupled with the generation-to-generation genetic improvement and longevity of registered Holsteins.

Latin American Farmers Staying In Wisconsin

Twelve young Latin American farm leaders arrived in Wisconsin May 23 to take part in the second phase of a training program sponsored by National Farmers Union under contract with the Agency for International Development (AID).

A total of 80 young leaders have been assigned to Farmers Union organizations in six states. In addition to Wisconsin, participating states include Montana, Iowa, Minnesota, and North and South Dakota. The trainees come from five Latin American countries, Peru, Chile, Venezuela, Bolivia and Colombia.

The leadership training program, inaugurated a year ago, is designed to transfer the experience and "know-how" of United States farm organizations to the home countries of the trainees.

For the next three months, the young men will live with farm families where they have the opportunity to become familiar with farm organizational

and cooperative procedures at the grass roots level. Their studies will include the many services available to farmers in the United States which will be increasingly used within their own countries.

Following their stay at the host farms, the trainees will attend a short course in agricultural and community development at the University of Wisconsin. This session is scheduled for August 15 to September 11.

4-H Photographers To Display Works

Outagamie County's amateur 4-H photographers will have an opportunity to display their work at a meeting at 8 p.m. Tuesday at Hortonville High School.

Each project member is asked to bring at least three photographs. The pictures will be placed in classes and judged. Ribbons will be awarded.

Party Leader in Korea Quits Under Growing Pressure

Park Accepts Resignation in Attempt to Ease Discontent

BY ROBERT LIU

SEOUL, Korea (AP) — Kim Chong-pil, a chief target of the mounting student demonstrations in South Korea, resigned today as chairman of President Chung Hee Park's ruling Democratic Republic party.

Park accepted Kim's resignation in an effort to quiet the swelling public discontent. He had rejected a resignation from Kim over the weekend.

Kim, 37, was Park's righthand man, former head of the secret police and a key player in the 1961 military coup that brought Park into power.

Colleges Closed
Park also ordered all colleges and universities in the country closed until July 4, a day before the start of the two-month summer vacation. Eighty-five schools with a total enrollment of 125,000 are affected. Leading universities had been the breeding ground for the riotous demonstrations which this week have raised the gravest challenge so far to Park's regime.

As a leader in recent negotiations to restore normal relations with Japan, Korea's old enemy, Kim was a particular object of student wrath. The current wave of student unrest began last March to protest the talks with Japan.

Martial Law in Seoul

A spokesman said Park expressed appreciation for Kim's work as party chairman when he called at the presidential mansion this afternoon to offer his resignation.

Seoul remained quiet under

Traffic Patrol Will Use More Unmarked Cars

MADISON (AP) — Increased numbers of unmarked cars, airplanes and radar will be used by the State Motor Vehicle Department in a drive to slow the death rate on Wisconsin highways.

"Even though the death toll has been some leveling off, we cannot help but exceed the 1962 record when 956 persons died," Dan F. Schulz, the department's director of safety said in announcing the campaign Thursday.

The state has recorded 377 highway deaths, compared with 304 on this date a year ago.

Schulz said the number of State Traffic Patrol officers on duty was "totally inadequate" to patrol major highways. He urged "every arm of the law to stop the mounting traffic death toll" and to exercise proper authority in correcting the mistakes of "every erring motorist."

Tuscaloosa Negroes Continue Protests in Business District

TUSCALOOSA, Ala. (AP) — Negro demonstrations were staged again today in downtown Tuscaloosa where at least 40 persons, mostly Negro teenagers, have been slightly burned when squirted with oil of mustard and other ingredients.

It was reported Thursday that nine Negroes and three policemen were treated for minor, irritating burns received when they were squirted with the liquid during a demonstration.

The Rev. T. Y. Rogers, a spokesman for the group, said they are protesting alleged segregated lunch counters and discriminatory hiring tactics.

Some persons, apparently in crowds which gather near the demonstrators, have been squirting them with oil of mustard and mixtures of lemon juice and water. They use small containers and slip away undetected, police said.

Calm Restored As Talks Start At West Allis

College Students Walk From Plant Without Incident

MILWAUKEE (AP) — Peace returned to the picket lines at the Pressed Steel Tank Co. in suburban West Allis Thursday as company and United Steel Workers Union representatives held their first meeting with the Wisconsin Employment Relations Board and agreed to resume negotiations today.

Altogether, 30 arrests were made since the firm opened the plant to college student workers on Monday when they began summer vacations. One picket and a student were arrested early Thursday.

But in the afternoon, after conference had begun, 38 of the students walked without incident from the plant, some of them smiling at the 10 pickets who were on duty. About 200 spectators watched from the other side of the street.

Dispute Over Contract

Earlier as many as 150 pickets had marched at the gates. Local 1569 of the steelworkers, with about 650 members, has been on strike since April 1 in a contract dispute. A major issue apparently was the company offer of a three-year contract and the union request for a one-year pact.

The outbreak in picketing was announced by W.O. Sonnemann, counsel for District 32 of the steel workers. He said it was made "to create a climate of good will" for the conference table meetings.

Sonnemann denied the reduced picketing was a concession to the firm.

After Thursday's eight-hour conference, a spokesman said an "agreement was reached by the union and company regarding picketing and student employment." Details were refused.

Negotiations, which were broken off a week ago, were scheduled to resume this afternoon before Eugene Mynek of the Federal Mediation and Conciliation Service.

Disturbance May Grow Into Tropical Storm

MIAMI, Fla. (AP) — The Weather Bureau said a weak tropical depression moving into the south Gulf of Mexico about 400 miles southwest of Miami could become a tropical storm by tonight.

An Air Force reconnaissance plane from Hunter Air Force Base, Savannah, Ga., was scheduled to probe the disturbance today, the weather bureau said. Peak winds in a band of rain were clocked at 35 miles an hour, according to the Weather Bureau's 11 p.m. advisory.

The depression's center then was moving slowly in a northeasterly direction.

Youth Confesses Guilt in 5 Killings

Tip on Teacher's Slayer Leads to Other Admissions

KALAMAZOO, Mich. (AP) — A gasoline station at Battle Five killings were admitted to Creek, Mich., last April 6. Lutz said the youth also admitted Thursday night on a tip mitted killings in Las Vegas, in the slaying of a school boy, and in Kentucky.

Lutz said no details were obtained in the latter killings. Sgt. Frank Thompson said a call came from Arthur Boothe, Mich., that led authorities to slightly built Larry Ranes, 19, had killed Smock, intended to visit a priest, and then kill himself.

State Police Sgt. Karl Outz said Ranes was walking down the driveway of the Boothe home when police arrived. Arraigned on a murder charge at 3 a.m., Ranes was held without bail.

Wallace Drive Plans Reported

BALTIMORE, Md. (AP) — A television station has quoted an aide to Alabama Gov. George Wallace as saying the governor will campaign for the presidency in at least eight Southern states.

Station WJZ said Thursday night that Bill Jones, Wallace's press aide, told a reporter the governor will run in Arkansas, Florida, Georgia, Louisiana, Mississippi, South Carolina, Texas and Alabama.

Jones also said Wallace may campaign in North Carolina and Maryland in addition to the eight other states, the Baltimore station said.

"Wallace says he does not expect to win the election, but wants a block of electors to bargain with both Republican and Democratic presidential nominees," WJZ said.

'Missing' Tot Took Lone Ride on Train

ELMORA, Iowa (AP) — Three-year-old David Larson, visiting here from California, climbed aboard a freight train while it was stopped near grandma's house Thursday and rode it six miles to Steamboat Rock, where he got off.

Then the train took off again and left him, stranded and in tears, in the strange Iowa town.

Everything came out all right but David gave an anxious time to his mother Mrs. Russell Larson of Lancaster, Calif., and Hardin County Sheriff Lowell McCormick before he was found.

Elderly Man Accused Of Possessing Still

MARINETTE (AP) — John Kuroski, 75, of the town of Porterfield in Marinette County was arrested Thursday by Treasury agents on charges of possession of an illegal still.

N. Viet Nam Journal Hits At Khrushchev

Charges Sacrifice Of Revolution to Help Soviet Policy

TOKYO (AP) — Communist North Viet Nam accused Soviet Premier Khrushchev today of sacrificing world revolution to the needs of Moscow policy and of trying to bludgeon Red-ruled nations into doing his bidding.

An article in Hoc Tap, theoretical journal of the North Vietnamese Communist party, also blasted Khrushchev's attempt to marshal all Communist nations' economies under Soviet leadership in what he calls "Socialist division of labor."

Summarized by Peking
The article was written by Deputy Premier Pham Hung and distributed by Peking's New China News Agency in summary form.

The article implied that Khrushchev was interested primarily in the needs of the Soviet Union, and building up Soviet forces while withholding military help from other Communist nations.

The article criticized the idea that world revolution can be achieved short of armed struggle.

Speaking of Khrushchev's "international division of labor" program, the article accused him of opposing the aspirations of other Red nations, such as Romania, for "self-reliance and building an independent economy for themselves."

Khrushchev—using the Council for Mutual Economic Assistance—Comecon—has attempted to assign Romania the task of concentrating on agriculture and its oil industry. Romania has resisted this, seeking greater industrialization.

Ball Talks With French Leaders

PARIS (AP) — U.S. Undersecretary of State George W. Ball met for more than an hour today with Foreign Minister Maurice Couve de Murville of France for a review of the Southeast Asia situation.

Their meeting, in Couve de Murville's office, was a prelude to the discussion Ball is to have on the same subject with President Charles de Gaulle later in the day.

Ball and Couve de Murville chatted amiably and posed for photographers as they emerged from their meeting, but neither would say much.

May Clarify Convention Procedure

MILWAUKEE (AP) — Rep. John W. Byrnes, the favorite son presidential candidate of Wisconsin's Republicans, says he feels state law would allow him to release the state's 30 national convention delegates before the first nomination ballot.

Byrnes, reached in Washington, said Thursday night he was glad a ruling had been sought from the state attorney general's office "so there won't be any question about it."

Asked if he felt he could release the delegates prior to the first ballot, he said, "There's always the potential that it can be done. If the candidate releases the delegates, they are released."

First Ballot Pledge

Delegates on the Byrnes slate elected in the April primary were required to sign a pledge saying they would vote for him on the first ballot or until he received less than 10 per cent of the total vote on a single ballot.

Leo Fahey, supervisor of elections in the secretary of state's office, said he has asked the attorney general for a formal ruling on the statute covering the situation. Atty. Gen. George Thompson said the opinion would be prepared as soon as possible. The GOP national convention is set for next month.

Some backers of Sen. Barry Goldwater have suggested the delegation be released before the voting starts.

Practical Procedure

Wayne Hood of La Crosse, Midwest campaign director for Goldwater, said he felt the delegates could be released before the first ballot but would not be.

"As a practical matter," he said, "the delegation would not do it until the first roll call. At any convention, the first roll call is informal until the chairman announces, after the roll has been called, that the roll is going to be made formal. At that point, states can switch their vote."

Byrnes said "I'm not going to make decisions now on any speculative situation. The delegation will discuss our general situation at the convention, and anything we do I would want to do in consultation with the delegates at San Francisco, unless some unforeseen circumstance requires calling a meeting before then."

Dodge County Man Convicted of Arson

WEST BEND (AP) — La June Schilling, 25, of Woodland in Dodge County was convicted Thursday of two counts of arson in the \$60,000 fire at the Thiel mill in Slinger in April.

Salute Living, Honor Dead

Allies of World War II Observe Normandy Invasion Anniversary

BY HARVEY HUDSON
OMAHA BEACH, France (AP) — The Allied nations of World War II start two days of ceremonies today to salute the living and honor the dead of the Normandy invasion on the 20th anniversary of the assault.

Hundreds of D-Day veterans were assembling in the invasion area where American, British, Canadian and French soldiers stormed the beaches on June 6, 1944. Most were on private pilgrimages.

Bradley Heads Delegation
The official U.S. delegation, headed by Gen. Omar N. Bradley, Deputy Secretary of Defense, and Gen. Maxwell Taylor, chairman of the Joint Chiefs of Staff, was to arrive this afternoon. Gen. Bradley commanded the American forces on D-Day. Gen. Taylor United States and Britain did not tell him invasion was imminent until two days before it took place.

Villagers and town officials are offering visitors a warm welcome. Because each town claims a share in the assault that resistance movement. Liberated France wants to pay tribute, the observances have been spread over two days.

President Charles de Gaulle is a staying haughtily aloof—just as he did on D-Day. Premier Georges Pompidou had promised to attend, but canceled his acceptance.

Gen. Dwight D. Eisenhower, supreme Allied commander of the invasion forces, wanted De Gaulle to participate in a D-Day address to the French people in 1944. But De Gaulle wanted to be recognized as ruler of France.

President Franklin D. Roosevelt said the United States had no intention of imposing any government on the French people without the recognition, De Gaulle refused to help with the broadcast, and ever since has been cool to Allied commemorations of the event.

It is also well known that De Gaulle was offended because the forces on D-Day Gen. Taylor United States and Britain did not tell him invasion was imminent until two days before it took place.

Showers, Thunder Forecast Saturday

Fox Cities — Fair and warmer tonight. Low near 45. Saturday partly cloudy with showers or thundershowers. High near 78. Light southwest winds, except stronger winds in thunderstorms.

Appleton — Observations at 10 a.m. today. Temperatures for the 24-hour period: High 69, low 46. Wind velocity 10 mph south-southwest. Barometer 30.00 and steady. Relative humidity 76. Dew point: 46. Precipitation: None.

Sun sets at 8:34 p.m., rises Saturday at 5:10 a.m. New moon June 9. Prominent stars are Arcturus. Visible planets are Venus and Saturn.

Former Members of fighter squadron of the aircraft carrier Intrepid who survived torpedoing of the ship in the Pacific 20 years ago, gather around a bottle of whiskey they saved from Davey Jones' locker when the ship went down. Twenty-three of the survivors met Thursday night in a New York hotel. From left, Bob Thiele, Cincinnati, Ohio; Charles Brunke, Central Islip, Long Island, New York, who saved the bottle, and Eric Kulberg, Chula Vista, California. (AP Wirephoto)

Goldwater Drive Appears Building

Nixon and Scranton Deny They Will Participate in Blocking Arizona Senator

WASHINGTON (AP) — Two potential challengers of Sen. Barry Goldwater for the Republican presidential nomination—Richard M. Nixon and Gov. William W. Scranton of Pennsylvania—have announced they will have no part of any stop-Goldwater drive.

Some Republican leaders who oppose Goldwater's candidacy have hoped that one or the other would leap into the GOP race, become the rallying point for a coalition and take the play from the Arizona conservative at the national convention. But as Goldwater rested away from the political storm and strife and his bandwagon appeared to be taking on more steam, Nixon, the party's standard bearer in 1960, said on Long Island Thursday night he would not take part in any stop-Goldwater movement.

Split Party

The former vice president said such a move "would so badly split the party that who-

Heart Attack Rate in Town Is Puzzling

Italian-American People Are Fat, Healthy and Happy

ROSETO, Pa. (AP) — "We have peace of mind."

That's the answer Mayor George Giaquinto, 50, of Roseto has for medical experts who are somewhat puzzled by the low incidence of heart attacks in this little Italian-American community of fat, yet healthy and happy people.

A seven-year medical study conducted in the northeastern Pennsylvania community made up of 1,630 has shown a death rate from heart attacks that is strikingly low—despite a passionate love for fattening foods and wine.

Published Report

Medical researchers, who Thursday published their report on the eating habits and social behavior of the residents of Roseto, said the most striking feature of the community "was the way in which people seemed to enjoy life. They were gay, boisterous and unpretentious."

"Whether or not their sensible way of life contributed to their good health is still to be determined," the report added.

Roseto's mayor tends to agree with the tentative conclusions of the report.

"We're a cultural people. The main thing is that we have peace of mind. I guess there's a little bit of heredity in it, too," said the mayor.

Italian Customs

In Roseto, 95 per cent of the residents are first, second or third generation Italians who have maintained many of their traditional Italian customs.

Yet the incidence of death due to heart attacks among these people overweight by medical standards, was considerably less than ethnically-different neighboring towns — Bangor, Nazareth, Stroudsburg, and East Stroudsburg.

It's a puzzle to scientists who have been pointing at America's rich diet as a prime factor in arterial diseases and heart attacks.

UW Academic Degrees to be Awarded 3,700

Largest Graduating Class in 115-Year History of School

MADISON (AP)—The largest graduating class in the 115-year history of the University of Wisconsin will leave campuses in Milwaukee and Madison Sunday and Monday.

More than 3,700 young men and women will receive academic degrees—600 in Milwaukee Sunday and 3,100 in Madison Monday.

Bachelor Degrees

Of the total, 2,750 will receive bachelor's degrees, 700 will get master's degrees, 165 will be awarded doctor of philosophy degrees and 170 will receive law and medical degrees.

The UW-M commencement is planned in Pearce Field Stadium and the Madison campus event will take place in historic Camp Randall Stadium. Provisions have been made for indoor ceremonies if weather necessitates.

Events on both campuses will include receptions, reunions, luncheons and similar activities.

147,000 Total

Conferring of degrees will bring the university's total to more than 147,000 during the 110 years since its first commencement in 1854 when the graduating class consisted of two men.

Graduates will include 2,100 from Wisconsin, 1,000 from 45 other states and the District of Columbia, and 40 from foreign countries.

A highlight of the Madison commencement will be the awarding of honorary degrees to five outstanding members in education, journalism, business, science and law.

Recipients Named

Recipients will be Lloyd K. Garrison, New York lawyer and former dean of the UW law school; Irwin Maier, publisher of the Milwaukee Journal and president of the American Newspaper Publishers' Association; Alexander Meiklejohn, who set up the university's experimental college in 1927; Donald C. Slichter, president of Northwestern Mutual Life Insurance Co. of Milwaukee, and Edward T. Tatum, co-winner of the Nobel prize in 1958 for medicine and physiology.

A total of 127 graduates will receive commissions in the armed forces.

More Red Technicians Move From Mongolia

TOKYO (AP)—Red China reported today that another group of Chinese technicians have left Mongolia for home, bringing the total departures to 3,500. At one time about 12,000 were in Mongolia.

The report by the New China News Agency gave no indication the departure was the result of a worsening of Chinese-Mongolian relations.

Mongolia supports Soviet Premier Khrushchev's peaceful co-existence policy and opposes Peking's policy of violent revolution.

Chorus of Protests

Amos 'n' Andy Hit By Negro Spokesman

CHICAGO (AP) — Amos 'n' Andy returned to Chicago television Thursday night with an off-screen chorus of protest from Negro civil rights spokesmen.

"Tonight inaugurates the long, hot summer," snapped Chuck Stone, editor of The Defender, a Negro daily newspaper.

But as much as civil rights leaders deplored it, some said they wished there were more indignation among average Negroes.

Begins Troubles

Stone, whose paper largely serves Chicago's 900,000 Negroes, said he thinks the program introduced "the long, hot summer" of troubled race relations for two reasons: "First, white people all like it. Amos 'n' Andy really is funny. No doubt about it."

"But I doubt that most white

Danish Teen-Agers Grow Hysterical at Beatles Performance

COPENHAGEN, Denmark (AP)—Danish teen-agers are just like those in Britain and the United States. They go crazy when the Beatles hit town.

The mop-top performers from England put on a show in Copenhagen Thursday and touched off one of the most hysterical demonstrations ever witnessed in the Danish capital.

Shrieking girls tried to storm the stage as the Beatles went into their act. Ushers had to drag the girls back to their seats.

Police brought dogs to subdue screamers who milled about outside the concert hall.

Youthful enthusiasm was not lessened by the absence of ailing drummer Ringo Starr. Starr, 23, is being treated for tonsillitis and laryngitis. A substitute drummer accompanied the Beatles.

Robert Kennedy To be Honored At Marquette

MILWAUKEE (AP) — The visit of Atty. Gen. Robert Kennedy to Milwaukee Sunday to receive an honorary degree from Marquette University will be short, according to indications Wednesday.

He will fly to Chicago Sunday morning and then make the trip to Milwaukee in a chartered plane and, if there is time, hold an airport news conference.

At 12:30 p.m. he is scheduled to attend a private luncheon at the Wisconsin Club as the guest of Father William J. Kelley, president of Marquette.

Kennedy will deliver the commencement address at Marquette's graduation exercises, set to begin at 3 p.m. in the Arena. The attorney general will receive an honorary doctor of laws degree.

He is scheduled to leave Milwaukee immediately after the program, flying to the West Coast.

British Rocket Partial Success

ADELAIDE, Australia (AP)—After four launch failures in two weeks, Britain's Blue Streak rocket was sent up for the first Chicago Urban League, said time today at the Woomera Range but fell 209 miles short of its 1,000-mile target.

The 90-ton rocket, which Britain abandoned as a strategic weapon in 1960, is being developed to supply the first stage of a rocket to send aloft satellites in 1967 or 1968 for the nine-nation European Space Research Organization.

New Canal Routes Outlined for House Marine Committee

New Sea-Level Waterway May Cross Panama or Columbia

WASHINGTON (AP)—In the news from Washington: NEW CANAL: The likely routes of a new sea-level Isthmian canal are across Panama, 110 miles east of the Panama Canal, or across Colombia.

This became apparent Thursday when in testimony to the House Merchant Marine Committee, Secretary of the Army Stephen Ailes did not mention proposed routes in Mexico and just 40 miles east of the present canal in Panama.

And Ailes specifically ruled out a proposed Nicaraguan route, telling the committee it is not being considered because it would be "a great deal longer and a great deal more expensive."

The committee is considering a bill to authorize a study of construction sites for a new canal. Ailes estimated it would cost \$17.5 million to survey the Panama and Colombia routes, and he recommended about \$300,000 more to examine the possibility of making the present canal a sea-level one.

LBJ: President Johnson's committee on employment of the handicapped will present its distinguished service award to Washington's Gallaudet College Saturday and that evening the President will address a centennial banquet at this oldest college for the deaf in the United States.

VIET NAM TOLL: The latest Pentagon summary of casualties in South Viet Nam shows that through June 1, 40 Americans were killed in noncombat aircraft accidents and 97 in air action. Another 44 Americans perished in ground fighting.

GREEN LIGHT: The House passed Thursday a bill to establish a 15-member national commission on food marketing. The group would study the marketing process from farm to consumer.

In acting, the House cut the amount authorized for the study from the \$2.5 million voted by the Senate to \$1.5 million as recommended by the House Agriculture Committee. The bill now returns to the Senate and probably will wind up in a conference between the two chambers to resolve the differences.

Sweet Dessert; Music to Match Rural Programs Scheduled

Dessert and folk music were the attractions for junior high school students at the Pie-Fest Hootenanny Record Hop Wednesday evening at Butte des Morts Golf Club. A nautical theme was carried out with ships and anchors and entertainment included The Packet Singers and a dance team.

Committee members for the party were Mr. and Mrs. Sedgwick Rogers, chairmen, assisted by Mr. and Mrs. Clyde Chumbley, Mr. and Mrs. Richard Garvey, Mrs. Frances Krampien and Mr. and Mrs. Clifford Vincent.

It's Pretty Hard to divide attention when competitors are a sweet and tasty dessert and music to set the feet a-tapping. Kathy Verhoeven, daughter of Mr. and Mrs. John Verhoeven, and Tom Arens, son of Mr. and Mrs. Gerald Arens, look over their shoulders at the folk singers.

Listening Isn't Enough. The trio above joined their voices and clapping hands in the music at Butte des Morts Golf Club party for junior high students. They are Diane Genge, daughter of Mr. and Mrs. Donald Genge, Chris Fischer, daughter of Mr. and Mrs. Rudolph Fischer, and Mary Techlin, whose parents are Mr. and Mrs. Henry Techlin. At left, keeping the rhythm, are Ellen Balliet, daughter of Mr. and Mrs. Richard Balliet, and Tim Nolan, son of Mr. and Mrs. David J. Nolan. (Post-Crescent Photos)

Fresh, Light Desserts Sing Praise of Spring

Now that spring is here, trip the light fantastic with light fantastic desserts. Here are half a dozen to choose from, each as delightful as the next.

First choice is Eggs a la Neige, a marvelous dish, related to our floating island.

A basic ingredient in all recipes in the booklet, and in the recipes there is corn starch.

Eggs a la Neige
2 egg whites
1/4 teaspoon cream of tartar
1/2 cup sugar
1 tablespoon corn starch
1/4 teaspoon salt
2 egg yolks
2 cups light cream
1 teaspoon vanilla
2 oranges, sectioned (or 1 12-ounce can Mandarin orange sections)
2 bananas, sliced (or 1 pound grapes, seeded)
Unsweetened chocolate, flaked

Beat egg whites and cream of tartar until foamy. Add 1/4 cup of the sugar. Beat until stiff peaks form when beater is raised. Half fill deep skillet with water. Bring water almost to boil; turn off heat. Drop egg white mixture by mounds into water. Cover 1 minute. Drain on absorbent paper. Chill meringues 1 to 2 hours.

Combine remaining 1/4 cup sugar, corn starch and salt in double boiler top. Mix in egg yolks, then light cream. Cook over boiling water, stirring constantly, until mixture is slightly thickened, about 5 minutes. Remove from boiling water; cool. Stir in vanilla. Chill.

Arrange oranges and bananas (or Mandarin oranges and grapes) in bottom of deep dish. Gently pour custard sauce over fruit. Put meringues on top. Sprinkle with flaked chocolate. Makes 4 to 6 servings.

Note: 1 pint strawberries, hulled and sliced may be used in place of fruit called for in recipe.

Lemony Light Molds
1 cup sugar
1/2 cup corn starch

1/4 teaspoon salt
3 cups cold water
1/4 cup lemon juice
Grated rind of 1 lemon
2 egg whites
Raspberries

Combine sugar, corn starch and salt in double boiler top. Cook over medium heat, stirring

constantly, until mixture is thickened and clear. Cool. Add 10 to 15 minutes. Cover and continue cooking over boiling water, stirring occasionally, 30 minutes. Let cool five minutes. Stir in lemon juice and rind. Beat egg whites until peaks form when beater is raised. Gradually stir lemon mixture into egg whites, blending well. Pour into individual molds. Chill thoroughly. Unmold and garnish with raspberries or raspberry sauce. Makes about 10 molds.

Raspberry Sauce
1 (1 pound) package frozen whole raspberries
1 tablespoon corn starch
Water

1/2 cup light brown corn syrup
Thaw berries. Drain, reserving juice and adding water if necessary to make 3/4 cup liquid. Blend corn starch and juice in saucepan. Mix in corn syrup. Cook over medium heat, stirring

constantly, until mixture is thickened and clear. Cool. Add 10 to 15 minutes. Cover and continue cooking over boiling water, stirring occasionally, 30 minutes. Let cool five minutes. Stir in lemon juice and rind. Beat egg whites until peaks form when beater is raised. Gradually stir lemon mixture into egg whites, blending well. Pour into individual molds. Chill thoroughly. Unmold and garnish with raspberries or raspberry sauce. Makes about 10 molds.

Melting Moments
1/2 cup corn starch
1/2 cup confectioners sugar
1 cup sifted flour
1/4 cup corn oil margarine
Coconut

Sift corn starch, confectioners sugar and flour together into mixing bowl. Blend in corn oil margarine with spoon, mixing until soft dough forms. Shape into 1-inch balls. Place about 1 1/2 inches apart on ungreased cookie sheet; flatten with slightly floured fork. Sprinkle with coconut. Bake in 300 degrees F (slow) oven 20 to 25 minutes until edges are lightly browned. Makes about 2 dozen cookies.

Note: If dough is too soft to handle, cover and chill in refrigerator 1 hour.

Strawberry Sponge Shortcake

Chocolate Melting Moments

Follow recipe for melting Moments, sifting 1/4 cup cocoa and 1/4 teaspoon salt with dry ingredients, and placing a nut on top of each cookie before baking.

1/4 cup sugar
1/4 teaspoon salt
1/4 cup sifted flour
1/4 cup corn starch
1 quart strawberries
1/2 cup sugar
1 cup (1/2 pint) heavy cream, whipped
2 eggs

Beat eggs in small mixer bowl until fluffy. Gradually add the 1/2 cup sugar and salt, beating until mixture is double in bulk and mounds slightly when dropped from spoon. Sift flour and corn starch over egg mixture; fold in. Pour into greased 9-inch layer cake pan. Bake in 350 degrees F. (moderate) oven until top springs back when lightly touched, about 25 minutes. Cool slightly. Remove from pan. Cool completely. Meanwhile, wash, hull and slice strawberries, reserving a few whole strawberries for garnish. Sprinkle sliced strawberries with the 1/2 cup sugar. Let stand about 1/2 hour. Slice cake in half horizontally. Spoon half of sliced strawberries and juice over bottom half of cake. Add half of whipped cream. Cover with top half of cake. Add remaining sliced strawberries and juice. Garnish with whipped cream and whole strawberries. Makes 6 to 8 servings.

Beat eggs in small mixer bowl until fluffy. Gradually add the 1/2 cup sugar and salt, beating until mixture is double in bulk and mounds slightly when dropped from spoon. Sift flour and corn starch over egg mixture; fold in. Pour into greased 9-inch layer cake pan. Bake in 350 degrees F. (moderate) oven until top springs back when lightly touched, about 25 minutes. Cool slightly. Remove from pan. Cool completely. Meanwhile, wash, hull and slice strawberries, reserving a few whole strawberries for garnish. Sprinkle sliced strawberries with the 1/2 cup sugar. Let stand about 1/2 hour. Slice cake in half horizontally. Spoon half of sliced strawberries and juice over bottom half of cake. Add half of whipped cream. Cover with top half of cake. Add remaining sliced strawberries and juice. Garnish with whipped cream and whole strawberries. Makes 6 to 8 servings.

Add remaining sliced strawberries and juice. Garnish with whipped cream and whole strawberries. Makes 6 to 8 servings.

Beat eggs in small mixer bowl until fluffy. Gradually add the 1/2 cup sugar and salt, beating until mixture is double in bulk and mounds slightly when dropped from spoon. Sift flour and corn starch over egg mixture; fold in. Pour into greased 9-inch layer cake pan. Bake in 350 degrees F. (moderate) oven until top springs back when lightly touched, about 25 minutes. Cool slightly. Remove from pan. Cool completely. Meanwhile, wash, hull and slice strawberries, reserving a few whole strawberries for garnish. Sprinkle sliced strawberries with the 1/2 cup sugar. Let stand about 1/2 hour. Slice cake in half horizontally. Spoon half of sliced strawberries and juice over bottom half of cake. Add half of whipped cream. Cover with top half of cake. Add remaining sliced strawberries and juice. Garnish with whipped cream and whole strawberries. Makes 6 to 8 servings.

Activities Set for Lawrence Alumni

Receptions, dinners and performances by the Lawrence College Theater and the Lawrence Symphony Orchestra will highlight reunion activities for classes celebrating 50-year, 40-year, 25-year and 5-year anniversaries June 12 and 13.

Weekend activities will begin with an informal social hour and fish and seafood buffet from 6 to 8 p.m. Friday at the Conway Hotel. The traditional Lawrence Symphony Orchestra performance will be held at 8:30 p.m. Friday in Memorial Chapel.

Appearing on the schedule for the first time is an "L" Club breakfast at 9 a.m. Saturday at Memorial Union. Former lettermen, graduate and underclassmen members have been invited. The Phi Beta Kappa breakfast and meeting will be held at 8:30 a.m. at Russell Sage Hall.

Capt. George O. Oetting, USAF, a member of the class of 1954, will present an illustrated lecture, "Englicana," at 10 a.m. Saturday at Harper Hall in the Music - Drama Center.

Capt. Oetting served with the Air Force in England before being assigned to his present post as administrative officer and instructor in the AFROTC program at the University of Illinois.

Robert Bertram, president of the Lawrence Alumni Association, will serve as master of ceremonies at the all-college luncheon Saturday noon at Alexander Gymnasium. The Lawrence Concert Band will present a concert on the lawn between Memorial Union and Worcester Art Center during the President's Reception from 3 to 5 p.m. Saturday at the Union.

Reunion Parties Planned
George Walter, associate professor of education, and Lavahn Maesch, Director of the Conservatory, will be guests at the Class of 1954 reunion dinner Saturday evening. Ralph Tippet is chairman, assisted by Richard Calder, Carl Stumpf, Mrs. Keith Buxton, Mr. and Mrs. Ivan Spanenberg and Kendall Parker. Neenah Classes of 1939, 1954 and 1959 will hold their receptions, dinners and a dance at Riverview Country Club. Coleman Hall will be the setting for the classes of 1914 and 1924 dance.

Eugene Colvin and Curtis Boyce, Wauwatosa, are co-chairmen of the 50-year reunion; Russell C. Flom, Menasha, and Miss Olga Smith, the 40-year reunion; Miss Annabelle Wolf and William Dutcher, the 25-year reunion, and Ronald Christianson, the 5-year reunion.

The Lawrence College Theater will present Nemerov's "Cain" and Pinter's "The Room," directed and enacted by members of the class of 1964. The two one-act plays will be presented at 9 p.m. Saturday at the Music-Drama Center.

Still Hale and Hearty at 77; Mrs. Boyle Outwears Kids

BY HAL BOYLE
KANSAS CITY, Mo. (AP)—The greatest tribute a child can pay to its parents for the gift of life is to outlive them.

I have existed beyond my father a quarter of a century, but I doubt I can outwear my mother.

She gets stronger with the years.

Going on 77, she is fair-complexioned as a milkmaid, still delicate of ankle, but so rotund and robust that it is all her loving children can do to put their arms around her.

She came here from Ireland when the world was young and fair, was ambushed by love, bore five kids without loss—all over 40 and complaining — and has survived the inroads of an Irish temper, a touch of diabetes, and four decades of high blood pressure in good health. Her current foe is rheumatism—and she has a low opinion of it.

Doesn't Matter
"Some days I can hardly move," she remarks, "but where do I want to go anyway except to stay here?"

One of the things I admire most about my mother, who only went to the third grade in Ireland but educated herself by enjoying people and reading the Kansas City Star, is her humaneness. She is the finest philosopher and the most sure-footed family politician I ever knew.

She doesn't just sit on the fence. She patrols both sides of a situation. Any situation.

When she was younger, if something displeased her, she fixed her eye on the ceiling and denounced the floor in loud tones.

But now she says, "You must learn to live with life."

Now she says, no matter what happens, "Well, considering the people involved, what else could a sensible person expect?"

Now she says, no matter what

County May Build Restrooms at Parks

Waupaca Board Committee May Approve of Facility Construction

WAUPACA — A motion to make a recommendation to the Waupaca County board that restroom facilities be constructed at county parks and waysides was made at a law enforcement committee meeting Wednesday.

The motion also calls for a study of a possible fee for use of county parks.

A special committee of the law enforcement group was in-

structed to check on the cost of constructing sanitary facilities for parks. Plans call for a concrete building costing about \$3,500.

The committee made a recommendation to place the water patrol at the Chain O'Lakes under the supervision of the Wisconsin Conservation Department. However the recommendation was not finalized until Arthur Krueger, water patrol officer, was contacted. The water patrol now is under supervision of the special committee of the county law enforcement committee.

Discuss Safety

Rex Oatman, conservation department warden, met with the committee and discussed safety measures on lakes and streams of the county. Oatman was asked to contact other counties and obtain their ordinances covering stream and lake safety regulations.

The law enforcement committee will visit jails constructed in the last few years to get ideas on the type of facilities Waupaca County should have. June 11 was set for the date of the first visits. Among the jails to be visited will be those at Brown and Oconto counties.

Clintonville Buys Signs to Advertise Port

Council Votes \$319 To Make Markers in Time for Air Show

CLINTONVILLE — The city council Tuesday voted to have two large signs made to advertise the Clintonville Municipal airport.

The signs, to be purchased from Custom Signs, are to be erected before the Jaycee-sponsored Air Show June 21, if possible.

One large sign costing \$105 will be erected on the corner of Seventh and Main streets, and the other for \$214 is to be erected at the entrance to the airport. They will read "The Birthplace of North Central Airlines."

The airport committee reported there will be a short dedication of a historical marker as the birthplace of North Central Airlines at 12:30 p.m. June 21 in conjunction with an air show. The committee is trying to arrange for personnel who helped to organize the airport to be present.

Funds For Reservations
The committee also reported funds are deposited in the Clintonville National Bank for reservations so the city can have five passengers per day to keep up the boardings.

The airport committee recommended the council join Local Air Service Action Committee (LASAC), which would unite Clintonville with a group of cities with similar air traffic problems.

It also was announced that an oral argument would be given at 11 a.m. June 24 in Washington for parties involved in the North Central Airlines Service investigation. The City of Clintonville will be given 10 minutes to present its side of the question. North Central has been given 30 minutes.

Campus Committee
Mayor Sinkiewicz said the next meeting of the College Campus committees would be at 7 p.m. June 10 at the Clintonville City hall Dr. James Alberson of the Wisconsin State College-Stevens Point will be guest speaker.

Ald. Fred Hangartner, chairman of the Pigeon River Improvement committee, advised that from June 10-16, the pond will be lowered one foot so that people along the river can fix up their shore lines.

Bethany Home Plans Larger Administration

Post of Resigning Rev. Paulsen Will be Divided Into Two Separate Positions

WAUPACA — A 15-man committee headed by Julius Johnson met recently to map out plans for hiring a new administrator at the Bethany Home to replace the Rev. R. M. Paulsen who has resigned to take a similar post at Brush, Colo.

On the recommendation of the

American Lutheran Church of Minneapolis, Johnson said, the Rev. Mr. Paulsen will be replaced by two men, an administrator and a chaplain. In his eight years at the home the Rev. Mr. Paulsen acted both as administrator and chaplain but now, Johnson said, the board is seeking a retired minister who can act as chaplain to reduce the work load of the administrator.

Await Letter

"We now are awaiting a letter from the church office at Minneapolis which will contain the names of several applicants who may be interested in the administrators' position," Johnson said. Four applications have already been received.

No future meetings have been scheduled for the committee until word has been received from the Minneapolis office. When the letter is received the committee will set a date to interview candidates.

Bethany Home is a 127-bed rest home for the aged operated by the American Lutheran Synod. It will observe its 10th anniversary Sept. 12.

The Rev. Mr. Paulsen will take over his new duties in the Esch Group will meet at 2 p.m. Thursday at the home of Mrs. Robert Ewald.

Methodists Plan 'Church Loyalty Sunday' Program

WAUPACA — Church Loyalty will be observed Sunday at First Methodist Church with special dramatic presentations and dedication of life sources at the 10:30 a.m. service.

The Wesleyan Service Guild will sponsor a potluck supper at the church Thursday.

At the First Baptist Church, fellowship night with a potluck supper will be served at 6:30 p.m. Thursday. This will be a "kick-off" rally for the new expansion program. An "Over and Above" offering will be taken.

The Rev. and Mrs. Glen Teasdale will present a special music program and the Rev. Mr. Teasdale also will speak. The Esch Group will meet at 2 p.m. Thursday at the home of Mrs. Robert Ewald.

A Transformer Is lowered into place at the north Bear Creek substation of Wisconsin Michigan Power Co. where repairs are in progress on the station. Three 10,000 KVA transformers were moved into the Bear Creek site on County Trunk D to handle energy at the site during repair work. (Will Photo)

Be Enthusiastic, Speaker Tells Clintonville Boosters

Oil Firm Representative Talks At Association of Commerce Event

CLINTONVILLE—J. E. Dornoff of the Humble Oil and Refining Co., Milwaukee, spoke on "The Power of Being Enthusiastic" at a "Clintonville Booster Night" dinner sponsored by the Association of Commerce in Veterans Memorial Building, Wednesday night.

A scheduled bus tour preceded the dinner meeting, during which area businessmen and women had an opportunity to see recent accomplishments and learn future plans of major Clintonville industries.

In his talk, Dornoff said, "From what I have seen and already heard the short time I have been in Clintonville, Wisconsin, there seems to be little need for an inspirational speaker to spur you on to greater heights. You and all the merchants in this fine city are to be complimented for exercising one of God's given rights, namely vision and improving the appearances of your various places of business now instead of procrastinating for some future date. In all sincerity, it isn't often that a man, such as myself, who contacts innumerable Chambers of Commerce all over the country, can make that statement.

'Don't Stop Now'

"Inasmuch as you are well on your way and beyond the speaking stage, perhaps I can inject a thought or two that may help you even do a better job than you originally anticipated. Now that you started in Heaven's Name, let nothing stop you from going further.

"The longer I live, the more

Being Drunk Costs \$50

WAUPACA — A 21-year-old Milwaukee woman, Carol A. Cleary, 844 N. 17th St., was fined \$50 for being drunk and \$20 for loitering in a liquor bar by Municipal Justice George Whalen Wednesday. Miss Cleary did not appear in court, but Dist. Atty. Gerald K. Anderson appeared for her and entered a plea of guilty.

Heads of Manufacturing Firms Outline Advances, Problems at Annual Booster Night Program

Martin Seeks Third Term as Assemblyman

NEENAH — David O. Martin, Third District assemblyman, a republican representing the cities of Neenah and Menasha and the town of Neenah, has announced his candidacy for a third term to the Wisconsin State Assembly.

Martin is now serving on the joint committee of finance, is a member of the assembly education committee, and a vice-chairman of the taxation and commerce committee. Martin was recently appointed by the Legislative Council to serve on the interim committee charged with the responsibility of studying county board reappointment.

Martin has been a resident of Neenah most of his life, attended the Neenah public schools system and obtained a B.S. degree at the University of Michigan.

New London Boat Club to Place Buoys On Wolf Saturday

NEW LONDON — Members of the New London Boat Club will put bouys on the Wolf River Saturday afternoon.

The bouys are put in by boat club members as a service to visiting boaters.

The club is again sponsoring the annual children's cruise June 28.

Boat inspections will be conducted by the Army Corps of Engineers Sunday morning at the American Legion Clubhouse.

\$150 in Coins Taken From Freedom VFW Bar

An estimated \$150 in coins was taken sometime early Monday morning from amusement machines in the Veteran of Foreign Wars bar, Freedom.

Entry was apparently gained by forcing a rest room window, sheriff authorities said. The tavern has been a frequent target of burglars. Police said Monday's entry was the fourth in recent weeks at the tavern.

CLINTONVILLE — Problems and progress of Clintonville's industries were explained to the more than 100 persons who turned out Wednesday night for the association of commerce Booster Night Program.

The program included a bus tour and dinner at Veterans Memorial Building. Tour stops were FWD Corp., Utility Tool and Body Co., Atlas Conveyor Co., Urban Telephone Corp., and Hansen Glove Corp.

Clintonville's major employer, FWD Corporation, faces the problem of a limited market which will not support mass production techniques. The result is a costly, prototype unit and difficult competition in the conventional truck market. L. A. DePolis, FWD president, said.

Leading Producer

The situation exists despite the fact that FWD is by far the nation's leading producer of all-wheel-drive vehicles, turning out 44 per cent of the four-by-fours of over 26,000 pounds during the first quarter of 1964.

To bring its trucks into a more competitive price range, FWD is attempting to keep its shops at capacity production, and lower costs per unit, DePolis said.

Another part of the full-plant utilization program is moving Seagrave manufacturing to Clintonville.

The firm also is working on a line of components which will enable it to compete in the heavy-duty segment of the dump truck market, DePolis said.

Integrated Manufacturing
Another phase of the firm's total integrated manufacturing plan involves a line of earth moving and construction machines, some of which are already in production at FWD Wagner, Portland, Ore. Plans for the FWD line of earth movers call for five sizes of tractor shovels, three sizes of tractor scrapers, three sizes of rubber-tired bulldozers, three sizes of earth compaction machines and two sizes of sanitary land-fill refuse compacting machines.

In the past, FWD Wagner has

been a West Coast operation. Twelve months ago a program was launched to expand sales activities nationwide. It is anticipated that FWD Wagner eastern dealer coverage will be complete within the next 18 months, at which time it is planned to manufacture many of these large machines in Clintonville for distribution to those markets east of the Rocky Mountains and overseas.

Lowell Larson, president of Atlas Conveyor Co., said, after a slow start, business for the first five months of 1964 has been gratifying. As of June 1 we are up 50 per cent over the same period in 1963 and 64 per

New Appleton Armory Certain

Mayor Mitchell Says National Guard Unit Heads Priority List

State and federal officials have assured Mayor Clarence Mitchell that Appleton will have a new national guard armory in 1965 or 1966 for sure.

Mitchell informed the board of public works Tuesday that he contacted state officials and Sens. Proxmire and Nelson (D-Wis.) and received the information.

"The new armory for Appleton is number one on the state's list," Mitchell said.

Plans Sent for Approval
Last week a spokesman for the adjutant general's office at Madison said preliminary construction plans for the \$500,000 armory had been sent to Washington for approval.

Once federal funds are made available, he said, Appleton will get its new armory.

"While officially scheduled for construction in 1966, there is a possibility the project may materialize in 1965," the spokesman added.

The board also received a report the Manitowoc Common Council recently approved a \$2,000 expenditure to participate in a water feasibility survey being conducted for Appleton.

Pageant Queens To Hold Reunion

OSHKOSH — Five former Miss Wisconsin will be in Oshkosh for reunion during the week of the Miss Wisconsin Pageant, June 18-20. The Miss Wisconsin reunion was initiated by pageant directors last year and now has been established as a regular part of the program.

Jeri Ryan, a member of the pageant board of directors and Miss Oshkosh of 1961, is serving as a committee of one in locating the former Miss Wisconsin.

Those who will attend the 1963 pageant include Miss Wisconsin for 1944, 1949, 1956, 1960 and 1962.

Stockbridge to give Silver, Gold Diplomas To Former Students

STOCKBRIDGE — Silver and gold diplomas will be given to members of the classes of 1939, 1948 and 1949 during regular graduation exercise tonight for the Class of 1964 at Stockbridge High School.

Graduates to Be Honored At Services

CHILTON — High school and grade school graduates will be honored during the 10:15 a.m. service in St. Martin Luther Church Sunday.

"Unconditional Surrender" will be the sermon of the Rev. Robert Novotney during the 8 and 10:15 a.m. services.

The Christian Mother's Society will receive communion at St. Mary Catholic Church during the 7:30 a.m. mass.

Other masses are scheduled at 5, 9:30 and 11:15 a.m. with an 8 a.m. mass at St. Elizabeth Church Kloten, a mission congregation.

"Ezekiel Saw de Wheel" is the theme for the Trinity season at Ebenezer United Church of Christ. This Sunday the Rev. Quentin Moeschberger will speak on "The People Have Seen a Great Light" during the 8 and 10:15 a.m. services.

Speaker From Minnesota

Four Questions Posed to 87 Chilton Seniors at Commencement Rite

CHILTON — A total of 87 seniors graduating from the high school Thursday night heard a noted author and speaker pose four questions concerning life after high school.

Galen Hanson, Benson, Minn., a student working on his doctor's degree, first asked the students "whose were the hands that helped you?"

What the students have achieved during the four years is not solely the work of the student, but more the person behind them, the prize-winning orator said. Everyone has some-Clintonville live in a wonderful community. Keep selling it! Give it all you've got!"

The second question concern-

ed country and community. The problems facing the high school graduate of today are much different than those of just 10 years ago, Hanson said.

What happens in Asia and Eu-

rope directly will affect life here in Chilton he said.

Third he asked "what is your office as a human being?" In this question he quoted the noted philosopher John Stuart Mill in saying before a man can be anything, he must first be a man.

Final Question
In his final question he outlined "a cause bigger than yourself." Here he brought in the title of his talk "For I have promises to keep, and miles to go before I sleep" a quote from Robert Frost's "Stopping by Woods on a Snowy Evening."

He challenged the graduates to have a cause in life which is bigger than themselves.

The title of his talk and the gold diplomas will be given to members of the classes of 1939, 1948 and 1949 during regular graduation exercise tonight for the Class of 1964 at Stockbridge High School.

A touch of tragedy hit the graduates when in the afternoon bias said the oldest person re-

Mary Jo Hume, daughter of sponding to the cards sent out

Mrs. Germaine Hume, 105 N. to the living survivors of the

State St., fell while putting up resident of the Homestead Home

the class motto in the gym and for the Aged.

Since no records are available in the before 1893, it is not positive

what year Pingel graduated

Team captains in the city are Dan Albedyll, Earl Anderson, Martin Bankert, Ken Bastian, George Bruckner Jr., William Engler Jr., Norbert Euclide, F. J. Flanagan, Leo Heine, William Hertel, Clarence Hibert, Arthur Hugo, Martin Kronick, A. W. Larson, William Larson, Robert Larson and Edward Lis-

ka.

Other team captains are the Rev. Quentin Moeschberger, Andrew Pendl, Vincent Reinkober, Rueben Schmitz, Merline Schmidtkofer, J. E. Sohweide, Charles Thompson, Lewis Towers, C. J. Weber and George Winkler.

The three-day convention which starts June 12 is expected to be attended by more than 800 ministers.

cent over the same period in 1962.

Future Bright

Atlas employment June 1, 1962 was 40 employees, June 1, 1963, 36 employees, and June 1, 1964, 49 employees. The future is bright for the bulk - material conveyor industry, he said.

Plans for the future include new and improved products. The firm is seeking new markets.

The firm needs a small addition to our building, he said.

Utility Tool and Body Co. General Manager Fred Shaffer reported progress can be described as sound and steady.

Production Line Expansion

Utility too has no plant expansion, but some product line expansion, Shaffer said.

We have re-tooled and almost completely re-equipped our plant and today Clintonville has one of the most modern glove production facilities in the world, William Martens, general manager of Hansen Glove Corp., reported.

Present employment is about 200 production employees and we expect this to rise to about 225 during the 1964 fall season which is now in production and which is scheduled for completion in late August, Martens said.

In his report Forest H. Schafer, president of Urban Telephone Corp., said since mid-1963, the number of telephone subscribers in the Clintonville area has increased steadily. Telephone messages are showing an increase in volume.

Its 1963 increase in plant investment for the Clintonville extension was \$45,000 and for the entire company, \$220,000. Since 1957 the Clintonville investment has climbed from \$125,000 to more than \$1,000,000.

A dial mobile telephone system has been purchased and will be installed this year as soon as approval is received from the Federal Communications Commission. This will provide additional useful communication service to businessmen in the area, Schafer said.

Urban is acquiring the telephone system in Menominee County which will increase activities at our Clintonville office, he said. About Nov. 1 more than 100 additional subscribers will be added to the Bear Creek exchange and they will enjoy toll free service to Clintonville, he added.

Patrol Checks 46 Accidents

One Fatal Crash in Waupaca County; 25 Hurt During May

WAUPACA—Waupaca County Patrol investigated 46 accidents, one fatal, during May according to a report submitted to the county board law enforcement committee at a meeting Wednesday night by Capt. Roy al Myhill.

Accident involved 92 vehicles, 25 persons injured. In addition to accidents investigated change was \$45,000 and for the by the county patrol, one was handled by the state patrol, five by other police departments in the county and 11 by the sheriff's department.

Patrolmen made 91 traffic arrests and issued 63 five-day tickets. They also issued traffic warnings to another 35 motorists. Sixteen motorists who experienced trouble on the highway were aided by the patrol.

Other activities of the county patrol during May included investigating nine cases for the traffic department and seven for the sheriff's department, transporting one prisoner for the county, 31 assists to other police departments, 10 funeral escorts, four other escorts in the county and nine blood runs to hospitals. Capt. Myhill said 12 verbal complaints were received, 35 telephone calls were received and 83 radio calls were received by officers.

During the month the five county squad cars traveled a total of 18,404 miles.

"For Water Where You Want It"

First Place Winner of the New London Junior Chamber of Commerce 10th annual bike Road-E-O was Dan Radtke, second from left. Dan's name will be engraved on the traveling plaque presented by Roger Dietz, left. Jaycee Road-E-O chairman. Other winners from left, are Greg Baehman, second place, Donn Fuhrmann, third, and Margaret Wright, fourth. (Post-Crescent Photo)

Five Judges for Miss Wisconsin Listed; Three Served Last Year

National Panelist Among Those Named To Select 1964 Queen at Oshkosh Event

OSHKOSH—The five judges—including a man who has judged America pageant for two years at the national contest—who will choose the 1964 Miss Wisconsin was announced today by Jack Erkilla, state executive director of the Miss Wisconsin pageant here June 18-20.

Serving as judges will be Mr. and Mrs. Rod Mitchell, Ron Williams, Anthony Orozco and Kurt Jafay. Three of the judges judged here last year.

Gloria Mitchell, Minneapolis, was a judge at the 1963 pageant. After acting as chairman of the visiting queens committee of the Minneapolis Aquatennial for three years, she served with her husband as chaperone for Miss Minnesota for four years.

Judge Other Contest

Mrs. Mitchell has judged many local and district pageants in Minnesota and state activity. Rod Mitchell was business manager for the Miss Minnesota pageant for two years.

Working with his wife, he has judged Iowa, North and South Dakota, Wisconsin and Wyoming pageants. He operates a personnel consultant service in Minneapolis.

Insurance Agent

Ron Williams, who owns an insurance agency in North St. Paul, was state chairman of the Miss Minnesota Pageant in 1956-60 and executive director in 1961-62. He was named as "outstanding director" by the Minnesota Jaycees in 1961. He has judged many local and district pageants and also the Miss Minnesota finals.

Williams served as business manager for two Miss Minnesota

Summer Reading Course Scheduled

CLINTONVILLE—A summer school course in remedial reading and arithmetic will be offered to pupils now enrolled in grades 4, 5, 6 and 7 beginning June 15. These classes, to be taught by Mrs. Glenn Kluth and Mrs. Rex Michaelis, will be held from 8 a.m. to 11 a.m. five days a week in the Longfellow school for six weeks.

The classes are open to pupils in parochial and public schools in the Clintonville district. Only a limited number of pupils can be accommodated and registrations will be on a first come, first served basis.

Further information can be obtained by calling the office of Superintendent of Schools K. O. Rawson.

Monastery Will Have First Open House Since Built in 1918

MARATHON — The Capuchin Friars of St. Anthony will open the doors of their monastery here to men and women of all faiths for the first time since it was constructed in 1918 Sunday, June 14, from noon to 5 p.m.

According to Catholic Church law, women are not allowed in the cloistered section of a monastery, but because of completion of a new addition, the Vatican has granted the friars permission to conduct an open house.

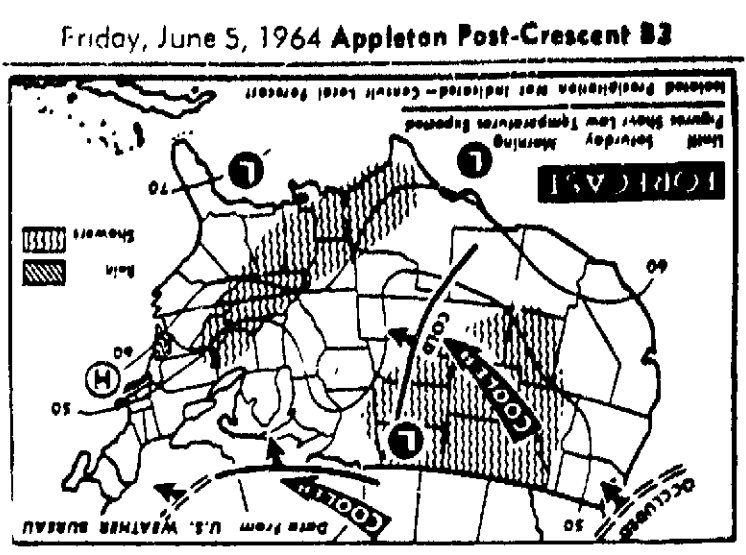

The friars, cloistered Roman Catholic priests living a community life, are extending special invitations to non-Catholic observers.

Standard Minimum Fox Bridge Clearance Policy Is Considered

U S Army Corps of Engineers is considering setting a formal bridge clearance policy on the Fox River between Lake Winnebago and De Pere, in view of proposed new bridges by the State Highway Commission.

The new policy being considered would establish a minimum vertical clearance of 25 feet above standard low water.

Deadline for filing objections, comments and suggestions with the engineers' Chicago office is June 30.

Postpone Elections

HORTONVILLE — Election of officers of the American Legion has been postponed until the July meeting. A quorum was not present at the Monday meeting.

Have you ever seen 7,000 grown men cry? You'd think success would make them happy, but ever since Mustang came out, seven thousand Ford Dealers all over the country have been weeping and wringing their hands. They can't get as many Mustangs as they would like. All this would upset us, too, except it's happened to us before. You see, this was the hottest sales year in Ford Division history even before Mustang came out. At the beginning of the model-year, dealers couldn't get enough of our big, hot Super Torque Ford Hardtops (sales up 54%)...or luxurious Thunderbirds (sales up 68%). Falcon sales are almost as big as Chevy II and Valiant combined. Fairlane continues to be a leader in its field. So, even though some people would like us to put all our plants to work on Mustang, we can't let down our hundreds of thousands of Ford, Thunderbird, Falcon and Fairlane lovers. Why don't you come see what all the shouting's about? Ask your Ford Dealer for a test drive. (You might even get him to smile.)

Do Campaign Proposals Mean Anything?

Along with a lot of other Americans, we have been perturbed by some of the statements attributed to Senator Barry Goldwater, particularly in the field of foreign policy. There has appeared to be some impulsive, off the cuff recommendations that, if carried into the White House, could bring disaster to the nation.

But statements made in the heat of campaign battles cannot always be taken at face value.

During the now celebrated television debates between Vice President Richard Nixon and Senator John Kennedy, the latter spoke repeatedly in favor of United States support for a Cuban exile invasion. Nixon called the recommendation "the most shockingly reckless proposal ever made in our history by a presidential candidate during a campaign."

In his book, *Six Crises*, Nixon explains that Kennedy had been briefed by President Eisenhower about plans for an invasion and the extent of United States support then in the proposals. Nixon therefore felt that Kennedy's advocacy of such support was tipping the hand of the United States and of the exiles. In order to protect the plans, Nixon felt bound to oppose them since such opposition would be regarded as coming from the Eisenhower Administration in which Nixon was a key figure.

Two newspapermen have now claimed that in reality Nixon was very much hoping

that such an invasion would take place before the election. And Kennedy, of course, was praying that it would not. And it should not be forgotten that, when the attack did come, United States air support necessary for its success was withheld by President Kennedy for reasons that have never been adequately explained.

Would Senator Goldwater make impulsive recommendations on foreign policy if he were responsible for the tremendous decisions that go with tenancy in the White House? We do not know.

But because of the U.S. importance in world affairs, the leadership we cannot abandon, and the haste and strength with which events occur these days of super-sonic speed and nuclear power, it is serious that our foreign policies must be influenced by our national election campaigns. Had they realized this, the Cuban exiles probably would have mustered an attack before the 1960 election. And certainly some Asian Communists today realize this is one of the best times for pressure in Southeast Asia because the Democrats are fearful of an explosion that will hinder their fall campaigns.

Is there a solution? Obviously not a pat one. We must rely to a great extent upon the integrity of the major campaigners. But we must also recognize that there can be a great deal of difference in statements made while seeking an office and actions while in it.

'... Only YOU Can Prevent Goldwater!'

Inside Washington

U. S. Spending \$25 Million on Russian 'Refugees' From Red China

BY ROBERT S. ALLEN AND PAUL SCOTT

The State Department is secretly engaged in one of the most astounding "refugee relocation" operations on record.

Involved in this extraordinary affair are thousands of Russians whom Red China mysteriously is permitting to "flee" from their long-time settlements in the Harbin area in northeastern Manchuria.

Already more than 10,000 have reached Hong Kong, several thousand miles from Harbin, and other "refugees" are arriving at the rate of several hundred a month.

Aim of the State Department is to resettle these unscreened Russians, who have lived for years under Communist Chinese rule, in various countries, among them Australia, New Zealand, Canada, Latin America and the U.S.—if congressional authorization can be wangled.

Anticipated cost of this huge and so far carefully unannounced operation is \$25 million — to be borne entirely by the U.S.

Various agencies are being tapped for these funds, including foreign aid.

All this is being done with the full knowledge and approval of President Johnson. The necessary backstage directives have been handled by Secretary Dean Rusk.

In immediate charge is Abba Schwartz, controversial head of the Bureau of Consular and Security Affairs, who has been in Hong Kong for several weeks setting up the resettlement machinery.

In this unpublicized project, Schwartz is encountering two embarrassing difficulties:

One is the sinister record of several thousand of these Russian "refugees" resettled in 1960, with U.S. assistance, in Brazil, Ecuador, Colombia and Mexico. In all of these countries, a number have been expelled or jailed on grounds of espionage, violence and joining local Communists in attempts to overthrow the government.

The other problem is the vehement opposition of U.S. and British authorities in Hong Kong, who are bombarding Washington and London with blunt warnings against the operation.

UNDER CONGRESSIONAL SCRUTINY—Edward E. Rice, U.S. consul general in Hong Kong, has been particularly outspoken in his protests.

In numerous cables, carefully stamped "Top Secret" by the State Department, Rice has sought to ascertain what initiated this explosive "refugee" resettlement program without consulting him and other on-the-ground officials.

So far, Rice has gotten no answers to his pointed questions. He and equally critical British authorities first got wind of the operation when Hong Kong bankers informed them of the deposit of \$25 million to finance it.

U.S. and British intelligence officials are especially alarmed because of their virtual certainty that numerous Red agents are among the "refugees."

The record of what happened in Brazil and the other Latin American countries is cited as irrefutable evidence of this. It is being pointed out that the resettlement plans call for no effective screening of these thousands of Russians who for years have lived under direct Communist rule and propagandizing.

Two congressional committees have been apprised of this astounding affair and are preparing to investigate.

A House Judiciary subcommittee, headed by Representative Michael Feighan D-O., is digging into it preliminarily to summoning top State Department officials for thorough grilling.

Similar, Representative Otto Passman, D-La., chairman of the House Appropriations Committee in charge of foreign aid and a long-time vigorous foe of large-scale spending for this purpose, plans to conduct a sharp airing. Like Feighan, Passman wants to know who instigated this operation and why; also why foreign aid funds are being used for it.

Passman will bear down heavily on that because of Defense Secretary McNamara's loudly proclaimed contention that foreign aid funds are insufficient to vigorously prosecute the faltering anti-Communist conflict in South Viet Nam.

"On one hand we are told by Secretary McNamara that Congress is to blame for not voting enough foreign aid funds," declared Passman. "But at the same time, foreign aid money is being used for a purpose never authorized by Congress. This 'refugee' project is entirely outside the realm of foreign aid spending, and we want to get at the bottom of it."

Representative Feighan, who is opening hearings shortly on the administration's bill to extensively revise the immigration laws, intends to interrogate Schwartz and Richard Brown, State Department emergency relocation officer who is playing a leading role in the Russian "refugee" operation.

Secretary Rusk and CIA Director John McCone also are slated for questioning.

In Representative Passman's probe, he will dig into backstage reports that when the Senate considers the foreign aid bill an effort will be made to tack the administration's immigration measure onto it.

According to these accounts, President Johnson reputedly told Democratic congressional leaders that he wants the immigration bill, which would end the long-existing quota system, enacted before the convening of the Republican national convention around the middle of July.

Both Passman and Feighan have received this information, and they want to know what there is to it.

Volcanic Displays

The billowing emission from an erupting volcano is not smoke but steam. The vapor's dark color is caused by volcanic ash.

Wisconsin Report

Reynolds' Campaign Will Cite Expansion Of Services by State

BY JOHN WYNGAARD

MADISON — In a dozen speeches lately, Gov. Reynolds has outlined the themes of his second term candidacy which will be announced formally during the next few days.

They will include the closest possible association with the national ticket to be led by President Johnson and an identification of his own administration with generous financing of welfare and educational and other popular services which he will claim are threatened by the penny-pinching Republicans.

Running for re-election in the closely competitive political system that has evolved in this state lately poses problems significantly different from those facing the man running for a high office for the first time.

For better or worse, the incumbent is tied to the record. It is not easy to develop themes that will attract the ear of the busy voter in an exciting world of national and international developments of transcendent importance. The governor had hoped that he could key his second term appeal to the theme of economic progress as exemplified by a huge public roads construction program — Project 66 — which would have been getting underway about now if he had had his way. But that was killed in short order when the Republicans in the legislature foresightedly submitted it to a referendum vote last spring.

MURKY ISSUES

Another favorite theme of candidate Reynolds will be legislative reapportionment. But again the record is not as precise and neat as a candidate would desire. The new reapportionment law is the work of the Supreme Court, rather than himself, or the Republican legislature. As it turned out, the court version more resembles what the Republicans were willing to adopt than that which he had insisted upon.

The issues as such in the new gubernatorial campaign will be obscured in many respects — or at least not as clear-cut as the politician or the voter might desire.

The basic question will be the comparative qualities and competence and personal appeals of the Democratic incumbent and his challenger, Warren P. Knowles, and the respective attractions of their parties on the whole. It may be that the national tickets will be as persuasive as anything in the way of definable state issues.

"The opposition feared that, during my term of office, we might improve our schools. . .," the governor declared in a campaign speech to a recent Democratic party dinner.

"Their fears were well founded. With the help of the people of Wisconsin, we have been able to move forward in these areas," he continued.

There is illustrated here the delicate nature of the campaign problem faced by the governor. On the one hand, he wants to picture his Republican rivals as parsimonious reactionaries, willing to cut back essential expenditures even at the cost of misery and discomfort for the underprivileged and afflicted.

Yet he must acknowledge that it was the legislature under Republican majority control that voted the appropriations about which he is boasting. Although the record shows, moreover, that those appropriations occasionally were cut back from the levels he had insisted were imperative, he did not choose to make a fight about the differences. Indeed, when he discovered a state treasury surplus last spring, he did not ask for more money for the hospitals and the rest, but deferred to the feelings of the taxpayers by calling for reductions in the existing level of taxes.

THE BUDGET

The governor's first term record of accomplishment, as he sees it, is contained in the budget which was adopted for his biennial term.

The budget as a document is dull stuff. The governor's hope is to popularize its meaning by pointing to the growth in spending allowances for the schools, the colleges, the universities, the hospitals and the rest.

Mr. Helble

Forty-three years ago, in 1921, a young man came to Appleton from Beloit College where he was graduated magna cum laude and won a Phi Beta Kappa key.

His future was before him and he had no doubt about what he wanted to do with his life. He wanted to be an educator.

For forty-three years he has been one of the most dedicated of teachers and administrators in the Appleton public school systems. For thirty-nine years, Herbert H. Helble has been principal of Appleton High School, first in the old Morgan school building and then, twenty-six years ago, in the present building which he helped plan.

Thousands of Appletonians, both those living here and those who have gone out into the world, some of whom now are pushing 60 years old, remember Mr. Helble and still address him thus. Two generations of students spent their carefree high school years under the strict but kindly eye of Mr. Helble. He was a disciplinarian but a fair one.

He had a reputation down through the

years of being in the right place at the right time when hijinks were being planned or carried out. Being called to the "office" was a nervous experience for many but Mr. Helble's system worked well and he straightened out many a potential delinquent behind his closed door. Many thank him today at reunions or chance meetings for the help he gave them.

He was an idea man who put his ideas into practice. He developed many "firsts" in the educational field and has seen both subject matter and teaching methods change for the better in his time.

His most unforgettable experience, perhaps, was moving from the crowded quarters in the old school to the spacious new building a quarter century ago. He could see his ideas built in cement and mortar.

With room to expand, Mr. Helble set about to revise and improve the curriculum and extra-curricular activities and to build a reputation for the school that has attracted good teachers.

An era in Appleton education will end when Mr. Helble retires July 1.

The Congo Has More Troubles

The expectation that the United Nations Operation Congo could formally be brought to an end this month has apparently been dashed. The government of the Congo has requested the help of U.N. troops in putting down a revolt in Kivu province.

The Kivu rebellion has been simmering for months with no progress made as far as the restoration of order. Unlike the Katanga rebels who fought the Congolese government and eventually United Nations troops as well, the Kivu insurgents are left wing. There has been a considerable amount of Communist agitation reported in the area and reverence for the martyr of the Reds, the murdered Patrice Lumumba.

Involved in the dispute is a growing rivalry between Prime Minister Adoula

and his army commander, General Mobutu. The latter has refused any suggestions that help was needed in the Kivu. But last week a supposedly crack paracommando unit of the Congolese army was cut to pieces by a Kivu ambush. And other army units have tried to flee through Ruandi to safer ground in other parts of the Congo. Mobutu has consistently shown an inability to put down any band of rebels.

Perhaps there is a flicker of hope, however. Premier Adoula has faced reality enough to request official United Nations assistance. We don't know where the money will come from, but in the fragmentized Congo all the help available is going to be needed for some time to come.

Don't Make Any Wooden Nickels

A bank at Monroe, Wis., had an idea to help out in the current shortage of small coins. It purchased a quantity of wooden nickels about the size of a poker chip and put them into circulation in its home town. They were backed by the reserves of the bank but not by the U.S. Treasury.

But the same problem which is plaguing the U.S. Mint wrecked the Monroe bank's experiment. People started hoard-

ing the wooden nickels. Some collectors offered as much as \$11 for one of them.

The Treasury Department did not approve of the bank minting its own coin, holding that this is a federal government monopoly. But when the Secret Service moved in this week to confiscate the wooden nickels still in the possession of the bank, only 450 out of the 20,000 issued were still in the bank's hands.

Looking Backward

Cold Harbor Strategic Crossroad

100 YEARS AGO

Quoted from the Appleton Motor for June 23, 1864.

Cold Harbor is a point of considerable importance in the present position of the armies before Richmond.

It is one of the principal roads leading from Richmond to White House via New Bridge. It is simply a locality — no village — a crossroads and a dilapidated old tavern.

The roads passing here, however, are important. One leads to Richmond, seven miles distant, another leads to White House, 16 miles distant, another leads to Old Church, five miles, from which a road goes to Hanovertown, another to Dispatch Station near Bottom's Bridge on the Richmond and York River Railroad.

Cold Harbor is two miles east of Games' Mill, and it was really our extreme right when the battle of that name was fought in 1862.

The movement (presently) of Lee's force toward that point would seem to be with a view

of depriving Grant of the use of an excellent road to White House. (Many Wisconsin men were killed in the Battle of Cold Harbor June 3, 1864, including Col. Frank A. Haskell as he led the 36th Regiment.)

25 YEARS AGO

Friday, June 2, 1939.

Herman Ide, Neenah, president of the Wisconsin Council of Agriculture, was one of the seven state men appointed to the part-time supervisory board for the reorganized department of agriculture and markets. Governor Heil made the appointments to be confirmed by the state senate.

Ken Kitchen, Genevieve Kronschnabel, Marion Forster and Jim Bailey were the four instructors for the YMCA-Post-Crescent "Learn to Swim School."

Dr. William G. Keller was elected grand knight of the Father Fitzmaurice Council, Knights of Columbus. He succeeded George W. Barry. Other officers were Hugo Pankratiz, Theodore Hartjes, Wil-

liam Hobbins, Walter Steenis, Andrew Parnell, Karl Giasnap, Richard Lemke, Peter Dohr and Al Stoegbauer.

The four-member committee in charge of an ice cream social, candy and cake sale by St. Paul Ladies Aid Society were Mrs. Herman Rehlender, Mrs. Melvin Schmidt, Mrs. Harm Tornow and Mrs. Herbert Stach.

30 YEARS AGO

Friday, June 4, 1934.

Dressed in academic robes of the 1904 period, six graduating seniors gave a panel discussion on "Our Golden Heritage" at the 50th anniversary commencement ceremonies of Appleton High School. All top students in their class, the speakers were Carol Browning, Sarah Blacher, Jean Buchanan, Sue Maner, Margaret McConagha and Nancy Paul.

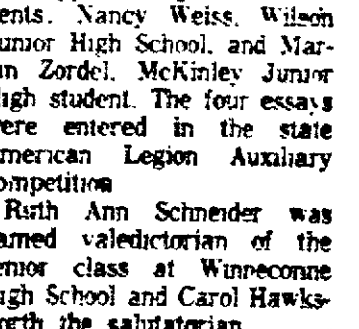

Dr. Victor Marshall, Appleton, 1898 graduate of Rush Medical College, was to be honored at a testimonial dinner given by the Alumni Association of the University of Chicago School of Medicine.

Winners in the Americanism essay contest in Appleton were Peter Davis and Mary Halvorson, Appleton High School students. Nancy Weiss, Wilson Junior High School, and Marian Zordel, McKinley Junior High student. The four essays were entered in the state American Legion Auxiliary competition.

Ruth Ann Schneider was named valedictorian of the senior class at Winneconne High School and Carol Hawksworth the salutatorian.

Johnson Speech Clear Answer to Goldwater

Served Also as Warning to Soviets
And a Reassurance to Our Allies

BY JAMES MARLOW
WASHINGTON (AP) — President Johnson, far in advance of the political conventions, this week in effect opened his presidential campaign with a speech on American might.

It served three different purposes: It was a warning to the Communist world, a reassurance to allies, and a reply to Sen. Barry Goldwater who has been consistently critical of American defenses.

Johnson opened up just one day after Goldwater's victory in the California primary pushed him far ahead of all other contenders for the Republican presidential nomination in July.

Johnson, whose own nomination by the Democrats in August is taken for granted, never mentioned the Arizona. But his words were a clear reply to Goldwater. The speech took in more than Goldwater

Detailed Talk
It was so detailed Johnson's talk can be considered a basic reply to any attacks the Republican party may try to make when the campaign gets going.

In talks, Goldwater has made since the start of 1964 and most recently in a booklet — "Sen. Goldwater Speaks Out on the Issues" — the senator has attacked this country's defense set-up in general and its missiles in particular.

The Johnson administration wasted no time going after Goldwater when he began his attack last January with the statement that U.S. intercontinental ballistic missiles were "undependable."

Fast Answer
He got a fast answer from Secretary of Defense Robert S. McNamara, whom Johnson has blessed consistently. McNamara called Goldwater "politically irresponsible" and his statement "damaging to national security."

Goldwater has attacked him ever since. But on the same day Goldwater made his statement, former President Dwight D. Eisenhower said he is confident the United States has "just as good missiles as there are in the world."

Following are some examples of what Goldwater has said

since January and of what Johnson said this week.

Goldwater, acknowledging the importance of missiles, complained this country is getting rid of its manned bombers and by the 1970s will be relying on missiles alone.

Missile Systems
He said: "We cannot put our sole reliance on missile systems as against a mixed force—missiles, manned aircraft, and naval vessels of all types."

Johnson said this country has more than 1,000 fully armed ICBM and Polaris missiles (fired from submarines) ready for retaliation and he added: "The Soviet Union has far fewer and none ready to be launched beneath the seas."

"We have more than 1,100 strategic bombers, many of which are equipped with air-to-surface and decoy missiles to help them reach almost any target. The Soviet Union, we estimate, could with difficulty send less than one-third of this number over targets in the United States."

And Johnson made this sweeping statement: "In every phase of national strength America today is stronger than it has ever been before. It is stronger than any adversary or combination of adversaries. It is stronger than the combined might of all the nations in the history of the world, and I confidently predict that strength will continue to grow more rapidly than the might of all others."

New System
Goldwater said, "We are lagging behind in weapons technology and in the development of new systems."

Johnson said: "In the past several years we have begun many important new weapons systems." He listed some of them.

Goldwater said "there are many types of warfare that can take place between the extremes of hot and cold. We must be ready for all of them."

Johnson said this country's strength is also increasing in its ability to fight less than all-out war. He rattled off these bits of information, some of which may have surprised the Communists:

Increase in combat-ready divisions, in aircraft to support them, in the number of tactical nuclear warheads in Europe, in the ability to airlift troops, in the development of new weapons for "deterrence and defense," and huge increase in the size of forces being trained to fight internal subversion, including guerrilla warfare.

Flames Boil in a Plumbing firm's building Thursday night at Milwaukee, sending up a great shower of sparks and smoke. The four-story brick structure was destroyed by the fire which was of undetermined origin. (AP Wirephoto)

Time Magazine Banned From Philippine Mails

MANILA (AP)—The Philippine post office has banned the current issue of Time magazine from the mails because it carries a reproduction of Goya's famous painting "The Naked Maja."

Acting Postmaster General Belarmino Navarro said that the painting is considered obscene under the postal law. Time published the reproduction in connection with the showing of the painting at the New York World's Fair.

Suspicious of Reds

U. S. Officers Disagree On Lull in S. Viet Nam

SAIGON, South Viet Nam (AP) — American officers in South Viet Nam can't agree whether to be relieved or suspicious about the comparative lull that has settled over the country's battlefields.

"Communist Viet Cong activity runs in cycles," a senior American officer commented. "I guess they are slowing down for the time being."

Other Americans view the lull with foreboding.

"We haven't had word of hard-core Viet Cong activity in weeks," an adviser to a Vietnamese division said. "We get action, but only from the local Communist militia. Those hard-core units must be planning some new strategy, and that can only mean bad business for us."

Lull in Drive

Communist activity was intense during April and part of May. Several major engagements were fought.

Late May and early June, however, has been a period of lull. "The rainy weather, which started a couple of weeks ago, is not really a factor because it is no deterrent to Viet Cong action," one officer said.

Other Americans suggested the lull may have something to do with developments in Laos.

"With the pressure on in Laos in recent weeks, the West was so edgy that continued aggressiveness by the Communists here might have panicked everyone into doing something drastic," one commented.

"The Communists don't like to face drastic action from an an-

Outlook for Cloture Good, Senator Says

CONTINUED FROM PAGE 1

prospects now were good for 41 or 44.

Senate Republican Leader Everett M. Dirksen has said he expects 25 or more Republicans will vote in favor of cloture.

Pressed in the Senate Thursday by Sen. Wayne Morse, D. Ore., as to whether the votes for cloture were nailed down, Humphrey replied: "If I have to give an opinion now, I would say yes."

But he added, with a grin: "Provided all our colleagues are here, provided the winds of good luck blow our way, and provided I have not miscalculated."

Morse had said it would be a great mistake to file a cloture petition until the votes for it were certain.

Humphrey said he, other leaders and Senate leadership staff aides have been struggling with this problem for weeks.

"We are convinced," he asserted, "that at no time has it looked better for the Senate to obtain cloture."

Border Trouble Probe Team to Be Appointed

UNITED NATIONS, N.Y. (AP) — Security Council President Arsene Assouan Usher was expected to name Brazil, the Ivory Coast and Morocco today to make an on-the-spot investigation of the border troubles between Cambodia and South Viet Nam.

Usher, the Ivory Coast's delegate, was holding formal consultations with other council members on the makeup of the study group. But diplomatic sources said the three countries had been agreed on.

The council called for the study Thursday in a resolution that also deplored South Vietnamese incursions into Cambodia, the subject of a Cambodian complaint that had been under debate since May 19.

The resolution, sponsored by the Ivory Coast and Morocco, was adopted unanimously. The Soviet Union and Czechoslovakia voted for it after abstaining on the provision for a U.N. study.

The council directed the three-nation group to report back within 45 days.

gry West. They prefer to nibble a little, and chew it over at their leisure. That's why they have slowed down in Viet Nam."

Many Americans see more vigorous action by the South Vietnamese military forces as a factor contributing to the Viet Cong's comparative quiet.

Jack Ruby Taking Tranquilizers

DALLAS, Tex. (AP) — Condemned slayer Jack Ruby has started taking tranquilizer pills recommended by psychiatrists for what they call his "psychotic depression," a doctor said Thursday.

Ruby, 53, under death sentence for killing accused presidential assassin Lee Harvey Oswald, refused the first mind-easing drugs earlier this week.

A source close to the Ruby family said the former night club operator claimed the pills were poison.

Judge Joe B. Brown authorized mental treatment for Ruby in his jail cell while he decides whether to order a sanity hearing. The judge has called a show-cause hearing with lawyers June 19.

'Pink Panther' Purr-ty Funny

Film Twists Meaning Of Old Success Formula

BY JAY JOSLYN

Post-Crescent Sunday Editor

One of the more successful Hollywood formulas has been the stringing of a number of musical, production numbers on the flimsiest of plots to create a couple of hours of wonderful entertainment.

"The Pink Panther," that is,

showing at the Viking Theater Wednesday, puts a twist to the old formula with the same results of fine entertainment. The Mirisch Brothers have used a steady stream of yok-provoking gags.

The consensus of Wednesday's audience was "I never laughed so hard!" It didn't matter a whit that the "Panther" may have, for a moment or two, slipped into silliness, the show is a perfect exercise for those laugh muscles that don't get much of a workout these days.

Analysis Impossible

No analysis of the show is possible since pure comedy at this level not only defies analysis it can destroy both itself and the analysis.

Suffice it to say that Peter Sellers in a bigger-than-life portrayal of the world's poor souls never was funnier — which is saying considerable. Capucine, not only is pleasant to look at, she is a fine comedic actress and Claudia Cardinale demonstrated that she can be kittenish as well as statuesque. David Niven may be getting a bit old, but his superb technique still is wonderful to watch.

The unexpected star of the comedy is the cartoon Pink Panther who introduced the titles in a pinnacle of imagination. There is no message in the film — it's just fun!

Courthouse Vacations Hit As 'Haphazard'

Supervisors Issue Directive Ordering Return to Rules

Outagamie County employees who have been following a "haphazard" vacation schedule will be put back on the "straight and narrow" by a directive from the county's civil service and salary committee.

In a discussion of vacation policies, it was learned by committee members that:

—Some employees take one, two or even half-days of time to be deducted from their vacations with the approval of department heads although it is against civil service rules.

—At least one employee asked and was given permission to take a double vacation of four weeks, and received a fifth week of vacation on a leave of absence.

Receiving Leaves

—Employees have been asking for and receiving leaves of absence during their first year of employment when they are not authorized to have vacations.

—Few, if any departments, have been filing department vacation schedules with the executive committee as they are directed to do.

—At least one first-year employee has asked and has received permission of another county board committee to take one week of vacation and follow it with a week's leave of absence.

A directive to be sent to county departments will instruct department heads that leaves of absence must be granted only for emergencies and are not to be used for vacations.

The directive will also state that first year employees are to receive no vacations, and that one week will be granted after one complete year of service. Two weeks is granted after two years.

Minimum 7 Days

Minimum length of the vacation will be seven days and there are to be no one-two or half-day vacations. Department heads will also be required to submit the vacation lists to the executive committee by April 1 of each year.

Business Administrator Alvin Woehler told the committee today the vacation problem has "gotten out of hand" in the courthouse and requested the committee to enforce the current employee vacation policy. Woehler also asked that county board committees which approve vacations comply with the existing policies.

Chairman John Schreiter said little could be done to improve the vacation situation this year, but measures will be taken next year to prevent further problems.

Divorce Granted

OSHKOSH — A divorce was granted Monday by County Judge Herbert J. Mueller to Gwennyth Gilbert, 24, Neenah, from Norman L. Gilbert, 26, Menasha. She charged cruel and inhuman treatment.

The couple was married Dec. 14, 1957 and have three minor children. He was ordered to pay \$30 a week support and \$10 a week alimony. There also was a property settlement.

Village Board Buys Tractor

LITTLE CHUTE — Village board members Tuesday night approved the purchase of a tractor from Payntor Equipment Company at a cost of \$5,500 plus trade.

Approval was also given to expending an additional \$60 for a larger bucket on the tractor. Prices were secured from different firms, but bids were not taken.

Approval was given to replacing a roof on the bathhouse at Doyle Park at a cost of about \$250. Van Asten Sheet Metal was given the work contract.

Van Thiel, Matt Vander Velden and Alvin Liebergen were named lifeguards for the village pool. Guards were authorized to stay at the pool until 9 p.m. during the swimming season thus extending supervision at the site.

The street committee was authorized to ascertain whether it would be feasible to extend curb and gutter from Fillmore Street to Riverside Drive as requested by some property owners.

If workable, the curb and gutter will be extended.

The clerk-treasurer was authorized to attend a convention at La Crosse from June 24 to 26.

Young Men

16 to 21 years old

COME ON OUT TO THE
Milwaukee Braves
Silver Sluggers Baseball School!

GOODLAND FIELD

Wed. - Thurs. — June 24-25
5:00 P.M.

Eligibility Requirements

1. All young men, 16 to 21 years old are eligible to participate in the Post-Crescent-Milwaukee Braves Silver Sluggers Baseball School, with the exception of high school players whose school year is not completed or whose current high school baseball season is not yet concluded by June 24.
2. Athletes still eligible for WIAA participation will not be eligible for the All-Star teams, though eligible for the school at Goodland Field.
3. Junior Legion baseball players have a "blanket" release to attend Silver Sluggers sessions. However, they will be required to state that they have notified their team coaches or managers of their intention to attend the Post-Crescent-Braves Baseball School.
4. Questions concerning eligibility may be directed to John Paustian, Sports Editor of the Post-Crescent, 306 W. Washington, Appleton, Wis. 54910. Questions may also be directed to American Legion Baseball Commissioner, Robert C. Beltrone, 1307 W. Spencer St., Appleton.

Boys will be coached on throwing, fielding, throws to bases, pivoting, timing, and general baseball coordination by Allan Elger and Bill Fitch of the Braves organization and long experienced in professional baseball play and coaching.

You may be selected to play in the All-Star game in Milwaukee!

The Post-Crescent—Milwaukee Braves Silver Sluggers Baseball School will culminate in an All-Star game, Saturday, August 8, at Milwaukee County Stadium. Players attending the program at Goodland Field, Appleton, will have an opportunity to be selected to play in this game.

A Baseball School!
With Expert Coaching for Every Position!

Florida Town's Name Is Same

CAPE CANAVERAL, Fla. (AP)—Many a stamp collector is learning that, while the missile center was renamed Cape Kennedy, the city still is Cape Canaveral.

Stamp collectors have deluged Postmaster Lyle Meadows and his four clerks with "first day covers." These are decorated envelopes, bearing the new John F. Kennedy stamp, which collectors send in to be mailed back with the postmark they want as a souvenir.

The collectors wanted a Cape

Kennedy postmark on the new stamps honoring the late president, but such a postmark does not exist.

The City Council rejected a suggestion that the community's name be changed to conform with the cape's name change.

Peonies in Bloom At Rosendale Farms

Hundreds of varieties of peonies will be in full bloom this weekend in the gardens at Rosendale, located at the intersection of State Highways 23 and 26.

The four interlocking gardens

Marlon Brando, Who Stars with David Niven in the film comedy "A Bedtime Story," says he prefers movies to the stage and has no intention of returning to legitimate theater. After starring onstage in the play "A Streetcar Named Desire," he said he objects to repetition of an identical role night after night for months. (AP Wirephoto)

Actor Ernest Truex In Theater 70 Years

One of Most Versatile Performers in Show Business; Known for 'Fussy' Roles

HOLLYWOOD (AP)—"With his doctor-father treated a ham actor stranded in Kansas City. How the ham paid his fee by teaching young Ernest soliloquies from "Hamlet."

"I made my debut in 1894 at the age of 5—the youngest Hamlet in the American theater," he said.

His movie career started 50 years ago. He had been playing on Broadway in "Good Little Devil" with a girl named Mary Pickford. They were offered a chance to make it as a film for Adolf Zukor's new company.

So impressed was Universal that the studio wanted Truex to mark his 70 years as an actor by riding a lion. Truex is appearing in "Fluffy," with Tony Randall, Shirley Jones and an overgrown tabby named Zamba.

The script called for Truex to demonstrate the lion's gentleness by riding it down a trailer.

"You'll have to get yourselves another boy," said Truex. A stunt man was ordered, and his leg was scraped badly on the door of the trailer.

Truex is known to movie audiences as the fussy, often hen-pecked character of dozens of film comedies. The typing is unfair and unfortunate, since he is one of the theater's most versatile actors.

Youngest Hamlet
He relishes telling the story of how his career started. How

are open for tours with the village park nearby for picnicking. It is believed the peony gardens will be in constant bloom, with the late variety of plants, through June 21.

Known as Peony Town, the Rosendale gardens were started in 1923. The newest gardens were added to the original one in 1951. Peony varieties include the popular double peonies, the single and Japanese types and all the different blooms from those of an earlier day to the newest strains.

6:30-7:30 (Channel 11) — Destry repeats an episode that is so reminiscent of Maverick that a few scenes seem to have been lifted. Marion Hargrove, who wrote this and some Mavericks, has turned in a sly, amusing tale of a "Law and Order Day" celebration in the town of Wayback.

6:30-7:30 (Channel 4-5) — "The Belgian Circus Festival" provides the sawdust and entertainment for Don Ameche's International Showtime.

6:30-7:30 (Channel 2) — The second part of The Great Adventure's stirring tribute to the American Indian is repeated. In this episode, host Van Heflin tells of the "Massacre at Wounded Knee," the last major battle between the Indians and their white conquerors.

7:30-8:30 (Channel 4-5) — "Echo of Evil" is a tense drama of a retired and reformed vice czar who meets up with his past at the moment he is trying to escape into respectability and marriage to a girl of his dreams on Bob Hope Presents.

7:30-8:30 (Channel 11) — "Who Killed Sweet Betsy?" which was jolly good fun and games the first time it was on Burke's Law, is repeated. Carolyn Jones is murdered by a lethal martini and Gene Barry begins investigating the dead girl's family which consists of three sisters all played by Carolyn Jones and Gladys Cooper as Aunt Harriet.

8:30-9 (Channel 11) — Bill Cullen's special guest on The Price Is Right is Ray Bolger and the returning winner is Mrs. Mary Scilliano of Riverdale, N.Y.

8:30-9 (Channel 4-5) — Presidential hopefuls will again be under fire by the lively satirists of That Was The Week That Was, who are determined to keep all politicians in the Big Race on (and off) their toes.

9-10 (Channel 2) — What are you going to do with a girl like Isabel? Marry her, that's what. On The Alfred Hitchcock Hour, Bradford Dillman plays an unlikely ex-con who returns to a town to court schoolteacher Isabel Smith (Barbara Barrie), although she was the cause of his two years behind bars.

Meredith Willson Has New Marching Song

Author of 'Catchy '76 Trombones' Does 'Ask Not' Based on Kennedy's Words

BY BOB THOMAS

HOLLYWOOD (AP) — On his television special Wednesday night Meredith Willson introduced a new song, one which may endure as long as his "76 Trombones."

It is one of the simplest songs ever written by the music man, yet it proved the most difficult to compose. Five months of labor went into its composition.

The whole project was started by two words on the telephone. A half-year ago, Willson received a call from Frank Loesser, the noted tunesmith who publishes Willson's songs. Loesser told him he should write a marching song.

Hesitates at First

"And then he told me two words that made me fall on the floor," recalled Willson.

The words were: "Ask not." With President John F. Kennedy's assassination still fresh in his mind, Willson hesitated.

He suggested Loesser should undertake the project—"after all, you wrote a pretty darned good song called, 'Praise The Lord and Pass The Ammunition.' But Loesser said he felt Willson could handle the job better.

So Willson began.

Spiritual Form

"I worked and reworked the theme, he said. "No matter what I combined with the words, 'ask not what your country can do for you,' it didn't sound right.

"After weeks of effort, I decided on the form of a Negro

spiritual. Why did I need other words? After all, the title is repeated three times in 'He's Got The Whole World in His Arms.' Then for a closer, the line is used again. And my closing line was already written for me: 'Ask what you can do for your country.'"

The composer added a verse about "13 Puny Little Colonies" to be sung to the alternating snap-rattle of field drums, plus a Willsonesque rundown of American occupations.

All this was done in absolute secrecy. When he decided to introduce the song on the first of his three summer television specials, he held the music back from the cast until just before final rehearsal. The music business being what it is, he didn't want to risk pirating of the idea.

Joan Hackett Noted For Tears on Cue

NEW YORK (AP) — When a woman's role that demands a flood of tears turns up in a television dramatic series, one of the first names that pops into a director's mind is Joan Hackett.

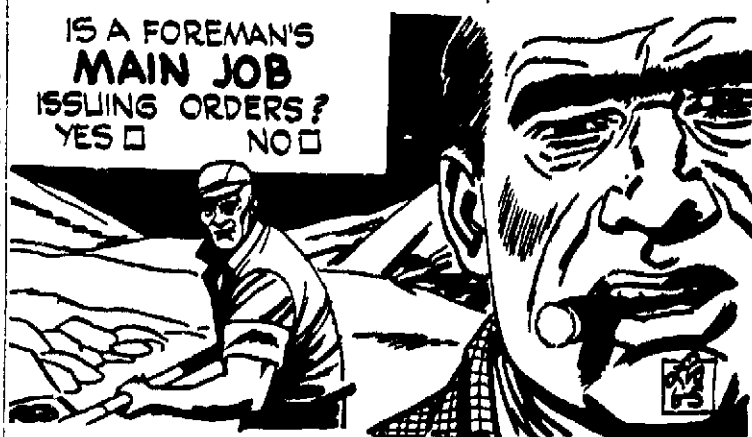

Joan, in spite of her ability to produce big, beautiful sad tears on cue, is a happy, ambitious and carefree young woman.

Her profitable and convincing weeping really started after the sudden end of what started out as a glorious television romance. Originally she was cast

Let's EXPLORE YOUR MIND

By Sylvanus M. Duval, Ph.D. and Evelyn M. Duval, Ph.D.

IS A FOREMAN'S MAIN JOB ISSUING ORDERS?
YES ☐ NO ☐

No. A number of careful studies show that foremen get along better if they let their men talk over a plan, see its good points and perhaps point out some of the plan's defects. But letting his men talk it over isn't enough. He must be able to help them see what's at stake, help shy workers with good ideas to express them clearly to others and, in short, be a good discussion leader.

Sex education belongs in the: Home _____ School _____

Both. The President's Commission on the Status of Women says specifically, "Women should have opportunity for education about sex and human relations as the fiancée of the younger lawyer in CBS' 'Defenders.' But after a couple of episodes had been shot of the then-new series, it was decided that a permanent romance would restrict the activities of character Kenneth Preston, so she disappeared with a stroke of the writer's pen.

Do 'Only' Children Feel Neglected? How does an only child adjust himself in a family-filled community? The answers to the preceding, and other valuable information for the parents of the only child can be found in the booklet, "The Only Child." It's yours for 25 cents and your name and address, mailed to: "Let's Explore Your Mind," c/o Appleton Post-Crescent.

Helble, Students Cited at AHS Awards Day

Scholarship Winners at Appleton High School are, from left in front, Bonnie Techlin, Hazel Duling Scholarship; Nancy Falcus, Appleton Memorial Hospital Medical staff scholarship; Carolyn Selle, Junior Chamber of Commerce Auxiliary scholarship, and Bonnie Krug, Memorial Hospital Auxiliary scholarship. In back, from left, are Ann Siewert, Memorial Hospital

Among the Top Award Winners at the Appleton High School awards day assembly Thursday morning are, standing from left, Robert Taggart, VFW Citizenship Award; Stephen Adams, Spector Trophy for the outstanding sophomore; Gary Hietpas, American Legion athletic award to an outstanding senior athlete

who also has a high scholastic standing, and Charles McKee, Marvin Babler Track Award to the varsity track member who scored the most points during the season. Seated are Christopher Dahl, winner of the Craftsmanship Shield for the outstanding senior, and Nancy Dafoe, VFW Auxiliary Citizenship Award.

Editor-in-Chief Bonnie Techlin presents the first copy of the 1964 "Clarion," Appleton High School yearbook, to Principal Herbert H. Helble. The "Clarion" this year was dedicated to Helble, who is retiring after 39 years as high school principal.

Winners of New Awards presented for the first time this year are, from left, Cheryl Voight, Future Medics scholarship; Kathryn McMahon, Heid Award to the outstanding band student; Lyle Kleman, Lutheran Brotherhood scholarship, and Diane Sharp, Home Arts Club scholarship.

"Pattern of Stardust" awards winners are, from left in front, Deborah Baker, translation; Nancy De Leest, humorous poetry, and Christine Fourness, book review, and in back, Robert Zilske, formal essay; Ken Bland, serious poetry; Peter Berryman, informal essay, and James Miller, short story. "Patterns" is the student literary magazine.

Malcolm McIntyre and Linda Lhost write comments for future reminiscing in the 1964 "Clarion," Appleton High School yearbook. The annuals are distributed after the awards day assembly and the "signature party" crowding the school halls brings the school year to a conclusion.

Herbert H. Helble, retiring after 39 years as Appleton High School principal, was the first recipient of the new Herbert H. Helble Educators Award, established by the student council to honor persons who have made outstanding contributions to education. Robert Taggart, student council president, presents the surprise award to Helble.

More Than 530 students graduated from Appleton High School Thursday evening. In accepting the graduating class, Supt. of Schools Royce E. Kurtz said he is gratified by the increasing number of students who are completing high school. Part of the large class is shown in the photo at right.

The Five Top Students in the Class of 1964 and a state college president were the main speakers at the Appleton High School commencement. From left in the photo at right are Ronald Kirk, Ann Brummund, Dr. Leonard Haas, president of Wisconsin State College-Eau Claire, Paul Kindem and Steven Hubin. The students presented a symposium on "Understanding Through Education."

Need Brains to Adopt Child; None Necessary to Reproduce

BY ANN LANDERS

DEAR ANN LANDERS: I've read many letters in your column which seemed to be extraordinary, but the one from the woman who faked pregnancy was the living end. Tying a sofa cushion around her middle is one kind of idiocy, but the fact that she was able to fool him for five months is proof that he, too, must be a loon.

Really, now, Ann, if her hus-

Sailor's Knot Not Enough for Marriage Tie

WASHINGTON (AP) — The Seafarers' Union has a word of warning for lovers who think it would be romantic to get married at sea: "The ocean-bound wedding may be more romantic than binding."

Couples who get ship captains tie the marital knot in the middle of the ocean may find themselves still legally at sea when they return to port, says an article in the union's "Seafarers' Log."

The maritime trades department in AFL-CIO headquarters here said it didn't know if some of its sailor members had been having trouble following ship-board marriages.

But whatever prompted the article, it hinted it virtually takes an international lawyer to be certain a seagoing marriage is legal.

Better Check Laws

"Lovestruck couples involved in such an at-sea idyll would do well to check the laws of the nation whose flag the ship flies and also take a look at the laws of the state of the vessel's port of registry before they decide to ask the ship's captain to tie the knot," it said.

The article cautions: "Contrary to popular belief, the captain of a ship has no special authority to merge ocean-bound lovers."

If the ship is registered in New York, for instance, "state law may well consider the marriage to be null and void" because it specifically excludes ship captains as legal match-makers.

In states that do not specifically forbid the captain to play cupid, a couple may have a valid common law marriage.

While federal law requires the captain of every ship making a voyage between U.S. and foreign ports to officially log "every marriage taking place on board," it doesn't necessarily mean the skipper has the authority to perform the ceremony, the article said.

AHS Future Medics Name New Officers

Silva Manogue has been elected president of the Future Medics Club of Appleton High School for next year.

Other officers named were Shirley Boehler, vice president; Mary Kulhavy, secretary; Rosemarie Shawyer, treasurer; Kathleen Shepard, publicity; and Daniel Rettler, sergeant-at-arms.

Merit awards were given to one member of each class from the club membership. Recipients were senior Lynn Harder, junior Silva Manogue, and sophomore Ann Fargo.

Faculty advisers are Miss Carolyn Schull, home economics teacher, and Mrs. Vi Wochoski, school nurse.

band can't tell chicken feathers from chicken fat he is just too blamed dumb to be a father. Between you and me and your 30 million readers, maybe it is best that there is no baby on the way. — Richard B.

Dear Richard: Your statement that "he is too blamed dumb to be a father" is interesting, since this is one achievement which requires no brains whatever.

I agree that both these characters sound as if they don't have one working brain cell between 'em which is why I did not recommend adoption.

DEAR ANN LANDERS: Will you settle something? Last night I was out with a gentleman. As we alighted from a taxi he spotted a quarter on the floor of the cab. He didn't think I saw him pick the coin up and slip it into his pocket. I decided not to let him get away with it and told him straight away that he should have given the quarter to the driver. He became defensive and insisted that the quarter did not belong to the driver — that it had most assuredly dropped out of the pocket of a previous fare.

This man is a lawyer and I wish you could have heard the case he built for himself — "possession is nine points of the law, etc." It was ridiculous. Will you please size up the situation and tell me how it looks to you? — Kate

Dear Kate: The quarter may have been dropped by a previous fare, but one thing is certain, it did not belong to your legal eagle.

Tell the Last of The Red Hot Spenders that he wins the Skinfint Award for the month of June — Cheapskate Division.

DEAR ANN LANDERS: Please don't think I'm a screwball because I'm using this bright orange paper. I want to attract your attention.

My husband and I have been married 25 years. He is well-educated, intelligent, and

Princess Wed In Stockholm

BY DICK SODERLUND
STOCKHOLM (AP) — Princess Desiree, 26-year-old granddaughter of Swedish King Gustav VI, was married today to Baron Nicolas Silfverschiold, a 30-year-old estate owner.

Desiree's older sister, Princess Margaretha is to marry a British Commoner, John Ambler June 30.

The tall, bespectacled King led his brunette granddaughter up the aisle of the old storkyrkan — the great church. She wore the white satin dress her sister Birgitta wore for her wedding two years ago to German Prince Johan Georg Hohenzollern.

On the bride's head was a golden tiara that once belonged to Queen Josephine, the French Bernadotte family's first queen, after it took the Swedish throne.

All three of Desiree's sisters were present for the wedding. The youngest, Christina, returned last month from a year at Radcliffe College.

The most prominent guest for the wedding was Queen Ingrid of Denmark. King Gustav's daughter.

Desiree's father was killed in a plane crash in 1947. Her brother, Crown Prince Carl Gustav, is heir to the throne.

I am ashamed to have friends over because of the way our yard looks. Our children are ashamed, too. I have pleaded with my husband but he is deaf on the subject. If I throw anything out there is war.

You seem to have the answers for so many people. Can you help me? — Desperate

Dear Desperate: No man has the right to turn his home and yard into a junk heap. Give your husband precisely one week to get rid of the trash and put the things he wants in the basement. After that throw out everything he hasn't set aside and let him declare war if he wants to. It will be worth it.

Treasure Hunt Event of Day At Ridgeway

Mrs. Vyler Dennis, Mrs. Carl Koletzke and Mrs. Robert Dow-club, after which West can still give East the club ruff. This day at Ridgeway Golf Course, defense defeats the contract. South make it.

The point is that East must signal only for what he wants, not merely to give his partner useless information. A defender must avoid playing a high card when he wants a switch rather than a continuation.

Daily Question
As dealer, you hold: S J H 10 9 3 D 9 6 4 C A K Q 7 5 3. What do you say?

Answer: Pass. The hand is not quite worth an opening bid despite the excellence of the club suit. There would be some excuse for opening the bidding if your long suit were spades or hearts.
